SOLICITATION OF PROXIES

This Circular is furnished in connection with the solicitation of proxies by the Management of Plaintiff for use at the Meeting of the Shareholders of the Company (and any adjournment thereof) to be held on Thursday, September 6, 2012 the hour of 2:00 p.m. (Ottawa time) at the Company's facilities at 10 Didak Drive, Arnprior, Ontario K7S 0C3. While it is expected that the solicitation by or on behalf of Management will be primarily by mail, proxies may also be solicited personally or by telephone by the directors and/or officers of the Company. All costs of solicitation will be borne by the Company.

THE PERSONS SPECIFIED IN THE ENCLOSED FORM OF PROXY ARE AUTHORIZED REPRESENTATIVES OF THE COMPANY. EACH SHAREHOLDER HAS THE RIGHT TO APPOINT AS PROXYHOLDER A PERSON OR COMPANY (WHO NEED NOT BE A SHAREHOLDER OF THE COMPANY) TO ATTEND, ACT AND VOTE FOR SUCH SHAREHOLDER AT THE MEETING OTHER THAN THOSE NAMED IN THE ENCLOSED FORM OF PROXY.

A person or company whose name appears on the books and records of the Company as a holder of Common Shares is a registered shareholder. A non-registered shareholder is a beneficial owner of Common Shares whose shares are registered in the name of an intermediary (such as a bank, trust company, securities dealer or broker, or a clearing agency in which an intermediary participates).

Registered Shareholders

A registered shareholder can vote Common Shares owned by it at the Meeting in one of two ways – either in person at the Meeting or by proxy. A registered shareholder who wishes to vote in person at the Meeting should not complete or return the form of proxy included with this Circular. A shareholder desiring to appoint some person other than those named in the enclosed form of proxy to represent such shareholder at the meeting may do so either by inserting such person's name in the blank space provided in the enclosed form of proxy and striking out the names of the two specified persons or by completing another proper form of proxy and, in either case, delivering the completed proxy to the Company, c/o Computershare Investor Services Inc., the Company's Registrar and Transfer Agent, at 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1 (Fax: (866) 249-7775 or (416) 263-9524), **no later than 5:00 p.m. (Ottawa time) on Tuesday September 4, 2012 or not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding any adjournment or adjournments of the Meeting.**

Non-Registered Shareholders

In the case of non-registered shareholders who receive these materials through their broker or other intermediary, the shareholder should complete and send the form of proxy in accordance with the instructions provided by their broker or other intermediary. To be effective, a proxy must be received by Computershare Investor Services Inc. no later than 5:00 p.m. (Ottawa time) on Tuesday September 4, 2012 or not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding any adjournment or adjournments of the Meeting.

The Company has distributed copies of the form of proxy, Circular and the Company's annual report to shareholders (the "Meeting Materials") to intermediaries for distribution to nonregistered Shareholders. Unless you have waived your right

to receive the Meeting Materials, intermediaries are required to deliver them to you as a non-registered Shareholder of the Company and to seek your instructions on how to vote your common shares. Typically, a non-registered Shareholder will be given a voting instruction form which must be completed and signed by the non-registered Shareholder in accordance with the instructions on the form. The purpose of these procedures is to allow non-registered shareholders to direct the voting of those shares that they own but which are not registered in their own name.

Please note that the Company has limited access to the names of its non-registered Shareholders. If you attend the Meeting, the Company may have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxy holder. If you are a non-registered Shareholder and wish to attend and vote in person at the Meeting, you must insert your own name in the space provided for the appointment of proxy holder on the voting instruction form and carefully follow the instructions for return of the executed form. Do not otherwise complete the form as your vote will be taken at the Meeting. Please register with the Company's transfer agent, Computershare Investor Services Inc., upon arrival at the Meeting.

Proxies returned by intermediaries as "non-votes" because the intermediary has not received instructions from the non-registered shareholder with respect to the voting of shares will be treated as not entitled to vote on any such matter and will not be counted as having been voted in respect of any such matter. Shares represented by intermediary "non-votes" will, however, be counted in determining whether there is a quorum.

