

**CONSOLIDATED
HCI HOLDINGS
CORPORATION**

ANNUAL REPORT • 2016

PRESIDENT'S REPORT

The Company's net earnings for the year ended September 30, 2016 of \$784,000 or \$0.04 per share was a result of a non-cash fair value gain on its investment properties of \$884,000, which was offset by \$100,000 of expenses and income taxes net of investment property revenue. The Company's net earnings for the year ended September 30, 2015 of \$1,363,000 or \$0.07 per share was a result of a non-cash fair value gain on its investment properties of \$1,212,000, increased by \$150,000 of investment property revenue net of expenses and income taxes.

One of the Company's two investment properties is leased to a single-tenant fast food operation. During 2016, management leased vacant space in the other investment property, a multi-unit industrial/commercial building, which together with the remaining vacant space leased subsequent to September 30, 2016, will bring the building to 100% occupancy by the end of the second quarter of 2017.

As the Company continues to downsize and reduce the scope of its activities it was able to pay a special dividend of \$30,864,000 in the third quarter of 2015. Management is exploring the most efficient way to continue returning cash to our shareholders.

On your behalf, I would like to thank our Board of Directors for the guidance they provide to management and our employees for their continued hard work.

Stanley Goldfarb
President

MANAGEMENT'S DISCUSSION AND ANALYSIS

As of December 13, 2016

OVERVIEW

Consolidated HCI Holdings Corporation ("CHCI" or the "Company") is an Ontario based, publicly traded real estate development company trading on the Toronto Stock Exchange under the symbol CXA.B. The following management's discussion and analysis ("MD&A") of the financial condition of the Company and its financial performance for the two years ended September 30, 2016 and 2015 are the views of management and should be read in conjunction with the consolidated financial statements including the related notes in the 2016 and 2015 audited consolidated financial statements. Amounts presented in this MD&A are in thousands of Canadian dollars, unless otherwise noted.

The information included in this MD&A, including 2015 comparative information, has been prepared in accordance with International Financial Reporting Standards ("IFRS") unless otherwise noted.

The Company's activities in the real estate industry are conducted with others at varying participation rates in co-tenancies. The consolidated financial statements include these co-tenancies on a proportionate consolidation basis. The activities of the Company include the leasing of two investment properties in Vaughan, Ontario, comprising a multi-unit, 50% owned industrial/commercial building and a 50% owned rental building leased as a fast food outlet. The Company has also conducted activities through various co-tenancies in the building and selling of new homes on land purchased from others and invested in syndicated mortgage loans, which were secured by real property developments of other land developers and builders. The Company's house building activities ended in 2013 with the closing of its last housing unit in inventory. The Company's last remaining syndicated mortgage loan was repaid in the first quarter of 2016. The Company does not plan further investment in house building or syndicated mortgage loans.

RESPONSIBILITY OF MANAGEMENT AND THE BOARD OF DIRECTORS

Management is responsible for the information disclosed in this MD&A, and has in place information systems, procedures and controls to ensure information used internally by management and disclosed externally is materially complete and reliable. In addition, the Company's Audit Committee and Board of Directors provide an oversight role with respect to all public financial disclosures by the Company, and have reviewed and approved this MD&A and the consolidated financial statements as at September 30, 2016 and 2015.

CONTROLS AND PROCEDURES

At September 30, 2016, the Chief Executive Officer and the Chief Financial Officer ("certifying officers") of the Company have designed disclosure controls and procedures ("DC&P") to provide reasonable assurance that information required to be disclosed in its various reports is recorded, processed, summarized and reported accurately and have designed internal controls over financial reporting ("ICFR") to provide reasonable assurance regarding the reliability of financial reporting and the preparation of its consolidated financial statements for external purposes in accordance with IFRS. All internal controls over financial reporting are either completed or reviewed by the Chief Financial Officer. Other than the Chief Financial Officer, the Company has only one employee who is engaged in accounting and recordkeeping functions and who is directly supervised by the Chief Financial Officer.

The certifying officers have limited the scope of the design of the DC&P and ICFR to exclude controls, policies and procedures of the Company's non-publicly accountable proportionately consolidated joint operations. Management of the operations is distinct from that of the Company and, as such, the Company does not have sufficient access to the operations to design and evaluate controls, policies and procedures carried out by these entities. The Company is satisfied that, considering its own review and analysis of financial information provided by the joint operations and discussion with the joint operations'

management, material errors or omissions in the operations' financial reporting for consolidation purposes would come to the attention of the Company's management and be corrected prior to consolidation.

The following table summarizes joint operations in which the Company participates and for which it recognizes its proportionate interest in the underlying assets, liabilities, revenues, expenses and cash flows:

Name of joint operation	Ownership interest %	
	2016	2015
7700 Keele Street	50	50
Seven- Keele	50	50
Purple Stone Homes	30	30
Kewanee Holdings	30	30
Honeysuckle Homes	10	10
Jenrette Construction	28.75	28.75

The following summary of financial information as at September 30, 2016 and 2015 and for the years then ended relates to the Company's aggregate consolidated proportionate share of its joint operations, comprising all its investments in its investment properties and residential construction:

	September 30	
	2016	2015
Assets	\$ 14,264	\$ 14,066
Liabilities	3,174	3,457
	\$ 11,090	\$ 10,609

	Year ended September 30	
	2016	2015
Revenue	\$ 1,109	\$ 1,047
Expenses	(427)	(508)
Fair value gain on investment properties	884	1,212
Earnings	\$ 1,566	\$ 1,751

	Year ended September 30	
	2016	2015
Cash provided by (used in)		
Operating activities	\$ (375)	\$ 420
Investing activities	120	(59)
Financing activities	(237)	(437)

The certifying officers have evaluated the design and operating effectiveness of the Company's DC&P and ICFR for the year ended September 30, 2016 and have concluded that such DC&P and ICFR were appropriately designed and were operating effectively.

The certifying officers have determined there were no changes in the Company's ICFR that occurred during the year ended September 30, 2016 that have significantly affected, or are reasonably likely to significantly affect, the Company's ICFR.

FORWARD-LOOKING STATEMENTS

In various places in the MD&A, there are forward-looking statements reflecting management's current expectations regarding future economic conditions, results of operations, financial performance and other matters affecting the Company. Forward-looking statements include information regarding possible or assumed future results or transactions as well as statements preceded by, followed by, or that include the words such as "believes," "expects," "anticipates," "estimates," "intends" or similar expressions. Important factors, in addition to those discussed in this document, could affect the future results of the Company and could cause those results to differ materially from those expressed in any forward-looking statements.

REVIEW OF FINANCIAL RESULTS

Financial data presented herein is expressed in thousands of Canadian dollars and is in accordance with IFRS.

