- (a) resulted in a reservation in the former auditor’s audit report on the reporting issuer’s financial statements for any period during the relevant period;
- (b) would have resulted in a reservation in the former auditor’s audit report on the reporting issuer’s financial statements for any period during the relevant period if the difference of opinion had not been resolved to the former auditor’s satisfaction, not including a difference of opinion based on incomplete or preliminary information that was resolved to the satisfaction of the former auditor upon the receipt of further information;