APPOINTMENT OF PROXYHOLDER

A vote at the Meeting may be given in person or by proxy. The person named in the Form of Proxy enclosed with this Circular is a director of the Company with the alternate being the Corporate Secretary of the Company. A Shareholder desiring to appoint some other person (who need not be a Shareholder) to represent him or her at the Meeting may do so, either by inserting such person's name in the blank space provided in the Form of Proxy and striking out the other name or by completing another proper form of proxy and, in either case, delivering the completed Form of Proxy to Computershare Investor Services Inc., at 100 University Avenue, 9th Floor, South Tower, Toronto, Ontario, M5J 2Y1. A proxy will not be valid unless it is received by Computershare, in properly completed form, no later than 5:00 p.m. (Ottawa time) on Tuesday September 4, 2012 or not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding any adjournment or adjournments of the Meeting. The proxy ceases to be valid one year from its date.

If a Shareholder has properly filled out, signed and delivered a Form of Proxy, then its proxyholder can vote such shareholders' shares at the Meeting. All shares represented at the Meeting by properly executed proxies will be voted or withheld from voting in accordance with the Shareholder's instructions on any ballot that may be called for and, where the Shareholder specifies a choice with respect to any matter to be acted upon, the shares represented by the proxy will be voted accordingly.

If a Shareholder does not specify how the shares represented by his or her proxy are to be voted on any matter to be acted upon, then his or her proxyholder may vote such shares as he or she sees fit. The individuals named in the accompanying Forms of Proxy will vote the shares in respect of which they are appointed in accordance with the direction of the Shareholder appointing them. **If no choice is specified by a shareholder in a proxy, it is intended that the person designated by management or by yourself in the accompanying form of proxy will vote the shares represented by the proxy in favour of each matter identified on the form of proxy including for the nominees of management for Directors and auditors.**

The Form of Proxy confers discretionary authority with respect to amendments or variations to matters identified in the Notice of Meeting and other matters which may properly come before the Meeting. At the date hereof, Management of the Company is not aware of any other matters to come before the Meeting. Any amendment, variation or other matter which is not known to Management which may properly come before the Meeting will be voted upon by the proxies hereby solicited in accordance with the best judgment of the person or persons voting such proxies. The shares represented by the proxy will be voted on any ballot that may be called for (unless the Shareholder has directed otherwise).

REVOCATION OF PROXY

A Shareholder giving a proxy has the power to revoke it. A proxy given pursuant to this solicitation may be revoked pursuant to Section 148(4) of the CBCA: (i) by instrument in writing, executed by the Shareholder or by the Shareholder's attorney authorized in writing and deposited with Computershare, 100 University Avenue, 9th Floor, South Tower, Toronto, Ontario, M5J 2Y1 at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used; (ii) by delivering the revocation prior to voting to the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof; or (iii) in any other manner permitted by law.

VOTING SHARES AND RECORD DATE

The Company is authorized to issue an unlimited number of Common Shares and an unlimited number of Class A Preferred Shares. As at the date of this Circular, there were issued and outstanding 12,925,253 Common Shares, the holders of which are entitled to one vote for each share held. The Company has no other classes of voting securities. As of the date of this circular there are 18,325 Class A Preferred Shares which are issued and outstanding. The Class A Preferred Shares are non-voting. A simple majority of the votes held by the holders of Common Shares cast at the Meeting, whether in person, by proxy or otherwise, will constitute approval of any matter submitted to a vote. The Board of Directors has fixed the close of business on July 27, 2012 (the "**Record Date**") as the record date for the purpose of determining Shareholders entitled to receive a Notice of Meeting but the failure of any Shareholder to receive a Notice of Meeting does not deprive the Shareholder of a vote at the Meeting. If a person has acquired shares of the Company after the Record Date, that person is entitled to vote those shares at the Meeting upon producing properly endorsed share certificates, or otherwise establishing share ownership, and demanding the inclusion of his or her name on the list of Shareholders not later than ten (10) clear days before the date of the Meeting.