Results of operations

Two-year summary of operating results
(in thousands of dollars, except per share amounts)

	2016	2015
Total revenue	\$ 1,242	\$ 1,572
Earnings before income taxes	\$ 862	\$ 1,381
Provision for income taxes	78	18
Net earnings for the year	\$ 784	\$ 1,363
Basic and diluted earnings per share	\$ 0.04	\$ 0.07

Total revenue decreased in 2016 by \$330 compared to the revenue recorded for the same period in 2015, the result of a decrease in interest and other income of \$400, partially offset by an increase in investment property revenue of \$70.

House building operations

There were no house sales in the Company's house building joint ventures in either 2016 or 2015 as the Company had completed and closed all housing inventory as at September 30, 2013.

During both 2016 and 2015, adjustments for cost estimates made in four projects, which had previously sold out, resulted in the Company recording cost recoveries totaling \$45 and costs of \$45, respectively, in its house building operations.

Rental operations

(in thousands of dollars)

	2016	2015
Rental revenues	\$ 1,094	\$ 1,022
Rental operating expenses	346	319
Net operating income*	\$ 748	\$ 703

* Net operating income is an important measure used by management to evaluate the operating performance of the investment properties. However, it is not defined under IFRS, does not have a standard meaning and may not be comparable with other companies.

The increase of \$72 in rental revenue from 2016 to 2015 is primarily the result the commencement of a new tenancy in the fourth quarter of 2015.

Property operating expenses increased in 2016 by \$27 over the prior year, the result of increased property taxes and other period costs.

In 2016, net operating income was reduced by interest expense and amortization of \$126 (2015 – \$144) and increased by a gain in fair value of investment properties of \$884 (2015 – \$1,212) and interest income of \$15 (2015 – \$19), resulting in net earnings from rental operations of \$152 (2015 – \$179).

See “ASSETS – Investment properties” below for further information on the level of the properties’ occupancy.

General and administrative expenses

General and administrative expenses in 2016, in aggregate, decreased by \$57 over those of 2015, the result of a decrease in professional fees of \$74, resulting from non-recurring professional fees incurred in 2015 related to certain income tax planning matters, net of a net increase in other cost components of \$17.

As previously disclosed in the Company’s Management Information Circular dated February 16, 2015, for the year ended September 30, 2014, the terms of the Management Agreement provided for management fees of 3% of pre-tax earnings subject to a minimum of \$250. For the year ended September 30, 2016, the terms of the Management Agreement remained unchanged. For both years ended September 30, 2016 and 2015, these minimum management fees, calculated in accordance with the agreement, were recorded in accounts payable and accrued liabilities and included in general and administrative expenses. See “TRANSACTIONS WITH RELATED PARTIES.”

Interest and other income

Interest and other income decreased by \$401 from 2015 to 2016. Since October 1, 2014 the Company has been reducing its investment in higher rate syndicated mortgage loans, the last of which was repaid in the first quarter of 2016, and reinvesting the proceeds in lower rate term deposits, the rates on which have been in decline over the past 24 months. As well, the Company paid a cash dividend of \$30,864 on June 28, 2015, which substantially reduced the amount of funds invested in term deposits.

Interest expense

The Company incurred interest expense in its rental operations in 2016 of \$113 compared to \$133 for 2015. This decrease is a result of reduced interest expense resulting from a one-time principal repayment of \$200 in the third quarter of 2015 and scheduled principal repayments made on the mortgage loan on one of its Vaughan, Ontario investment properties, together with interest rate reductions on the mortgage loan from 4% to 3.85% on January 15, 2015 and to 3.7% on July 20, 2015 as a result of reductions in the prime rate.

Income taxes

The 2016 income tax provision of \$228, computed by applying the average statutory Canadian federal and provincial income tax rate of 26.5% to earnings before income taxes, was offset by \$150, primarily the result of the fair value gain on investment properties being taxed at lower than statutory rates.

The 2015 income tax provision of \$366, computed by applying the average statutory Canadian federal and provincial income tax rate of 26.5% to earnings before income taxes, was offset by \$348 primarily the result of the fair value gain on investment properties being taxed at lower than statutory rates.

Selected quarterly consolidated financial information (unaudited)

(in thousands of dollars, except per share amounts)

	2016				2015			
	4 th Qtr	3 rd Qtr	2 nd Qtr	1 st Qtr	4 th Qtr	3 rd Qtr	2 nd Qtr	1 st Qtr
Revenue	\$ 333	\$ 335	\$ 275	\$ 300	\$ 276	\$ 378	\$ 505	\$ 413
Net earnings (loss)	\$ 505	\$ 37	\$ 256	\$ (14)	\$ 834	\$ 224	\$ 266	\$ 39
Basic and diluted earnings per share	\$ 0.025	\$ 0.002	\$ 0.013	\$ —	\$ 0.040	\$ 0.011	\$ 0.013	\$ 0.002

Fluctuations in the quarterly results over the two-year period shown above are primarily due to the timing of changes in the fair value of the Company's investment properties, declining interest income due to syndicated mortgage loan repayments and a reduction in short-term investments and a land development cost recovery in the second quarter of 2015 related to a land development project completed in a previous year.

FINANCIAL CONDITION

(in thousands of dollars)

	2016	2015
Investment properties	\$ 12,436	\$ 11,578
Cash and cash equivalents	548	1,649
Restricted cash	5	16
Amounts receivable	1,306	1,187
Short-term investments	10,592	9,891
Marketable securities	2,609	2,729
Investments in syndicated mortgage loans	—	22
Income taxes recoverable	47	49
Tenant inducements	333	355
Other assets	47	39
Total assets	\$ 27,923	\$ 27,515
Long-term financial liability		
Mortgage loan on an investment property	\$ 2,911	\$ 3,145

ASSETS

Investment properties

Investment properties, comprising the Company's 50% owned industrial/commercial building and 50% owned rental building leased as a fast food outlet in Vaughan, Ontario, increased in 2016 by \$858, the result of a fair value increase of \$884, and capital improvements of \$109 and leasing costs incurred net of 2016 leasing costs amortization of \$15, offset by expropriation proceeds of \$150. The fair value increase was primarily the result of increased rental income resulting from the lease of vacant space to one tenant in the fourth quarter of 2015 and two tenants in the fourth quarter of 2016, the reduction of capitalization rates applied in the valuation process and the reduction of the estimated time period to lease the building's remaining vacant space.

As previously reported, on June 13, 2013, in connection with its redevelopment along the Highway 7 corridor, The Regional Municipality of York ("the Region") expropriated two parcels of land forming part of the Company's investment properties. The Company received guaranteed amounts based on the Region's valuation and launched appeals of these amounts during 2014. With respect to one of the parcels, the Company accepted the Region's valuation and the refund of a soil remediation offset of \$390 (at the Company's share – \$195) deducted from that valuation. The settlement was approved by The York Regional Council and the refund was received by the Company during the third quarter of 2015. With respect to the other parcel, the appeal has resulted in additional compensation of \$114 (at the Company's share – \$57) received in the first quarter of 2017 and included in amounts receivable at September 30, 2016.

