

# FSD Pharma Receives Standard Processing License

TORONTO, Feb. 19, 2019 /CNW/ - FSD Pharma Inc. ("FSD Pharma" or the "Company") (CSE: HUGE) (OTC: FSDDF) (FRA: 0K9) announced today that its wholly-owned subsidiary, FV Pharma Inc. ("FV Pharma"), a licensed cannabis producer under the *Cannabis Act*, has received its Standard Processing License (the "Processing License"). According to Health Canada's new *Cannabis Act* regulations, the Processing License is required for any facility that is processing more than the equivalent of 600 kg of dried flowers per year.

Dr. Raza Bokhari, Executive Co-Chairman and Interim CEO, stated, "This is a milestone for our Company and is welcome news for our Cobourg facility. Receiving the Processing License allows the Company to begin packaging cannabis for inspection by Health Canada. Effectively, this is the next step to applying for a pre-sale inspection, which we expect will be scheduled very soon. With the pre-sale inspection just around the corner, we anticipate receiving our sales license and begin generating a revenue stream."

## About FSD Pharma

FSD Pharma is focused on the development of the highest quality indoor grown, pharmaceutical grade cannabis and on the research and development of novel cannabinoid-based treatments for several central nervous system disorders, including chronic pain, fibromyalgia and irritable bowel syndrome. The Company has 25,000 square feet available for production at its Ontario facility with an additional 220,000 square feet currently in development (with an estimated cost of \$250 per square foot to be completed in 2019).

FSD facilities sit on 72 acres of land with 40 acres primed for development and an expansion capability of up to 3,896,000 square feet.

FSD's wholly-owned subsidiary, FV Pharma, is a licensed producer under the *Cannabis Act* and Regulations, having received its cultivation license on October 13, 2017. FV Pharma's vision is to transform its current headquarters in a Kraft plant in Cobourg, Ontario into the largest hydroponic indoor grow facility in the world. FV Pharma intends to cover all aspects of this exciting new industry, including cultivation, legal, processing, manufacturing, extracts and research and development.

## Forward-Looking Information

Neither the Canadian Securities Exchange nor its regulation services provider accept responsibility for the adequacy or accuracy of this release.

Certain statements contained in this press release constitute forward-looking information. These statements relate to future events or future performance. The use of any of the words "could", "intend", "expect", "believe", "will", "projected", "estimated" and similar expressions and statements relating to matters that are not historical facts are intended to identify forward-looking information and are based on the company's current belief or assumptions as to the outcome and timing of such future events. Actual future results may differ materially. In particular, this release contains forward-looking information relating to the development of the company's indoor cannabis facility and its business goals and objectives. The forward-looking information contained in this press release is made as of the date hereof, and the company is not obligated to update or revise any forward-

looking information, whether as a result of new information, future events or otherwise, except as required by applicable securities laws. Because of the risks, uncertainties and assumptions contained herein, investors should not place undue reliance on forward looking-information. The foregoing statements expressly qualify any forward-looking information contained herein.
