Responsibility for Financial Statements

The accompanying financial statements for Century Financial Capital Group Inc. have been prepared by management in accordance with International Financial Reporting Standards (“IFRS”). These statements are presented on the accrual basis of accounting. Accordingly, a precise determination of many assets and liabilities is dependent upon future events. Therefore, estimates and approximations have been made using careful judgment. Recognizing that the Corporation is responsible for both the integrity and objectivity of the financial statements, management is satisfied that these financial statements have been fairly presented.

Auditor Involvement

The independent auditor of Century Financial Capital Group Inc. has not performed a review of the unaudited financial statements for the six months ended February 28, 2013 and February 29, 2012.

Notes to Condensed Interim Financial Statements
Three Months Ended February 28, 2013
(Prepared by Management)
(Unaudited)

1. BASIS OF PREPARATION AND FIRST-TIME ADOPTION OF IFRS

These are the Company's condensed interim financial statements prepared in accordance with IAS 34 Interim Financial Reporting ("IAS 34").

The Board of Directors approved these condensed interim financial statements on April 25, 2013.

The Company has consistently applied the same accounting policies from the opening IFRS statement of financial position as at September 1, 2010 (the Company's "Transition Date") and throughout all periods presented, as if these policies had always been in effect. These condensed interim financial statements should be read in conjunction with the Company's annual financial statements.

2. SHARE CAPITAL

By Articles of Amendment dated June 24, 2011, the Company's Class A preference shares shall automatically be converted into fully paid common shares of the Company upon the completion of a transaction, or series of transactions, that results in change of control of the Company.

The resolution authorizing the amendment was approved at a special meeting of the Class A preference shareholders held on June 15, 2011.

By Articles of Amendment dated October 17, 2011, the Company's Class A preference shares shall automatically be converted to fully paid common shares of the Company by a unanimous resolution of the Board of Directors, not earlier than October 14, 2011.

The resolution authorizing the amendment was approved at a special meeting of the Class A preference shareholders held on October 5, 2011.

Convertible Class A preference shares are convertible into common shares of the Corporation at any time at the option of the holder on the basis of 5 common shares for each Class A preference share held and were converted during the period.

3. BASIC AND DILUTED LOSS PER SHARE

Basic loss per share is computed by dividing the loss for the period by the weighted average number of common shares outstanding during the period. Diluted loss per share is the same as basic loss per share.

4. RELATED PARTY TRANSACTIONS

The Corporation entered into a management agreement on March 1, 2002 with a private Company to provide management and consulting services. The Corporation initially agreed to pay \$2,000 per month for these services. Effective March 1, 2004 the fee increased to \$4,000 per month. The management agreement does not have an expiry date but it may be cancelled by either party on sixty days written notice.

During the period the Corporation accrued nil (2012 - \$24,000) in management fees. As at February 28, 2013, the Company has a balance due to the private company for a total of \$130,852 (2012 - \$85,880).

The private Company is owned by the spouse of one of the directors. The amount paid was agreed to by the parties.