During the third quarter of 2016, in connection with the planned widening of Keele St., the Region expropriated a narrow strip of land along the east side of one of the investment properties comprising 394 square metres, for compensation totaling \$190 (at the Company's share – \$95). The expropriation does not impact the Company's operations and management does not intend to appeal the compensation awarded. The compensation was received in the fourth quarter of 2016.

As at September 30, 2014, the Company had achieved a 68% level of occupancy in one of its investment properties, a multi-tenant industrial/commercial building. During the fourth quarter of 2015, the Company leased a further 6,660 square feet of vacant space in the building for a term of seven years with an option to renew for a further five years. The tenancy brought the building's occupancy rate up to 71% at September 30, 2015. In the fourth quarter of 2016 the Company leased a further 15,949 square feet of vacant space for a term of five years with two five-year renewal options and 11,096 of vacant space for a term of five years with one five-year renewal option, bringing the building's occupancy rate up to 85% at September 30, 2016. During the third quarter of 2016, the Company leased 7,039 square feet of vacant space in the building for a term of ten years with one five-year renewal option. This tenancy is expected to commence in the second quarter of 2017 on the completion of the landlord's work and will bring the building occupancy rate up to 89%.

Subsequent to September 30, 2016, the remaining vacant space was leased, with the new tenancies expected to commence in the second quarter of 2017 on completion of the landlord's work, bringing the occupancy rate to 100%.

The Company's other single-tenant investment property is leased to an international chain for use as a fast food restaurant with drive-through. The lease, with an original term of fifteen years ending in 2029, contains two five-year renewal options.

Investment in syndicated mortgage loans

The Company's investment in syndicated mortgage loans decreased by \$22 during the year with the repayment of the Company's last remaining syndicated mortgage loan investment. The Company does not intend to further invest in such loans.

Cash resources

Cash and cash equivalents include unrestricted cash and term deposits with a maturity of three months or less from the date of acquisition. Restricted cash, all held in the Company's house building and investment properties co-tenancies, includes deposits required to secure outstanding guarantees and letters of credit of \$5 (2015 – \$40). Unrestricted cash and term deposits held in these co-tenancies amounting to \$170 (2015 - \$890) are not available for corporate use.

Amounts receivable

Amounts receivable increased in 2016 by \$119 primarily as a result of a net increase in straight-line rent receivable of \$45 and other items totaling \$74, comprised mostly of the funds receivable on the expropriation referred to above, plus interest thereon, totaling \$69. Included in amounts receivable is \$831 (2015 – \$831) owing from the house building co-tenancies' project manager. These amounts are held pursuant to the project co-tenancy agreements and are meant to provide a contingency fund should any warranty or other claims be made with respect to the houses sold. The project manager may, at its discretion, call on co-tenants for additional contingency fund contributions if and when required, pay for additional project costs contemplated when establishing the fund, or release remaining funds back to the co-tenancy for distribution to the co-tenants once they are no longer considered necessary to hold. There are no claims against these amounts at September 30, 2016 and 2015.

Other

The Company's real estate holdings include one serviced residential lot in Mississauga, Ontario, the last remaining lot in a subdivision developed by the Company in a previous year. This lot was written down in a previous year to a nominal value, as it was deeded to the City of Mississauga in accordance with the subdivision agreement and would only be returned to the Company and be available to sell on the resolution of certain storm water management issues affecting the lot and non-owned adjoining lands. Management has determined that a builder has purchased the non-owned adjoining lands for development and expects that these aforementioned issues will be resolved and the residential lot returned to the Company and be available to sell, either to the builder or on the open market. Accordingly, the Company has reversed the provision previously taken and written the lot up to its original cost of \$23.

LIABILITIES

Loan payable

The loan payable decreased during 2016 by \$237, as a result of scheduled principal repayments on the mortgage loan on one of its Vaughan, Ontario investment properties.

A condition of the mortgage loan is that the co-tenancy maintain a long-term debt to tangible equity ratio of 3:1. As at September 30, 2016, this condition has been met.

OUTSTANDING SHARE DATA

At September 30, 2016, the Company's authorized capital stock consists of an unlimited number of Class B, voting shares, without par value, of which 20,575,866 shares are issued and outstanding at a stated value of \$35,890, unchanged since October 1, 2014.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow

(in thousands of dollars)

	2016	2015
Cash provided by (used in)		
Operating activities	\$ (171)	\$ (71)
Investing activities	(693)	31,312
Financing activities	(237)	(31,301)
Decrease in cash and cash equivalents	(1,101)	(60)
Cash and cash equivalents, beginning of the year	1,649	1,709
Cash and cash equivalents, end of the year	\$ 548	\$ 1,649

Cash and cash equivalents decreased in 2015 by \$60. This decrease resulted from the dividend payment \$30,864 and principal repayments of \$ 437 on the mortgage on one of the Company's investment properties. These cash outflows were partially offset by maturities net of investment in short-term money market instruments of \$29,895, repayment of syndicated mortgage loans of \$501, the redemption of marketable securities of \$712 and \$133 of other net cash inflows.

Cash and cash equivalents decreased in 2016 by \$1,101. This decrease resulted from a \$700 investment net of maturities of short-term money market instruments, additions to one of the Company's investment properties of \$109, principal repayments of \$237 on the mortgage on one of the Company's investment properties and other net cash outflows of \$205. These cash outflows were partially offset by the receipt of proceeds of land expropriation compensation of \$150.

Details of the \$30,864 dividend referred to above are set out in note 21 to the consolidated financial statements for September 30, 2016.

The Company continues to use cash flows to fund commitments to invest in its investment properties segment and to invest in cash equivalents and short-term money market investments. The Company's cash and cash equivalents serve to provide the Company with sufficient liquidity to carry on its business activities.

Management expects to be able to fund the repayment of the Company's mortgage loan payable as payments fall due or to be able to refinance the loan on its maturity.