PRINCIPAL SHAREHOLDERS

- (d) each individual who would be a Named Executive Officer under paragraph (c) but for the fact that the individual was neither an executive officer, nor acting in a similar capacity at March 31, 2012.

During the financial year ended March 31, 2012, the Company had four (4) Named Executive Officers: William David Watson II, President and Chief Executive Officer, Lynn Saunders, Chief Financial Officer, William David Watson, Chairman and Vice President Business, Mergers and Acquisitions, and William Vangoor, President Specialty Structures Division.

The objective of the disclosure set out below is to communicate to shareholders the compensation arrangements the board of directors intended the Company (“**Board of Directors**” or “**Board**”) to pay to its President and Chief Executive Officer and directors for the financial year ended March 31, 2012, to provide insight into executive compensation as a key aspect of the overall stewardship and governance of the Company and to inform shareholders as to how decisions about executive compensation matters relating to the Company are made.

Compensation Discussion and Analysis

Compensation, Philosophy and Objectives

The Company has not yet established a formal compensation program. On advice from time to time given by the Compensation and Corporate Governance Committee, the Board of Directors meets to discuss and determine compensation for the President and Chief Executive Officer, without reference to formal objectives, criteria or analysis. The President and Chief Executive Officer of the Company is responsible for determining the compensation arrangements for the balance of the employees, including other senior management, of the Company. The Compensation

and Corporate Governance Committee is currently comprised of two independent directors, namely Jerry Vickers and Girvan Patterson, and William David Watson II, the President and Chief Executive Officer of the Company.

Each Compensation and Corporate Governance Committee member has a general business background, senior management experience and involvement with other companies (see their biographical information appearing elsewhere in this Circular under the heading “**Election of Directors**”) which is relevant to his responsibilities as a member of the Compensation and Corporate Governance Committee.

The responsibilities, powers and operation of the Compensation and Corporate Governance Committee are set out in its written charter. The Compensation Committee is generally responsible for, among other things:

- reviewing and making recommendations to the Board of Directors with respect to the appointment, compensation and other terms of employment of the President and Chief Executive Officer;
- reviewing and making recommendations to the Board of Directors with respect to the Company’s compensation principles, policies and plans for the President and Chief Executive Officer;
- reviewing and making recommendations to the Board of Directors with respect to the compensation arrangements for members of the Board of Directors;
- reviewing, administering and interpreting equity-based compensation plans and making recommendations to the Board of Directors with respect to the grant of compensation thereunder;
- providing risk oversight of the Company’s compensation policies and practices and identifying and mitigating compensation policies and practices that could encourage inappropriate or excessive risk taking by the President and Chief Executive Officer; and
- reviewing and approving certain compensation disclosures prior to their public release.

The Compensation and Corporate Governance Committee has the ability to consult as needed with outside compensation consultants and/or advisors when reviewing the compensation program for the President and Chief Executive Officer of the Company.

The general objectives of the Company’s compensation strategy are to (a) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long term shareholder value; (b) align management’s interests with the long term interest of shareholders; (c) provide a compensation package that is commensurate with other companies that are in the same industry as the operating divisions of the Company (Electronics and Specialty Structures) to enable the Company to attract and retain talent; and (d) to ensure that the total compensation package is designed in a manner that takes into account the constraints that the Company is under by virtue of the fact that its is a venture issuer without a long history of positive earnings.

Role of Executive Officers in Compensation Decisions

The Board, as a whole, following receipt of recommendations from the Compensation and Corporate Governance Committee, ensures that the total compensation paid to the President and Chief Executive Officer, is fair and reasonable. The Board relies on the experience of Company management and its members as officers and directors of other companies in assessing compensation levels. The President and Chief Executive Officer of the Company is responsible for ensuring that total compensation paid to the other employees, including senior management, of the Company is fair and reasonable. The President and Chief Executive Officer of the Company is also a member of the Compensation and Corporate Governance Committee.

