1. ACCOUNTING POLICIES

The unaudited financial statements have been prepared in accordance with Canadian generally accepted accounting principles for interim financial information. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three month period ended November 30, 2010, may not necessarily be indicative of the results that may be expected for the year ending August 31, 2010.

The balance sheet at November 30, 2010 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by Canadian generally accepted accounting principles for complete financial statements. The interim financial statements have been prepared by management in accordance with the accounting policies described in the Corporation's annual financial statements for the year ended August 31, 2010. For further information, refer to the financial statements and notes thereto included in the Corporation's annual financial statements for the year ended August 31, 2010.