TRANSACTIONS WITH RELATED PARTIES

The Company has entered into transactions with other entities in which the following individuals hold management positions as noted in the following tables:

(in thousands of dollars)

		Receives management fees from the Company	Receives property management fees to manage the investment properties	Pays rent to the Company for space leased in one of the Company's investment properties
September 30, 2016	Note			
Marc Muzzo	(1)	\$ 125	—	—
Stanley Goldfarb	(2)	\$ 125	—	—
Dani Cohen	(3)	—	\$ 34	\$ 155
Mark Kornhaber	(4)	—	—	\$ 7
September 30, 2015	Note			
Marc Muzzo	(1)	\$ 125	—	—
Stanley Goldfarb	(2)	\$ 125	—	—
Dani Cohen	(3)	—	\$ 32	\$ 155
Mark Kornhaber	(4)	—	—	\$ 12

- (1) Marc Muzzo is a shareholder, director and officer of the Company who holds a management position in an entity that has provided management services to the Company as noted in the tables above. He was also a co-investor with the Company in its syndicated mortgage loan.
- (2) Stanley Goldfarb is a shareholder, director and officer of the Company who holds a management position in an entity that has provided management services to the Company as noted in the tables above. He was also a co-investor with the Company in its syndicated mortgage loan and a director of a Toronto Stock Exchange listed company that was a co-investor in the Company's syndicated mortgage loan.
- (3) Dani Cohen is a co-tenant in the Company's investment properties. He is paid management fees for management services to the properties and pays rent for space leased in one of the properties as noted in the tables above.
- (4) Marc Kornhaber is a co-tenant in the Company's investment properties. He paid rent for space leased space in one of the properties as noted in the tables above.

RISK MANAGEMENT

Interest rate risk

The Company is subject to interest rate fluctuations; however, current low and stable interest rates have lessened the risk associated with such fluctuations. The Company's debt comprises a mortgage loan payable on an investment property.

Credit risk

The Company's maximum exposure to credit risk is the fair values of cash and cash equivalents, restricted cash, amounts receivable and marketable securities.

As at September 30, 2016 and 2015, none of the Company's financial assets are past due.

Liquidity risk

Liquidity risk is managed by maintaining cash and cash equivalents in excess of projected needs. The Company expects to be able to repay or, if required, obtain an extension on the mortgage loan payable on one of its investment properties, if required.

The following table summarizes the contractual amounts and maturity of the Company's financial liabilities on an undiscounted basis:

Contractual obligations are due as follows:

(in thousands of dollars)

	Total	Less than 1 year	1 - 3 years	4 - 5 years	Thereafter
Loan payable (1)	\$ 3,599	\$ 342	\$ 657	\$ 622	\$ 1,978
Accounts payable and accrued liabilities	573	573	—	—	—
Liabilities and other contractual obligations	\$ 4,172	\$ 915	\$ 657	\$ 622	\$ 1,978

(1) As the loan payable is at a variable rate, a 3.7% interest rate has been used for the remaining term to maturity.

Environmental risks

As an owner of real property, the Company is subject to various federal, provincial and municipal laws relating to environmental matters. Such laws provide that the Company could be liable for costs of removal and remediation of certain hazardous toxic substances released on or in its properties, or disposed of at other locations. The failure to remove or remediate such substances, if any, could adversely affect the Company's ability to sell such real property or to borrow using such real property as collateral and, potentially, could result in claims against the Company. The Company is not aware of any material environmental liabilities at the present time.

FUTURE ACCOUNTING CHANGES

Details of accounting standards issued and yet to be applied are included in note 5 of the consolidated financial statements for September 30, 2016.

FINANCIAL INSTRUMENTS

Information pertaining to the Company's financial instruments and the fair value hierarchy that prioritizes the inputs to fair value measurement is included in note 15 of the consolidated financial statements for September 30, 2016.

CRITICAL ACCOUNTING ESTIMATES

Information pertaining to critical accounting estimates as they relate to the Company's investment properties and income taxes is included in note 4 of the consolidated financial statements for September 30, 2016.

OFF-BALANCE SHEET ARRANGEMENTS

Financial guarantees

The Company has letters of credit available totaling \$5 (2015 – \$16), of which \$5 (2015 – \$16) has been utilized in support of its obligation to complete servicing requirements in connection with various house building projects.

The Company is contingently liable for its associates' share of the obligations in co-tenancy developments. At September 30, 2016, the Company's associates' share of the obligations of such co-tenancies comprises liabilities of \$802 (2015 – \$808) and letters of credit of \$11 (2015 – \$24) in support of obligations to complete servicing requirements in connection with various house building projects. In each case, assets of the co-tenancy developments, consisting primarily of cash and cash equivalents and housing under development, are available to satisfy such obligations.

OUTLOOK

As at September 30, 2016, the Company had completed and closed its remaining housing inventory and management does not intend to invest further in housing construction.

The Company's last remaining syndicated mortgage loan investment was repaid in 2016 and the Company does not intend to invest further in syndicated mortgage loans.

As described above under "Financial Condition – Assets", the Company's last remaining real estate holdings consist of the two investment properties and one residential lot. Subsequent to September 30, 2016, the Company achieved full occupancy in the investment properties and is expecting to be able to sell the residential lot in 2017.

Management and the Board of Directors continue to assess the basis for the Company's ongoing operations with a view to maximizing shareholder value.

Additional information relating to the Company has been filed on SEDAR and can be found at www.sedar.com.

MANAGEMENT'S RESPONSIBILITIES

The consolidated financial statements of Consolidated HCI Holdings Corporation have been prepared by management of the Company in accordance with International Financial Reporting Standards.

Management maintains appropriate controls to provide reasonable assurance that the assets of the Company, its subsidiaries and joint ventures are safeguarded and that financial information is reliable and accurate. Where necessary, management uses judgment to make estimates based on informed knowledge of the facts.

The Board of Directors bears ultimate responsibility for the consolidated financial statements. An Audit Committee composed of independent directors has reviewed in detail these consolidated financial statements with management and also with the external auditor appointed by the shareholders. The Audit Committee has recommended its approval to the Board. The Board of Directors has approved these consolidated financial statements.

All other financial and operating data included in the annual report are consistent with information contained in the consolidated financial statements and have been reviewed by the Board of Directors.

Stanley Goldfarb
President and Treasurer

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF CONSOLIDATED HCI HOLDINGS CORPORATION

We have audited the accompanying consolidated financial statements of Consolidated HCI Holdings Corporation and its subsidiaries, which comprise the consolidated balance sheets as at September 30, 2016 and September 30, 2015 and the consolidated statements of operations, changes in shareholders' equity, comprehensive income and cash flows for the years then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Consolidated HCI Holdings Corporation and its subsidiaries as at September 30, 2016 and September 30, 2015 and their financial performance and their cash flows for the years then ended in accordance with International Financial Reporting Standards.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended September 30, 2016 and September 30, 2015 (in thousands of Canadian dollars, except per share amounts)

1. DESCRIPTION OF BUSINESS

Consolidated HCI Holdings Corporation and its subsidiaries (together “CHCI” or the “Company”) is an Ontario based, publicly traded real estate development and investment company trading on the Toronto Stock Exchange under the symbol CXA.B. The activities of the Company include the leasing of two investment properties in Vaughan, Ontario, comprising a multi-unit, 50% owned industrial/commercial building and a 50% owned rental building leased as a fast food outlet. Until first quarter of 2016, the Company invested in syndicated mortgage loans, which were secured by real property developments of other land developers and builders and, until September 30, 2013, conducted activities through co-tenancies in the building and selling of new homes on land purchased from others. The address of its registered office is 40 King Street West, Suite 2100, Toronto, Ontario.