Compensation-related Risks

The Board of Directors provides regular oversight of the Company’s risk management practices with respect to compensation policies and practices, and to identify and mitigate compensation policies and practices that could encourage inappropriate or excessive risks by the President and Chief Executive Officer. The Compensation and Corporate Governance Committee has reviewed the risks associated with the Company’s compensation policies and practices for its President and Chief Executive Officer and has not identified any risks from the Company’s compensation policies or practices that are likely to have a material adverse effect on the Company. The Compensation and Corporate Governance Committee and the Board of Directors have concluded that the Company has policies and

practices to ensure that the President and Chief Executive Officer does not have incentives to take inappropriate or excessive risks, including the following:

- an appropriate mix of fixed and variable compensation is employed;
- the Board of Directors and the Compensation and Corporate Governance Committee have discretion to determine the amount, if any, of awards pursuant to the Company's variable short-term incentive programs, with awards historically only being made out of the Company's operating profits;
- annual incentive awards are not determined until the completion of the audit of the Company's consolidated annual financial statements by the Company's independent auditors;
- the Company has an organizational culture of prudent risk-taking with a practice of promoting from within the organization; and
- the Compensation and Corporate Governance Committee is comprised of a majority of independent directors.

Analysis of Elements

Certain of the Named Executive Officers have received bonus payments during fiscal 2012 while others have deferred a significant portion of their salary. Reference is made to the "Summary Compensation Table" set out below.

The Company generally considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Company to reward each Named Executive Officer's efforts to increase value for shareholders without requiring the Company to use cash from its treasury. Stock options are generally awarded to directors, officers, consultants and employees at the commencement of employment and periodically thereafter. The terms and conditions of the Company's stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Company's stock option plan (the "**Stock Option Plan**") and are determined by the Board as a whole.

Long Term Compensation and Option Based Awards

The Company has no long term incentive plans other than the Stock Option Plan. The Company's directors, officers, consultants and employees are entitled to participate in the Stock Option Plan. The Stock Option Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and other employees. The Board believes that the Stock Option Plan aligns the interests of the Named Executive Officer and the Board with shareholders by linking a component of executive compensation to the longer term performance of the Company's common shares. Options are granted by the Board of Directors. In monitoring or adjusting the option allotments, the Board takes into accounts its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the Name Executive Officers and the Board. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board also makes the following determinations:

- parties who are entitled to participate in the Stock Option Plan;
- the exercise price for each stock option granted;
- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- the other material terms and conditions of each stock option grant; and
- any re-pricing or amendment to a stock option grant.

The Board makes these determinations subject to and in accordance with the provisions of the Stock Option Plan. The board of directors reviews and approves grants of options on an annual basis and periodically during a financial year.

Pursuant to the Company's Stock Option Plan, the Company's Board of Directors grants options to directors, officers, consultants and employees as incentives. The level of stock options awarded to a Named Executive Officer (as defined below) is determined by his or her position and his or her potential future contributions to the Company. The exercise price of stock options is determined by the Board of Directors but shall in no event be less than the trading price of the common shares of the Company on the Canadian National Stock Exchange (CNSX) at the time of the grant of the option.

No stock options were granted to the Named Executive Officers during the fiscal year ended March 31, 2012.

Long Term Incentive Plan (LTIP) Awards

The Company does not have any long-term incentive plans and, save as disclosed above, no remuneration payments were made, directly or indirectly, by the Company to its Named Executive Officers during the year ended March 31, 2012.

An LTIP means "any plan providing compensation intended to serve as an incentive for performance to occur over a period longer than one fiscal year whether performance is measured by reference to financial performance of the

Company or an affiliate or the price of the Company's shares but does not include option or stock appreciation rights plans or plans for compensation through restricted shares or units".

