

Glow LifeTech Announces Upgrade to OTCQB Under Ticker 'GLWLF'

Toronto, Ontario--(Newsfile Corp. - August 16, 2021) - **Glow LifeTech Corp.** (CSE: GLOW) (OTCQB: GLWLF) (FSE: 9DO) ("**Glow**" or the "**Company**"), a biotech company focused on producing next-generation, science-backed natural ingredients, is pleased to announce that after successfully completing the application process, the Company has received approval from OTC Markets Group Inc. for its common shares to begin trading on the OTCQB Market ("**OTCQB**") under the symbol "GLWLF". The Company's common shares will remain listed on the CSE in Canada under the ticker symbol "GLOW" and on the FSE under the ticker symbol "9DO".

OTC Markets Group Inc.¹, located in New York, N.Y., operates the world's largest electronic inter-dealer quotation system for broker dealers to trade over 10,000 securities. The OTCQB is a transparent trading platform that offers a cost-effective method for United States investors to access GLOW's securities. GLOW's quotation and trading on the OTCQB provides investors the opportunity to benefit from streamlined market standards which enhance the availability of information to the general public, enabling greater transparency. North American and international investors can find Real-Time level 2 quotes (denominated in US dollars) and market information for Glow LifeTech common shares at <https://www.otcm Markets.com/stock/GLWLF/news> along with current company news.

The Company would like to thank Nauth LPC who advised Glow in relation to the OTCQB application process.

Forward-looking Information Cautionary Statement

Except for statements of historic fact, this news release contains certain "forward-looking information" within the meaning of applicable securities law. Forward-looking information is frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate" and other similar words, or statements that certain events or conditions "may" or "will" occur. Forward-looking statements are based on the opinions and estimates at the date the statements are made, and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ

materially from those anticipated in the forward-looking statements including, but not limited to delays or uncertainties with regulatory approvals, including that of the CSE. There are uncertainties inherent in forward-looking information, including factors beyond the Company's control. There are no assurances that the commercialization plans for the technology described in this news release will come into effect on the terms or time frame described herein. The Company undertakes no obligation to update forward-looking information if circumstances or management's estimates or opinions should change except as required by law. The reader is cautioned not to place undue reliance on forward-looking statements. Additional information identifying risks and uncertainties that could affect financial results is contained in the Company's filings with Canadian securities regulators, which filings are available at www.sedar.com.