The Board of Directors approved the consolidated financial statements on December 13, 2016.

2. BASIS OF PRESENTATION AND STATEMENT OF COMPLIANCE

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board applicable to the preparation of consolidated annual financial statements. The policies applied in these consolidated financial statements are based on IFRS policies effective as of September 30, 2016.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company together with the Company’s proportionate share of the assets, liabilities, revenue and expenses of co-tenancies.

Investment Properties

The Company’s investment properties constitute an industrial/commercial property and a fast food restaurant property held to earn rental income and for capital appreciation and are not for sale in the ordinary course of business. Investment properties are recorded initially at cost and subsequently at fair value as determined by qualified external valuation professionals at the consolidated balance sheet dates. Changes in fair value are recognized in the consolidated statements of operations. Subsequent expenditures are capitalized to the asset carrying amount only when it is probable that future the economic benefit associated with the expenditure will flow to the Company and the cost of the item can be reliably measured. All other repair and maintenance costs are expensed when incurred.

Financial Instruments

The Company’s designations and measurement of the basis of its financial instruments are as follows:

Cash and cash equivalents and restricted cash, amounts receivable, investment in syndicated mortgage loans and short-term investments consisting of term deposits are classified as “Loans and Receivables.” After their initial recognition at fair value, these instruments are recorded at amortized cost using the effective interest rate method.

When, in management’s opinion, collection of the principal and interest on syndicated mortgage loans is no longer reasonably assured and the loans are not fully secured, allowances are made to reduce the carrying value of the loans to their estimated net realizable amount determined by the fair value of the collateral underlying the loans net of expected costs.

Marketable securities, consisting of equity investments, are classified as “Available-for-sale Securities.” These financial assets are recognized at the trade date and recorded at fair value through other comprehensive income at each period-end using quoted market prices.

Loan payable and accounts payable and accrued liabilities are classified as “Other Liabilities.” After their initial recognition at fair value less directly attributable transaction costs, these instruments are recorded at amortized cost using the effective interest rate method. Transaction costs are recognized in comprehensive income over the expected life of the debt.

The Company expenses transaction costs related to its marketable securities that are available-for-sale.

Tenant Inducements

Cash inducements paid to tenants to enter into leases are amortized as a reduction in rental revenue over the term of the lease on a straight-line basis.

Rental Revenue

Rental revenue is recognized using the straight-line method whereby any contractual rent increases over the term of a lease are recognized as revenue on a straight-line basis.

The recovery of property operating expenses from tenants is recognized as revenue in the period in which the applicable expense is incurred.

Interest Income

Interest income is recognized using the effective interest rate method.

Income Taxes

Income tax expense consists of current and deferred income tax expenses. Current income taxes are the expected taxes payable on the taxable income for the period using income tax rates enacted or substantively enacted at the end of the reporting period and any adjustments to income taxes payable in respect of previous years.

Deferred income taxes are the amount of income taxes expected to be paid or recovered in future periods in respect of temporary differences and unutilized tax losses. Deferred income taxes are determined based on differences between consolidated financial statement values and income tax values of assets and liabilities using substantively enacted income tax rates and laws expected to be in effect when the deferred income tax asset or liability is settled. Deferred income taxes relating to fair value adjustments to investment properties reflect the tax consequences of recovering the carrying amount through sale.

Operating Segments

A reportable segment is a distinguishable component of the Company that is engaged in providing related products or services and is subject to the risks and rewards that are different from those of other reportable segments. As discussed in note 1 above, the Company no longer conducts activities in the construction and sale of residential units or invests in syndicated mortgage loans. Accordingly, the Company’s only significant commercial activity during 2016 and 2015 being the operation of investment properties, management has discontinued the presentation of segmented information.

4. CRITICAL ACCOUNTING ESTIMATES

The preparation of consolidated financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates. The most significant estimates and judgments that could have a material impact on the consolidated financial statements within the next fiscal year are addressed below.

(a) Fair Value of Investment Properties

The fair value of the Company's 50%-owned investment properties was determined by qualified external valuation professionals as at September 30, 2016 and September 30, 2015. The valuations have been reviewed and approved by management. The properties comprise an industrial/commercial rental building and a rental building leased to a fast food outlet. The valuation of the former property was done using the "Discounted Cash Flow Method" in which the income and expenses are projected over the anticipated term of the investment. The valuation of the latter property was done using the "Overall Capitalization Rate Method" whereby the net operating income is capitalized at the requisite overall capitalization rate. Any changes in estimates related to the inputs used in the valuations could impact the fair value of the investment properties materially.

(b) Income Taxes

The Company is subject to income taxes in one jurisdiction. Significant estimates are required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax provisions of future periods. The measurement of deferred income tax liabilities at the consolidated balance sheet dates requires management to make estimates and assumptions regarding the timing of when temporary differences are expected to reverse. Actual results could differ from those estimates.

5. ACCOUNTING STANDARDS ISSUED AND YET TO BE APPLIED

The following new standards and amendments to existing standards apply to annual periods beginning on or after January 1, 2016, with earlier adoption permitted. The Company is currently evaluating the impact of these changes on its consolidated financial statements.

IFRS 7 – Financial Instruments: Disclosures

This standard has been amended to enhance disclosures relating to the transition from IAS 39 to IFRS 9, Financial Instruments ("IFRS 9"). These amendments will be effective on the adoption of IFRS 9 described below.

IFRS 9 – Financial Instruments

The complete version of IFRS 9 was issued in July 2014 and is effective for accounting periods beginning on or after January 1, 2018 with early adoption permitted. IFRS 9 addresses the classification, measurement and recognition of financial assets and financial liabilities. It replaces the guidance in IAS 39 that relates to the classification and measurement of financial instruments. IFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortized cost, fair value through other comprehensive income ("OCI") and fair value through profit or loss. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in OCI not recycling. There is now a new expected credit losses model that replaces the incurred loss impairment model used in IAS 39. For financial liabilities there were no changes to classification and measurement except for the recognition of changes in own credit risk in OCI, for liabilities designated at fair value through profit or loss. IFRS 9 relaxes the requirements for hedge effectiveness by replacing the bright line hedge effectiveness tests. It requires an economic relationship between the hedged item and hedging instrument and for the "hedged ratio" to be the same as the one management actually uses for risk management purposes. Contemporaneous documentation is still required but is different to that currently prepared under IAS 39.