Incentive Plan Awards

The Company does not have any share-based awards.

The Company currently has in place a stock option plan for the purpose of attracting and motivating directors, officers, employees and consultants of the Company and advancing the interests of the Company by affording such person with the opportunity to acquire an equity interest in the Company through rights granted under the plan to purchase shares of the Company.

The Stock Option Plan is administered by the board of directors of the Company and provides that a majority of members of the board participating in any decisions as to a grant of options under the Stock Option Plan shall be persons who are not employees of the Company. Options may be granted at any time to any director, officer, service provider or employee (who shall be a full-time salaried) of the Company or its subsidiaries, taking into consideration, among other things, the past, present and potential contribution of a particular director, officer, service provider or employee to the success of the Company, the value of his or her services to the Company and any other factors which the Board of Directors may deem proper and relevant provided that a director to whom any option may be granted may not participate in the discussion of the Board of Directors to grant such option .

Subject to the provisions of the Stock Option Plan, the Board of Directors shall determine the time or times when options shall be granted, the number of Common Shares for which any option may be granted, the option exercise price at which Common Shares may be purchased under any option, the conditions, if any, to be satisfied before any option may be exercised and the expiry date of any option and cause the Company, subsequent to the grant of an option, to enter into an option agreement with each participant evidencing each option granted which shall incorporate such terms as the board of directors in its discretion deems consistent with the Stock Option Plan. The Stock Option Plan provides that the terms and conditions upon which an option is granted need not be the same for each participant.

The maximum term of any option granted under the Stock Option Plan is ten (10) years from the date of grant of the option. However, it is currently the Company's practice to grant options that expire five (5) years after the date of grant. The expiration of any option is accelerated if the optionee's employment or cessation of involvement with the Company terminates for any reason, other than for just cause, in which case the unexercised options granted to such optionee immediately terminate. Subject to different arrangements being made between the Company and an individual optionee, the Stock Option Plan provides that the optionee has 90 days from the date of termination, resignation, removal or discharge to exercise all existing options, except in the case of death of an optionee, in which case options may be exercised by the legal representative (or by the person or persons to whom the rights of the optionee have passed by will or operation of law) generally for a period of 180 days from the date of death. Other than on death, the options are non-transferable.

The maximum number of options that may be granted under the Stock Option Plan is 1,200,000, representing 9.3% of the currently issued and outstanding common shares of the Company. In addition, the number of Common Shares which may be reserved for issuance on the exercise of options granted under the Stock Option Plan and granted under any other arrangement to any one individual (including insiders of the Company) shall not exceed 5% of the issued and outstanding Common Shares of the Company (on a non-diluted basis) at the time of the grant.

The exercise price of an option is set by the Board of Directors at the time of grant, based upon the closing price, on the trading market that the Company's shares are then available to be traded or quoted, of the Common Shares on the last trading day prior to the date of the grant. Currently, the Company's Common Shares are traded on the Canadian National Stock Exchange (CNSX). Payment of the exercise price of an option may be made by cash, certified cheque or bank draft. The Stock Option Plan does not provide for any financial assistance to be provided to any optionee to facilitate the purchase of Common Shares.

The Board of Directors may suspend, amend or terminate the Stock Option Plan at any time without notice, provided that no outstanding option is adversely affected thereby unless the affected participant consents to such amendment. The further approval of the Shareholders is required only for amendments that increase the number of shares available for

issuance under the Stock Option Plan, that materially increase the benefits accruing to participants, or that materially change the class of persons eligible for the granting of options. As of July 31, 2012, the Company has issued and outstanding options to purchase 560,000 common shares, representing 4.3% of the issued and outstanding common shares of the Company, at an exercise price of \$0.12 per common share.

