Sheldon Inwentash, Chairman and CEO of ThreeD, stated “During this past quarter, the Company continued to realize gains on its investment and digital assets, while continuing to maintain strategic investments within its portfolio. The Company is in a strong position to capitalize on opportunities and trends in key industries including disruptive technology and digital asset sectors. We are excited about our current and prospective investments and believe ThreeD’s investment strategy will continue to advance our investees, strengthen our investment portfolio, and will ultimately result in significant benefits to the Company’s shareholders.”

Use of Non-GAAP Financial Measures:

This press release contains references to “net asset value per share” (“NAV”) which is a non-GAAP financial measure. NAV is calculated as the value of total assets less the value of total liabilities divided by the total number of common shares outstanding as at a specific date. The term NAV does not have any standardized meaning according to GAAP and therefore may not be comparable to similar measures presented by other companies. There is no comparable GAAP financial measure presented in ThreeD’s consolidated financial statements and thus no applicable quantitative reconciliation for such non-GAAP financial measure. The Company believes that the measure provides information useful to its shareholders in understanding our performance, and may assist in the evaluation of the Company’s business relative to that of its peers.