IFRS 10 – Consolidated Financial Statements (“IFRS 10”), and IAS 28, Investments in Associates and Joint Ventures (“IAS 28”)

IFRS 10 and IAS 28 establish principles for the presentation and preparation of consolidated financial statements when an entity controls one or more other entities and prescribe the accounting for investments in associates, respectively. They were amended to clarify that a full gain or loss is recognized when a transaction involves a business combination and a partial gain or loss is recognized when a transaction involves assets that do not constitute a business. The amendments are effective for annual periods beginning on or after January 1, 2016 and will not have a material effect on the Company’s consolidated financial statements.

IFRS 15 – Revenue from Contracts with Customers (“IFRS 15”)

IFRS 15 specifies how and when revenue should be recognized, in addition to requiring more informative and relevant disclosures. The IFRS 15 revenue recognition model requires management to exercise significant judgment and make estimates that affect revenue recognition. This standard supersedes IAS 18, “Revenue,” IAS 11, “Construction Contracts,” and a number of revenue-related interpretations. IFRS 15 must be applied for periods beginning on or after January 1, 2018, with early application permitted.

IFRS 16 – Leases

IFRS 16, “Leases” (“IFRS 16”), sets out the principles for the recognition, measurement and disclosure of leases. IFRS 16 provides revised guidance on identifying a lease and for separating lease and non-lease components of a contract. IFRS 16 introduces a single accounting model for all lessees and requires a lessee to recognize right-of-use assets and lease liabilities for leases with terms of more than 12 months, unless the underlying asset is of low value. Under IFRS 16 lessor accounting for operating and finance leases will remain substantially unchanged. IFRS 16 is effective for annual periods beginning on or after January 1, 2019, with earlier application permitted for entities that apply IFRS 15, Revenue from Contracts with Customers.

6. INVESTMENT PROPERTIES

	2016	2015
Balance, beginning of the year	\$ 11,578	\$ 10,488
Amortization of leasing costs	(13)	(11)
Additions	109	73
Expropriation proceeds	(150)	(195)
Fair value adjustment	884	1,212
Leasing costs incurred	28	11
Balance, end of the year	\$ 12,436	\$ 11,578

As previously reported, on June 13, 2013, in connection with its redevelopment along the Highway 7 corridor, The Regional Municipality of York ("the Region") expropriated two parcels of land forming part of the Company's investment properties. The Company received guaranteed amounts based on the Region's valuation and launched appeals of these amounts during 2014. With respect to one of the parcels, the Company accepted the Region's valuation and the refund of a soil remediation offset of \$390 (at the Company's share – \$195) was deducted from that valuation. The settlement was approved by The York Regional Council and the refund was received by the Company during the third quarter of 2015. With respect to the other parcel, the appeal has resulted in additional compensation of \$114 (at the Company's share – \$57) and included in amounts receivable at September 30, 2016.

During the third quarter of 2016, in connection with the planned widening of Keele St., the Region expropriated a narrow strip of land along the east side of one of the investment properties comprising 394 square metres, for compensation totaling \$190 (at the Company's share – \$95). The expropriation does not impact the Company's operations and management does not intend to appeal the compensation awarded. The compensation was received in the fourth quarter of 2016.

The basis of valuation of the Company's 50% owned investment properties is set out in note 4(a). Investment properties measured at fair value are categorized as Level 3 in the fair value hierarchy described in note 15, as the key valuation metrics are unobservable inputs in the calculation. There were no transfers into or out of Level 3 during the year. The key valuation metrics for the investment properties are set out in the following tables:

	2016			2015		
	Minimum	Maximum	Applied	Minimum	Maximum	Applied
Capitalization rate						
Industrial/commercial building	5.61%	7.66%	6.75%	7.25%	7.75%	7.5%
Fast food outlet	3.9%	7.7%	5.0%	3.8%	5.9%	5.25%
Stabilized net operating income – at 100%		2016			2015	
Industrial/commercial building		\$ 1,721			\$ 1,657	
Fast food outlet		\$ 125			\$ 121	

Fair values of investment properties are most sensitive to changes in discount and capitalization rates. An increase in the capitalization rate will result in a decrease in the fair value of an investment property, and vice versa. A decrease in the discount rate will result in an increase in the fair value of an investment property, and vice versa.

Presented separately from investment properties is \$362 (2015 – \$317) of net straight-line rent receivable

(included in note 9) arising from recognition of rental revenues on a straight-line basis over the lease term and \$333 (2015 – \$355) of tenant inducements (included in note 10) in accordance with IAS 17, Leases. The fair value of the investment properties has been reduced by these amounts presented separately.

The Company's investment properties, exclusive of the fast food outlet component referred to above, which is unencumbered, with a fair value of \$11,215 (2015 – \$10,453), has been pledged as security for a mortgage loan payable (note 12).

7. HOUSING UNDER CONSTRUCTION

As of September 30, 2013 the Company has completed and closed all of its housing inventory. During the years ended September 30, 2016 and September 30, 2015, the Company recorded costs and cost recoveries resulting from changes to estimates of costs to complete completed projects.

8. CASH AND CASH EQUIVALENTS AND RESTRICTED CASH

(a) Cash and cash equivalents consist of the following:

	2016	2015
Cash	\$ 543	\$ 874
Term deposits	5	775
Total cash and cash equivalents	\$ 548	\$ 1,649

Cash and cash equivalents include unrestricted cash and term deposits with a maturity of three months or less from the date of acquisition.

Included in cash and cash equivalents is the Company's proportionate share of cash and cash equivalents of the Company's proportionately consolidated house building and investment property operations of \$173 (2015 – \$904).

(b) Restricted cash is as follows:

	2016	2015
Total restricted cash	\$ 5	\$ 16

Restricted cash, all held in the Company's house building and investment property co-tenancies, includes deposits required to secure outstanding guarantees and letters of credit of \$5 (2015 – \$16).

9. AMOUNTS RECEIVABLE

	2016	2015
Straight-line rent receivable	\$ 362	\$ 317
Other receivables (a)	944	870
	<u>\$ 1,306</u>	<u>\$ 1,187</u>
Non-current	\$ 1,172	\$ 1,128
Current	134	59
	<u>\$ 1,306</u>	<u>\$ 1,187</u>

- (a) Other receivables include \$831 (2015 - \$831) owing from the house building co-tenancies' project manager. These amounts are held pursuant to the project co-tenancy agreements and are meant to provide contingency funds should any warranty or other claims be made with respect to the houses sold. The project manager, at its discretion, may call on co-tenants for additional contingency fund contributions if and when required, pay for additional project costs contemplated when establishing the fund or release remaining funds back to the co-tenancy for distribution to the co-tenants once they are no longer considered necessary to hold. There are no outstanding claims against these amounts at September 30, 2016 and 2015.

