NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

FOR THE THREE AND NINE MONTH PERIOD ENDED JANUARY 31, 2025

UNAUDITED

(Expressed in Canadian dollars)

1. Nature of Operations and Going Concern:

American Critical Elements Inc. is a public company continued under the laws of the Province of Ontario and its principal business activity is the exploration of its mineral properties. On September 19, 2022 the Company filed articles of amendment to change its name to American Critical Elements Inc. to better reflect the fact that the Company is exploring for critical minerals. The Company is considered to be in the development stage, is in the process of exploring critical mineral properties in Canada and has not yet determined whether these properties contain economic reserves. At January 31, 2025 the Company had working capital in the amount of \$104,589 (April 30, 2024 - \$132,118).

These unaudited condensed consolidated financial statements have been prepared on the basis of accounting principles applicable to a going concern, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of operations, adverse conditions could cast doubt upon the validity of this assumption. In order to meet its corporate and administrative obligations for the coming year the Company will be required to raise funds through debt or equity financing's. Although the Company has been successful in raising funds in prior years through debt and equity financing's, there is no certainty that the Company will be successful in the future.

If the going concern assumption was not appropriate for these financial statements, then adjustments might be necessary to the carrying values of assets and liabilities, the reported loss and the balance sheet classifications used. These adjustments could be material.

2. Significant accounting policies:

(a) Statement of Compliance

These unaudited condensed consolidated interim financial statements have been prepared for the nine months ended January 31, 2025, including comparative figures, in accordance with International Financial Reporting Standards ("IFRS"), and in particular in accordance with International Accounting Standard 34, Interim Financial Reporting ("IAS 34"), as issued by the International Accounting Standards Board ("IASB"). They have been prepared using the accounting policies the Company expects to adopt in its consolidated financial statements as at and for the financial year ending April 30, 2025.

These condensed consolidated interim financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the Company's April 30, 2024 year end audited consolidated financial statements as prepared in accordance with IFRS.

(b) Future Accounting Pronouncements

Certain pronouncements have been issued by the IASB that are mandatory for accounting periods after April 30, 2024. The Company is currently not subject to any new standards that are expected to have a material impact on its unaudited condensed consolidated interim financial statements.

3. Capital Management:

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risks characteristic of the underlying resource assets. As a junior resource exploration company, the Company considers its capital structure to comprise only working capital.. In order to maintain or adjust the capital structure, the Company may from time to time issue shares and adjust its capital spending to manage current and projected expenditure levels.

The Company has not paid or declared any dividends since the date of its incorporation, nor are any dividends contemplated in the foreseeable future.

The Company does not have any externally imposed capital requirements.

There were no changes in the Company's approach to capital management during the period.

4. Investment:

The Company has investments in Big Tree Carbon Inc. (formerly Aurcrest Gold Inc.) as follows:

January 31, April 30,

2025 2024

\$ 361 \$ 541

18,000 shares of Big Tree Carbon Inc.

During the current quarter there is no change in the fair market value of these shares since the last quarter ended October 31, 2024. The fair market value of its investment as at January 31, 2024 is approximately \$1,081. These fair value through other comprehensive income ("FVTOCI") financial instruments have been adjusted to fair market value.

5. Exploration and evaluation assets

On October 9, 2019 the Company entered into an option agreeemeent with True North Gems Inc. ("True North") to earn up to 70% working interest in the True Blue Property ("Property") in the Yukon Territory. The True Blue Property consists of 68 mining claims in the Ketza-Seagull district of the Southern Yukon in the Watson Lake Mining District comprising 13.3 square kilometres. The Company can earn a 70% interest in the Property by incurring expenditures in the aggregate amount of \$300,000 over three years and issuing an aggregate of 600,000 common shares with 200,000 shares to be issued on closing (issued), a further 200,000 shares on or before November 30, 2020 (issued) and a further 200,000 shares on or before November 30, 2021 (issued). The exploration expenditures component was subsequently amended to extend the expenditures of the remaining \$250,000 to \$100,000 to be spent by the end of the 4th anniversary of the agreement with the balance to be spent by the 5th anniversary date. Consideration issued for the extension is 50,000 common shares of the Company.

During the last fiscal year ended April 30, 2024 the Company is uncertain as to the future exploration work on the property and has recorded an impairment loss of \$104,682.
