## **BacTech Environmental Corporation Announces Second Closing of Unit Financing**

Toronto, March 31, 2025

**BacTech Environmental Corporation** (“**BacTech**” or the “**Company**”) (CSE: BAC, OTCQB: BCCEF) today announced the second closing of its ongoing unit financing. As of today, subscription agreements and funds totaling \$656,700 have been received, with the goal of raising \$1 million in this round of financing. BacTech will issue 6,500,000 common shares and 6,500,000 common share purchase warrants in this closing. The total shares issued under both closings equals 13,134,000 common shares and an equal amount of common share purchase warrants. The Company paid \$4,800 in finder’s fees and issued 96,000 finder’s warrants. Insiders of the Company purchased 1,384,000 units for gross proceeds of \$69,200. Each unit consists of one common share of BacTech and one, two-year warrant exercisable at \$0.10. The warrant includes an acceleration clause. In the event the common shares trade at or above \$0.20 for 10 consecutive trading days, as indicated on the CSE Exchange, the Company shall have give notice by way of a press release that the Warrants’ expiry date will expire 20 trading days thereafter. The announcement of the financing was contained in a press release dated February 28, 2025.

### **About BacTech Environmental Corporation**

BacTech Environmental Corporation is a company that specializes in environmental technology. We use a process called bioleaching to recover metals like gold, silver, cobalt, nickel, and copper, while also safely removing harmful contaminants like arsenic. This process is eco-friendly and uses naturally occurring bacteria that are safe for both humans and the environment. By using our proprietary method of bioleaching, we can neutralize toxic concentrates and tailings while also

creating profitable opportunities. The company is publicly traded on several stock exchanges, including the CSE, OTCQB, and Frankfurt Stock Exchange.

**Special Note Regarding Forward-Looking Statements**

This news release contains “forward-looking information”, which may include, but is not limited to, statements with respect to future tailings sites, sampling or other investigations of tailing sites, the Company’s ability to make use of infrastructure around tailings sites or operating performance of the Company and its projects. Often, but not always, forward-looking statements can be identified using words such as “plans”, “expects”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates”, or believes” or variations (including negative variations) of such words and phrases, or state that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance, or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Forward-looking statements contained herein are made as of the date of this news release and the

Company disclaims, other than as required by law, any obligation to update any forward-looking statements whether because of new information, results, future events, circumstances, or if management's estimates or opinions should change, or otherwise. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, the reader is cautioned not to place undue reliance on forward-looking statements.