10. TENANT INDUCEMENTS

	2016	2015
Tenant inducements	\$ 432	\$ 432
Less: Accumulated amortization	(99)	(77)
	<u>\$ 333</u>	<u>\$ 355</u>
Non-current	\$ 311	\$ 333
Current	22	22
	<u>\$ 333</u>	<u>\$ 355</u>

11. INVESTMENTS IN SYNDICATED MORTGAGE LOANS, SHORT-TERM INVESTMENTS AND MARKETABLE SECURITIES

	2016	2015
A syndicated mortgage loan, secured by real property, bore interest a rate of 9.9% and was repaid during 2016.	\$ —	\$ 22
Short-term investments consist of the following:		
Canadian chartered bank term deposits issued for periods of 90 days or greater, bearing interest at a year-end weighted average rate of 1.0% (2015 – 0.9%)	\$ 10,592	\$ 9,891
52,840.03 B/1 shares York Select Unit Trust (cost – US\$1,000; fair value US\$1,988; 2015 – fair value – US\$2,038)	2,609	2,729

12. LOAN PAYABLE

The loan is as follows:

	2016	2015
Secured by an investment property, net of deferred financing fees of \$19 (2015 – \$22)	\$ 2,911	\$ 3,145
Principal repayments on loan payable are due as follows:		
Years ending September 30, 2017	\$ 237	
2018	237	
2019	237	
2020	237	
2021	237	
Thereafter	1,745	
	2,930	
Less: Deferred financing fees	19	
	\$ 2,911	

The estimated fair value of the loan payable at September 30, 2016 and September 30, 2015 approximates the carrying value because this loan payable bears interest at a variable rate.

The loan payable, secured by an investment property, constitutes the Company's 50% share of a first mortgage loan on one of its Vaughan, Ontario investment properties. The loan bears interest at the Business Development Bank of Canada's Base rate for commercial and industrial loans minus 1%, or 3.70% (2015 – 3.70%). The loan matures in 2029. The Company has provided the lender with a guarantee of 50% of amounts due under the loan.

13. INCOME TAXES

a) Significant components of the income tax provision (recovery) for the years ended September 30 are as follows:

	2016	2015
Current	\$ (9)	\$ 43
Deferred	87	(25)
Provision for income taxes	78	18
Income tax expense (recovery) on other comprehensive	29	(4)
	<u>\$ 107</u>	<u>\$ 14</u>

b) The income tax provision differs from the amount computed by applying the average statutory Canadian federal and provincial income tax rates to earnings before income taxes. These differences are as follows:

	2016	2015
Expected income tax at 26.5% (2015 – 26.5%)	\$ 228	\$ 366
Fair value gains on investment properties taxed at lower than statutory rates	(117)	(352)
Other	(33)	4
	<u>(150)</u>	<u>(348)</u>
Income tax provision in earnings	78	18
Income tax expense (recovery) in other comprehensive income	29	(4)
	<u>\$ 107</u>	<u>\$ 14</u>

c) Deferred income taxes relate to:

	2016	2015
Temporary differences:		
Capital cost allowance in excess of accounting amortization booked	\$ 402	\$ 361
Costs capitalized for accounting, deducted for income tax	113	158
Unrealized gain on investment properties	631	552
Mortgage reserves and discounts on amounts receivable	96	84
Other comprehensive income	153	201
	<u>\$ 1,395</u>	<u>\$ 1,356</u>
Comprise:		
Deferred income tax liabilities reversing after more than 12 months	\$ 1,390	\$ 1,307
Deferred income tax liabilities reversing within 12 months	5	49
	<u>\$ 1,395</u>	<u>\$ 1,356</u>

14. CAPITAL STOCK

AUTHORIZED

Unlimited Class B, voting shares, without par value

Details of issued capital stock, unchanged since October 1, 2014, are as follows:

	Number of shares	Amount
Balance, September 30, 2016 and September 30, 2015	20,575,866	\$ 35,890

15. FINANCIAL INSTRUMENTS

Fair Values

The fair values of investments traded in active markets, such as marketable securities classified as available-for-sale, are based on the quoted bid price on the consolidated balance sheet dates.

The fair values of cash and cash equivalents, restricted cash, amounts receivable, short-term investments, accounts payable and accrued liabilities and investments in syndicated mortgage loans approximate their carrying values due to their short-term maturities.

The three levels of the fair value hierarchy, that prioritize the inputs to fair value measurement, are as follows:

Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, and;

Level 3 – inputs that are not based on observable market data.

The following table illustrates the classification of the Company's financial instruments within the fair value hierarchy as described above as at September 30, 2016 and September 30, 2015:

September 30, 2016	Level 1	Level 2	Level 3	Total
Short-term investments	\$ 10,592	\$ —	\$ —	\$ 10,592
Marketable securities	—	2,609	—	2,609

Market Risk – Interest Rate Risk

The Company is subject to interest rate fluctuations; however, current low and stable interest rates have lessened the risk associated with such fluctuations.

The following interest sensitivity tables outline the potential impact of a 1% change in interest rates on variable rate assets and liabilities:

Year ended September 30, 2016

Increase (decrease)	Carrying value	Interest rate risk			
		-1%		+1%	
		Net earnings	Equity	Net earnings	Equity
Financial Assets					
Cash and cash equivalents	\$ 548	\$ (4)	\$ (4)	\$ 4	\$ 4
Financial Liabilities					
Mortgage payable	2,911	21	21	(21)	(21)
Total increase (decrease)		\$ 17	\$ 17	\$ (17)	\$ (17)

Year ended September 30, 2015

Increase (decrease)	Carrying value	Interest rate risk			
		-1%		+1%	
		Net earnings	Equity	Net earnings	Equity
Financial Assets					
Cash and cash equivalents	\$ 1,649	\$ (12)	\$ (12)	\$ 12	\$ 12
Financial Liabilities					
Mortgage payable	3,145	23	23	(23)	(23)
Total increase (decrease)		\$ 11	\$ 11	\$ (11)	\$ (11)

Credit Risks

The Company's maximum exposure to credit risk is the fair values of cash and cash equivalents, restricted cash, amounts receivable, short-term investments and marketable securities.

Liquidity Risk

Liquidity risk is managed by maintaining cash and cash equivalents in excess of projected needs. The Company expects to be able to repay or, if required, obtain an extension on the mortgage loan payable on one of its investment properties, if required, on demand.

The following table summarizes the contractual amounts and maturity periods of the Company's financial liabilities as at September 30, 2016 on an undiscounted basis:

Contractual obligations are due as follows:

	Total	Less than 1 year	1 - 3 years	4 - 5 years	Thereafter
Loans payable (1)	\$ 3,599	\$ 342	\$ 657	\$ 622	\$ 1,978
Accounts payable and accrued liabilities	573	573	—	—	—
Liabilities and other contractual obligations	\$ 4,172	\$ 915	\$ 657	\$ 622	\$ 1,978

(1) As the loan payable is at a variable rate, a 3.7% interest rate has been used for the remaining term to maturity.

