

Tenet and Dext Announce Strategic Partnership to Bring Bookkeeping Automation to Cubeler Business Hub

Toronto, Ontario and London, United Kingdom--(Newsfile Corp. - November 22, 2024) - Tenet Fintech Group Inc. (CSE: PKK) (OTCQB: PKKFF) ("Tenet" or the "Company"), an innovative analytics service provider, owner and operator of the Cubeler® Business Hub, and Dext Software Ltd. ("Dext"), the global leader in bookkeeping automation software, are pleased to announce that they have entered into an agreement to bring Dext's software platform to members and bookkeeping partners of the Business Hub (<https://www.cubeler.com/>).

Cubeler® Business Hub members and partners can now leverage Dext's unified bookkeeping automation platform, and benefit from recent feature releases, such as Approvals, Supplier Statements and Mileage. Under the terms of the two-year partnership between Tenet and Dext (the "Partnership"), Dext will be included as part of the Cubeler Business Hub's platform offering to provide even more value to small and medium sized businesses. Tenet was also granted a seat on Dext's North American Partner Advisory Council, which helps shape the future of Dext's product offering.

"The businesses that both Dext and Tenet serve are eager to leverage technology to drive innovation, efficiency, and growth. The availability of Dext's platform as part of Cubeler's Business Hub is a natural fit, enabling firms and businesses to gain real-time control over financial data and business insights," said Rachel Fisch, General Manager, North America, Dext. "We are excited to partner with Tenet to bring Dext's powerful automation tools to the Cubeler community."

"The macroeconomic indicator indexes that we'll be commercializing through our Tenoris3 subsidiary are based on data from the Business Hub," commented Tenet Chief Operating Officer Mayco Quiroz. "Those indexes will be far more valuable if they can show how the economy is evolving daily instead of providing monthly data. So, having timely and accurate data from the SME members of our Business Hub is an essential aspect of our business model. That's why we looked long and hard for a potential automated bookkeeping software partner. After months of discussions and product demos with several possible suitors, it was abundantly clear that Dext's product offering, customer support, global reach and reputation were unmatched in the industry, which made the company the ideal partner for Tenet and the Cubeler® Business Hub. With this partnership now in place, we can exploit our partnership with the Certified Professional Bookkeepers of Canada (<https://cpbcan.ca/>) with a compelling offering for their more than 2,200 bookkeeping members and their SME clients. By having SME data being updated in near real-time, this combination of Dext's product offering and the Cubeler® Business Hub could soon make waiting until the end of the month to find out how the economy is performing a thing of the past!"

About Dext:

Dext is the leading provider of bookkeeping automation, empowering businesses, accountants, and bookkeepers to thrive through innovative technology that simplifies accounting processes and drives smarter, more timely financial decisions. With financial data extraction accuracy of 99.5%, Dext has been trained on over 1 billion receipts and invoices.

Trusted by 12,000 accounting and bookkeeping firms and 700,000 businesses, Dext seamlessly integrates with most major accounting software and connects to over 11,500 banks, suppliers, and marketplaces worldwide. To date, we've saved bookkeepers more than 35 million hours of manual data entry. As the global leader in bookkeeping automation, we maximise efficiency and boost productivity, liberating our customers to focus on what truly matters to them. Forward-looking information

Certain statements in this press release constitute forward-looking statements within the meaning of applicable securities laws. Forward-looking statements are frequently characterized by words such as "plan", "continue", "expect", "project", "intend", "believe", "anticipate", "estimate", "may", "will", "potential", "proposed" and other similar words, or statements that certain events or conditions "may" or "will" occur. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors which may cause actual results, performance or achievements of Tenet to be materially different from the outlook or any future results, performance or achievements implied by such statements. Accordingly, readers are advised not to place undue reliance on forward-looking statements. Important risk factors that could affect the forward-looking statements in this news release include, but are not limited to, holding company with significant operations in China; general economic and business conditions, including factors impacting the Company's business in China such as pandemics and COVID-19; legislative and/or regulatory developments; Global Financial conditions, repatriation of profits or transfer of funds from China to Canada, operations in foreign jurisdictions and possible exposure to corruption, bribery or civil unrest; actions by regulators; uncertainties of investigations, proceedings or other types of claims and litigation; timing and completion of capital programs; liquidity and capital resources, negative operating cash flow and additional funding, dilution from further financing; financial performance and timing of capital; and other risks detailed from time to time in reports filed by Tenet with securities regulators in Canada. Reference should also be made to Management's Discussion and Analysis (MD&A) in Tenet's annual and interim reports, Annual Information Form, filed with Canadian securities regulators and available via the System for Electronic Document Analysis and Retrieval (SEDAR+) under Tenet's profile at www.sedarplus.ca, for a description of major risk factors relating to Tenet. Although Tenet has attempted to identify certain factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended.

Forward-looking statements reflect information as of the date on which they are made. The Company

assumes no obligation to update or revise forward-looking statements to reflect future events, changes in circumstances, or changes in beliefs, unless required by applicable securities laws. In the event the Company does update any forward-looking statement, no inference should be made that the Company will make additional updates with respect to that statement, related matters, or any other forward-looking statement.

Neither the Canadian Securities Exchange nor its Market Regulator (as that term is defined in policies of the Canadian Securities Exchange) accepts responsibility for the adequacy or accuracy of this release.