The following table discloses the particulars of the option-based awards granted and outstanding to the Named Executive Officers under the Company's stock option plan as at March 31, 2012:

The Company currently has six directors, two of which, William David Watson II and William David Watson, are also Named Executive Officers and management directors and are not entitled to director fees. The directors also receive incentive in the form of stock options, at the discretion of the Board of Directors, for serving as directors of the Company. The purpose of the cash fee and the granting of options is to assist the Company in compensating, attracting, retaining and motivating the directors of the Company and to align the personal interest of each of the directors to that of the Shareholders.

MANAGEMENT CONTRACTS

Except as otherwise disclosed in this Information Circular, management functions of the Company are generally performed by directors and senior officers of the Company and not, to any substantial degree, by any other person to whom the Company has contracted.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

The Company does not carry any directors' and officers' liability insurance.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

The Company must also, pursuant to the provisions of National Instrument 52-110 *Audit Committees* (“NI 52-110”), have a written charter which sets out the duties and responsibilities of its audit committee. In providing the following

disclosure, the Company is relying on the exemption provided under NI 52-110, which allows for the short form disclosure of the audit committee procedures of venture issuers.

The Audit Committee Charter

The Company's audit committee is governed by an audit committee charter, the text of which is attached as Appendix "A" to this Circular.

Composition of Audit Committee

The Company's audit committee is comprised of three directors, Girvan Patterson, Jerry Vickers and Robert Shea. As defined in NI 52-110, all of the members of the audit committee are "independent". All three audit committee members have the ability to read and understand financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements and are therefore "financially literate".

Relevant Education and Experience

All of the audit committee members are businessmen with experience in financial matters; each has an understanding of accounting principles used to prepare financial statements and varied experience as to the general application of such accounting principles, as well as the internal controls and procedures necessary for financial reporting, garnered from working in their fields of endeavour. See information regarding the background and experience of the audit committee members in "Election of Directors" in the section entitled "Matters to be Decided On".

Audit Committee Oversight

Since the commencement of the Company's most recently completed financial year, the Company's Board of Directors has not failed to adopt a recommendation of the audit committee to nominate or compensate an external auditor.

Reliance on Certain Exemptions

Since the commencement of the Company's most recently completed financial year, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

Pre-Approved Policies and Procedures

The audit committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Company's Board of Directors, and where applicable the audit committee, on a case-by-case basis.

Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on the exemption in Section 2.4 of NI 52-110 (*De Minimis Non-audit Services*), or an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110.

Exemption in Section 6.1 of NI 52-110

As the Company is a Venture Issuer it is relying on the exemption in Section 6.1 of NI 52-110 from the requirement of Parts 3 (Composition of the Audit Committee) and 5 (Reporting Obligations).

External Auditor Service Fees (By Category)

The aggregate fees billed by the Company's external auditors in each of the last two fiscal years for audit fees are as follows:

Financial Year Ending	Audit Fees (\$)	Audit Related Fees ⁽¹⁾ (\$)	Tax Fees ⁽²⁾ (\$)	All Other Fees ³ (\$)
2012	80,000	-	30,144	10,000
2011	78,000	-	21,650	8,815

- (1) Fees charged for assurance and related services reasonably related to the performance of an audit, and not included under "Audit Fees".
- (2) Fees charged for tax compliance, tax advice and tax planning services.
- (3) Fees for services other than disclosed in any other column.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 *Corporate Governance Guidelines* establishes a series of guidelines for effective corporate governance (the "**Guidelines**"). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. The National Instrument 58-101 *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices which disclosure is set out below.

The Board of Directors

The National Instrument defines an "independent director" as a director who has no direct or indirect material relationship with the Company. A "material relationship" is in turn defined as a relationship which could, in the view of the Board of Directors, be reasonably expected to interfere with such member's independent judgment. In determining whether a particular director is an "independent director" or a "non-independent director", the Board of Directors considers the factual circumstances of each director in the context of the Guidelines.

The Board of Directors is currently comprised of six (6) members, a majority of whom are "independent directors" within the meaning of the National Instrument. The four (4) independent directors are Girvan Patterson, Robert Shea, Jerry Vickers and the Hon. John Buchanan. The remaining two (2) directors are officers and employees of the Company and as such have material relationships with the Company and therefore are not independent.

