

Eco Oro Files ISS Presentation

VANCOUVER, April 4, 2017 /CNW/ - **Eco Oro Minerals Corp. ("Eco Oro" or the "Company") (TSX: EOM)** today filed a presentation delivered to Institutional Shareholder Services ("ISS") in connection with the annual general and special meeting of shareholders scheduled for April 25, 2017. The presentation and the circular are available at the link below, at www.eco-oro.com and under Eco Oro's profile on [SEDAR](#).

The presentation to ISS, a leading independent proxy voting advisory firm, details the Eco Oro board of directors (the "Board") and management's track record of preserving value for shareholders; the Board's plan to maximize value for ALL shareholders; and sets the record straight in respect to the many false and misleading claims made by the dissidents led by Courtenay Wolfe and Harrington Global Opportunities Fund Ltd. (the "Dissidents").

"The Board believes that the Dissidents' attempts at unwarranted wholesale change of the Board will be value destructive for shareholders. The Dissidents have failed to offer shareholders any plausible plan or pathway to maximizing value. We are confident that ISS in its deliberations will see that the current Board and management of Eco Oro has the best plan, the right people and the only credible path to value," said Anna Stylianides, Executive Chairman.

Eco Oro invites all shareholders to view the presentation at the link below, and review the Board's letter to shareholders.
