

Plaintree Systems Inc. Announces First Quarter Fiscal 2021 Results

Arnprior, Ontario (August 23, 2021) – Plaintiff Systems Inc. (CSE: NPT) (“Plaintree” or the “Company”).

Quarterly Statements for the First Quarter of Fiscal 2021 ending June 30, 2021.

Plaintree announced today that it has released its unaudited interim consolidated financial statements and related management discussions and analysis for the three months ending June 30, 2021.

During the first three months of fiscal 2022 ending June 30 2021, Plaintiff realized revenues from operations of \$3,643,370 comparable to \$2,671,774 for the same period in fiscal 2021.

Net income was \$262,145 in the three month period ending June 30, 2021 as compared to net income of \$350,055 for the same period a year earlier.

“Covid related Government support is tapering off around the world and despite this Plaintiff’s financial performance continues to improve and we have just finished another profitable quarter.” said David Watson CEO. “Our greatest challenge are our supply chains with critical components escalating in price and with much longer delivery lead times.”

About Plaintiff Systems

Plaintree has two diversified product lines consisting of Specialty Structures and Electronics.

The Specialty Structures Division includes the former Triodetic Group with over 40 years of experience, is a design/build manufacturer of steel, aluminum and stainless steel specialty structures such as commercial domes, foundations for unstable soil conditions and flood zones, for free form structures, barrel vaults, space frames and industrial dome coverings and Spotton Corporation, a design and manufacturer of high end custom hydraulic and pneumatic valves and cylinders.

The Electronics Division includes the legacy Hypernetics and Summit Aerospace USA Inc. businesses. Hypernetics was established in 1972 and is a manufacturer of avionic components for various applications including aircraft antiskid braking, aircraft instrument indicators, solenoids, high purity valves and permanent magnet alternators. Summit Aerospace USA Inc. provides high precision machining to the aerospace and defense markets. Our facility includes 5 axis CNC precision machining of complex castings and large ring parts such as turbine and assembly shrouds as well as assembly & pressure seals. Summit will support requirements from concept, prototype and throughout production.
