

Psyence Group Enters into Agreements with its NASDAQ-Listed Associate, Psyence Biomedical, to settle outstanding obligations

TORONTO, December 6, 2024 -- Psyence Group Inc ("**Psyence Group**" or the "**Company**") (CSE: PSYG) hereby announces that it has entered into an addendum to the previously announced debt-for-equity swap agreements (the "**Debt Swap Agreements**") with its NASDAQ-listed associate, Psyence Biomedical Ltd (NASDAQ: PBM) ("**PBM**" or "**Psyence Biomed**"), pursuant to which Psyence Biomed has agreed to issue to the Company 337,750 Psyence Biomed common shares at a deemed price of US\$3.88 per common share, in exchange for the discharging of the balance of Psyence Biomed's obligations due under the Debt Swap Agreements and a promissory note, dated January 25, 2024, issued by Psyence Biomed to the Company in connection with Psyence Biomed's listing of its common shares on the NASDAQ in January 2024.

Further, the Company has entered into a second addendum to the previously announced share sale agreement ("**Share Sale Agreement**") whereby the Company disposed of its minority stake in privately held PsyLabs to Psyence Biomed in exchange for shares of its common stock. Psyence Biomed has agreed to issue to the Company 257,021 Psyence Biomed common shares at a deemed price of US\$3.88 per common share, in exchange for the discharging of the balance of Psyence Biomed's obligations due under the Share Sale Agreement.

The Company's board of directors has, subject to the appropriate recusal of interested directors who are also directors of Psyence Biomed, approved the addendum to the Debt Swap Agreements and the second addendum to the Share Sale Agreement and no materially contrary view or abstention was expressed or made by any director in relation thereto. The Company will not file a material change report in respect of these transactions at least 21 days before anticipated closing thereof, as the Company wishes to close on an expedited basis for sound business reasons.

Psyence Biomed has agreed to register the resale of all such common shares issued to the Company by not later than 60 days of the issuing of such common shares.

About Psyence Group and Psyence Biomed:

Psyence Group is a life science biotechnology company listed on the Canadian Securities Exchange (CSE: PSYG), with a focus on natural psychedelics. Psyence Biomed is the world's first life science biotechnology company traded on the Nasdaq (NASDAQ: PBM) that is focused on the development of botanical (nature derived, or non-synthetic) psilocybin-based psychedelic medicines, and works with natural psilocybin products for the healing of psychological trauma and its mental health consequences in the context of palliative care. Our name "Psyence" combines the words psychedelic and science to affirm our commitment to producing psychedelic medicines developed through evidence-based research.

Informed by nature and guided by science, Psyence Group works to develop advanced natural psilocybin products for clinical research and development.

Forward Looking Statements

This communication contains "forward-looking statements" within the meaning of applicable securities legislation. Such statements include, but are not limited to, statements about the proposed Debt Swap, future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning.

Forward-looking statements in this communication include statements regarding the timing of the registration for resale of the common shares issued by Psyence Biomed to the Company. These forward-looking statements are based on a number of assumptions, including the assumption that there will not be any delays in the registration for resale of the common shares issued by Psyence Biomed to the Company.

There are numerous risks and uncertainties that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, among others: (i) delays in the registration of the Psyence Biomed common shares (ii) the ability of Psyence Biomed to maintain the listing of its common shares and warrants on Nasdaq; and (v) volatility in the price of the securities of Psyence Biomed due to a variety of factors, including changes in the competitive and highly regulated industries in which Psyence Biomed operates, variations in performance across competitors, changes in laws and regulations affecting Psyence Biomed's business and changes in Psyence Biomed's capital structure. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties described in the "Risk Factors" section of the of the Company's management discussion and analysis filed on sedarplus.com, and in the Psyence Biomedical final prospectus (File No. 333 276973) filed with the Securities and Exchange Commission on October 10, 2024 and other documents filed by Psyence Biomed from time to time with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Actual results and future events could differ materially from those anticipated in such information. Nothing in this communication should be regarded as a representation by any person that the forward-looking statements set forth herein will be achieved or that any of the contemplated results of such forward-looking statements will be achieved. You should not place undue reliance on forward-looking statements, which speak only as of the date they are made. Except as required by law, neither Psyence Group nor Psyence Biomed intends to update these forward-looking statements.

The Company makes no medical, treatment or health benefit claims about the Company's proposed products. The U.S. Food and Drug Administration, Health Canada or other similar regulatory authorities have not evaluated claims regarding psilocybin, psilocybin analogues, or other psychedelic compounds or nutraceutical products. The efficacy of such products has not been confirmed by approved research. There is no assurance that the use of psilocybin, psilocybin analogues, or other psychedelic compounds or nutraceuticals can diagnose, treat, cure or prevent any disease or condition. Vigorous scientific research and clinical trials are needed. The Company has not conducted clinical trials for the use of its proposed products. Any references to quality, consistency, efficacy, and safety of potential products do not imply that the Company verified such in clinical trials or that the Company will complete such trials. If the Company cannot obtain the approvals or research necessary to commercialize its business, it may have a material adverse effect on the Company's performance and operations.
