### **Plaintree Systems Inc. announces profitable Fiscal 2015 Third Quarter results.**

Ottawa, Ontario, **February 27, 2015** – Plaintree Systems Inc. (**Plaintree, traded on CSE under the symbol NPT**).

#### Q3 2015 Results

Plaintree announced today that it has released its un-audited consolidated financial statements and related management discussion and analysis for the third quarter ended December 31, 2014.

During the first nine months of 2015, Plaintree realized revenues of \$15,408,009 compared to revenues of \$15,614,980 in the first nine months of fiscal 2014 and a net income after other income of \$394,628 compared to a net income of \$588,980 in the previous corresponding quarter. Net income consists of income from operations of \$13,237 and a gain on settlement of debt in the amount of \$381,391. At the end of December, an affiliate of Targa forgave a portion of the loan amounting to \$2,099,825 including accumulated interest in the amount of \$88,903 for a total of \$2,188,728. The estimated fair value of the forgiven debt totalling \$1,807,336 was recorded directly to shareholders' equity as a contribution to the Company while the difference in the amount of \$381,391 was recorded as a gain on settlement of debt in the statement of comprehensive income (loss).

#### **About Plaintree Systems**

**Plaintree** has two diversified product lines consisting of Specialty Structures and Electronics.

The Specialty Structures Division includes the former Triodetic Group with over 40 years of experience, is a design/build manufacturer of steel, aluminum and stainless steel specialty structures such as commercial domes, free form structures, barrel vaults, space frames and industrial dome coverings, Arnprior Fire Trucks Corp., a manufacturer of high end fire and emergency vehicles and the newly acquired Spotton Corporation, a design and manufacturer of high end custom hydraulic and pneumatic valves and cylinders.

The Electronics Division includes the legacy Hypernetics, Summit Aerospace USA Inc. and Plaintree free space optics (FSO) businesses.

Plaintree's FSO systems transmit data at high speeds using beams of light instead of traditional radio frequency which can suffer from congestion. Hypernetics was established in 1972 and is a manufacturer of avionic components for various applications including aircraft antiskid braking, aircraft instrument indicators, solenoids, high purity valves and permanent magnet alternators. Summit Aerospace USA Inc. provides high precision machining to the aerospace and defense markets. Our facility includes 5 axis CNC precision machining of complex castings and large ring parts such as turbine and assembly shrouds as well as assembly & pressure seals. Summit will support requirements from concept, prototype and throughout production.