Capital Risk Management

The Company's objectives when managing capital are:

- to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- to provide an adequate return to shareholders by obtaining an appropriate amount of debt, commensurate with the level of risk, to reduce the after-tax cost of capital.

The Company's capital consists of a mortgage loan payable on one of its investment properties and shareholders' equity and, other than the capital requirement with respect to the mortgage loan, to maintain a long-term debt to tangible equity ratio of 3:1, which condition has been met as at September 30, 2016; the Company is not subject to any externally imposed capital requirements.

The Company sets the amount of capital in proportion to risk. The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, repurchase shares, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The Company's objective is met by retaining adequate liquidity to provide for the possibility that cash flows from assets will not be sufficient to meet future cash flow requirements.

16. FINANCIAL GUARANTEES

At September 30, 2016, the Company has available letters of credit totaling \$5 (2015 – \$16) of which \$5 (2015 – \$16) has been utilized in support of its obligation to complete servicing requirements in connection with various house building projects.

The Company is contingently liable for its co-investors' share of the obligations in co-tenancy developments. At September 30, 2016, the Company's co-investors' share of obligations of such entities comprises liabilities of \$802 (2015 – \$808) and letters of credit of \$11 (2015 – \$24) in support of obligations to complete servicing requirements in connection with various completed house building projects. In each case, assets of the co-tenancy developments, consisting primarily of cash and cash equivalents, are available to satisfy such obligations.

17. INVESTMENTS IN JOINT ARRANGEMENTS

A joint arrangement is a contractual arrangement, pursuant to which the Company and other parties undertake an economic activity that is subject to joint control, whereby the strategic financial and operating policy decisions relating to the activities of the joint arrangements require the unanimous consent of the parties sharing control. Joint arrangements are of two types – joint ventures and joint operations.

Joint ventures involve the establishment of a separate entity in which each venture has an interest in the net assets of the arrangement and are accounted for using the equity method of accounting.

Where the company undertakes its activities as a joint operation through a direct interest in the joint operation's assets and a direct obligation for the joint operation's liabilities, rather than through the establishment of a separate entity, the Company's proportionate share of the joint operation's assets, liabilities, revenues, expenses and cash flows is recognized in the consolidated financial statements and classified according to their nature.

The following table summarizes joint operations in which the Company participates and for which it recognizes its proportionate interest in the underlying assets, liabilities, revenues, expenses and cash flows:

Name of joint operation	Ownership interest %	
	2016	2015
7700 Keele Street	50	50
Seven- Keele	50	50
Purple Stone Homes	30	30
Kewanee Holdings	30	30
Honeysuckle Homes	10	10
Jenrette Construction	28.75	28.75

The Company's aggregate proportionate share of its joint operations is reflected in these consolidated financial statements as shown below.

	2016		2015	
Assets	\$	14,264	\$	14,066
Liabilities		3,174		3,457
	\$	11,090	\$	10,609

	2016		2015	
Revenue	\$	1,109	\$	1,047
Expenses		(427)		(508)
Fair value gain on investment properties		884		1,212
Earnings	\$	1,566	\$	1,751

	2016		2015	
Cash provided by (used in)				
Operating activities	\$	(375)	\$	420
Investing activities		120		(59)
Financing activities		(237)		(437)

18. CONSOLIDATED STATEMENTS OF CASH FLOWS

(a) Non-cash items in operating activities are as follows:

	2016	2015
Deferred income taxes	\$ 87	\$ (25)
Amortization of leasing costs	13	11
Amortization of deferred financing costs	3	2
Amortization of tenant inducements	22	22
Accrued interest receivable	(1)	43
Straight-line rent receivable	(45)	(49)
Fair value gain on investment properties	(884)	(1,212)
	<u>\$ (805)</u>	<u>\$ (1,208)</u>

(b) Changes in non-cash balances in operating activities are as follows:

	2016	2015
Amounts receivable	\$ (74)	\$ 15
Accounts payable and accrued liabilities	(42)	(224)
Income tax payable (recoverable)	2	(61)
Other	(8)	55
	<u>\$ (122)</u>	<u>\$ (215)</u>

(c) Supplementary information consists of the following:

	2016	2015
Interest paid	\$ 113	\$ 133
Income taxes paid	\$ 97	\$ 108

19. RELATED PARTY TRANSACTIONS

The following is a summary of the Company's related party relationships:

- certain shareholders, and certain shareholders who are officers and directors or parties related to them, are also participants in all of the house building co-tenancies;
- the Company is managed by two shareholders who are also officers and directors under a management agreement;
- a shareholder who is also a director is associated with a law firm that provides legal services to the Company and its co-tenancies;
- a shareholder who is also an officer and director serves as a director of a Toronto Stock Exchange listed mortgage loan investment corporation. This corporation was a co-investor with the Company in the syndicated mortgage loan described in note 11 to the consolidated financial statements. Two shareholders who are also officers and directors participate as investors in the syndicated mortgage loan in which the Company has invested;
- three companies, one owned by one co-tenant and the other two owned by another co-tenant of the Company's Vaughan, Ontario investment properties, lease space in one of the properties; and
- a company owned by a co-tenant of the Company's Vaughan, Ontario investment properties acts as the manager of those properties and is paid management fees.

Related party transactions are recorded at the amount of consideration agreed to by the parties.

Transactions with related parties during the year were as follows:

	2016	2015
Management fee expense	\$ 284	\$ 282
Rental income	\$ 163	\$ 167

The consolidated balance sheets include the following balances with related parties:

	2016	2015
Accounts payable and accrued liabilities	\$ 250	\$ 250

Key Management Compensation

Key management includes the Chief Executive Officer, the Chief Financial Officer, Vice-president and Directors and they have been compensated as follows:

	2016	2015
Salaries and employee benefits	\$ 185	\$ 180
Management fees	250	250
Directors' fees	52	56
Total	\$ 487	\$ 486

20. GENERAL AND ADMINISTRATIVE EXPENSES BY NATURE

Expenses incurred by nature are as follows:

	2016	2015
Salaries, employee benefits and directors' fees	\$ 324	\$ 323
Management fees	250	250
Professional fees	103	177
Other	161	145
	<u>\$ 838</u>	<u>\$ 895</u>

21. DIVIDENDS

On May 12, 2015, the Company declared a special dividend of \$1.50 per Class B share payable to shareholders of record at the close of business on May 28, 2015. The dividend, totaling \$30,864, was paid on June 28, 2015.

22. CONTINGENCIES AND COMMITMENTS

As security for the Company's letter of credit facilities of \$5 (September 30, 2015 – \$16), the bank holds a general security agreement, a registered general assignment of book debts and a specific assignment of certain amounts due under agreements of purchase and sale.

The Company, from time to time, is subject to legal proceedings being brought against it and its subsidiaries. Management does not believe these proceedings in aggregate will have a material adverse effect on the Company's consolidated financial position or financial performance.
