## **About Global Tactical Metals Corp.**

Global Tactical Metals Corp. is focused on acquiring, exploring, and advancing mineral properties that address critical resource needs in North America. The company holds a 100% interest in the St. Anthony Property, a highly prospective mineral asset in Newfoundland, Canada, positioned in a region known for its rich mineral potential.

The company has also significantly expanded its exploration portfolio with a substantial land package staked in Darling Township, southeastern Ontario—approximately 300 km east-northeast of Toronto. This property, now exceeding 1,400 hectares, targets critical mineral exploration with a primary focus on antimony, a vital element for renewable energy, defense, and electronics industries.

In addition, Global Tactical Metals Corp. has extended its strategic footprint into the United States by staking the Green Mine, a past-producing antimony deposit in Nevada, further strengthening its commitment to securing critical mineral resources.
