## Shoal Point Abandons Mount Evans Well

(Vancouver) – Mark Jarvis, CEO of Shoal Point Energy Ltd. (CSE: SHP) announced today that Shoal Point and its partners have elected to plug and abandon the Wells Trust #1 – 1 at the Mount Evans project in Kansas at a total depth of 4,415 feet.

Shoal Point has a 65% working interest in the project and privately held Shelby Resources has a 35% working interest.

“The Mount Evans project has proved to be a real disappointment,” said Mr. Jarvis. “However, we think Kansas is a great jurisdiction and we intend to pursue other opportunities in the state. We will keep shareholders informed about further developments.”