The Chair of the Board of Directors, William Watson, is not an independent director. The Chair of the Company's Board of Directors is also the VP, Mergers and Acquisitions of the Company. The Board of Directors considers that this appointment is appropriate and beneficial to the Board of Directors, due to Mr. Watson's history and experience with the Company and its business and affairs.

The Board of Directors does not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. However, the independent directors are encouraged to request a meeting without the presence of the non-independent directors if they deem it appropriate.

Board Mandate

The Board of Directors is responsible for the overall stewardship of the Company. The Board discharges this responsibility directly and through delegation, as appropriate, of specific responsibilities to committees of the Board of Directors, the Chair and officers of the Company.

The Board of Directors has established two (2) permanent committees to assist with its responsibilities: (i) an Audit Committee and (ii) a Compensation and Corporate Governance Committee.

The Compensation and Corporate Governance Committee is also responsible for arranging continuing education for directors, as necessary, in order to ensure that directors maintain the skill and knowledge necessary to meet their obligations as directors.

Ethical Business Conduct

Although the Board of Directors has not adopted a written code of business conduct and ethics, the Board of Directors through open discussion encourages and promotes on an ongoing basis a culture of ethical business conduct.

In addition, in order to ensure independent judgment in considering transactions/agreements in which a director/officer has a material interest, all related party transactions are approved by the Board of Directors.

No informed person or proposed director of the Company and no associate or affiliate of the foregoing persons has or has had any material interest, direct or indirect, in any transaction since the commencement of the Company's most recently completed financial year or in any proposed transaction which in either such case has materially affected or would materially affect the Company or any of its subsidiaries.

- (d) the Company if it has purchased, redeemed or otherwise acquired any of the Company's securities, so long as the Company holds any of its securities.

- the Company’s compliance with legal and regulatory requirements related to financial reporting; and
- the independence and performance of the Company’s independent auditor.

The Committee shall also perform any other activities consistent with this Charter, the Company’s charter documents and governing laws as the Committee or Board deems necessary or appropriate.

The Committee shall consist of at least three directors. Members of the Committee shall be appointed by the Board and may be removed by the Board in its discretion. The quorum for a meeting of the Committee is a majority of the members who are not officers or employees of the Company or of an affiliate of the Company. With the exception of the foregoing quorum requirement, the Committee may determine its own procedures.

The Committee’s role is one of oversight. Management is responsible for preparing the Company’s financial statements and other financial information and for the fair presentation of the information set forth in the financial statements in accordance with generally accepted accounting principles (“**GAAP**”). Management is also responsible for establishing internal controls and procedures and for maintaining the appropriate accounting and financial reporting principles and policies designed to assure compliance with accounting standards and all applicable laws and regulations.

The independent auditor’s responsibility is to audit the Company’s financial statements and provide its opinion, based on its audit conducted in accordance with generally accepted auditing standards, that the financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Company in accordance with GAAP.

The Committee is responsible for recommending to the Board the independent auditor to be nominated for the purpose of auditing the Company’s financial statements, preparing or issuing an auditor’s report or performing other audit, review or attest services for the Company, and for reviewing and recommending the compensation of the independent auditor. The Committee is also directly responsible for the evaluation of and oversight of the work of the independent auditor. The independent auditor shall report directly to the Committee.

AUTHORITY AND RESPONSIBILITIES

In addition to the foregoing, in performing its oversight responsibilities the Committee shall:

7. Review the quality and appropriateness of the accounting policies and the clarity of financial information and disclosure practices adopted by the Company, including consideration of the independent auditor's judgment about the quality and appropriateness of the Company's accounting policies. This review may include discussions with the independent auditor without the presence of management.
8. Review with management and the independent auditor significant related party transactions and potential conflicts of interest.
9. Pre-approve all non-audit services to be provided to the Company by the independent auditor.
