"We're very pleased to have achieved yet another significant milestone in our Company's growth with a 30% increase in receipts from June to July," said KL Wong, Founder and Chairman of the Company.

User Base Performance

As of the date of the news release, Hello Pal's registered user base is over 5.1 million users from over 200 countries and regions. The positive increase in registered users continues to be driven by our

livestream service.

The livestreaming service continues to be active with over 10,000 active daily users interacting with one another.

The Company continues to see the daily number of users making top-up payments increase every month. With a significant increase in user engagement on the Hello Pal platform, the company expects this to continue as new features are rolled-out.

"We are pleased our company is truly global, and will continue to rollout new products, features, to reach new markets. This provides users a social platform diversification that is less restrictive than others," said Hans Xu, Advisor of the Company

About the Hello Pal Platform

The Hello Pal Platform is a proprietary suite of mobile applications built on a user-friendly messaging interface that focus on social interaction, language learning and travel. Hello Pal, has been designed from the ground up to be easy to use and enables users' the freedom to speak in their own language regardless of the other person's language they are speaking to. Hello Pal's overriding mission is to bring the world closer together through social interaction, language learning and travel. By creating a platform where it is easy to instantly interact with others around the world and giving them the tools to communicate with each other in a joyful and fun way, we hope to do our part (however small) in fostering understanding and tolerance between all citizens of the world.

The Hello Pal platform also includes a proprietary digital wallet allowing users to store and transfer popular digital assets and tokens, including Bitcoin and Ether, based on blockchain technology.

Hello Pal, was the first app released to the public and experienced rapid growth building a diverse and active global user base. Travel Pal and Language Pal are the first and second companion apps to launch. Both apps benefit immensely from the existing and ever expanding globally based group of users. Each new app will launch with this established rapidly growing user base accelerating their adoption.

***Non-IFRS Financial Measure**

Readers are cautioned that "receipts" and "cash-flow positive" are a measure not recognized under IFRS. Total receipts includes the amount of cash received by the Company and its agents from the

use of the Hello Pal app. Also, "cash-flowpositive" means that the monthly cash flow generated by Hello Pal's Asian subsidiary is sufficient to meet all ongoing obligations of Hello Pal's Asian subsidiary. Under IFRS, total receipts may be higher than revenue as a portion of the revenue is received by agents of Hello Pal. However, the Company's management believes that "receipts" and "cash-flowpositive" provides investors with insight into management's decision-making process because management uses this measure to run the business and make financial, strategic and operating decisions. Further, "receipts" and "cash-flowpositive" also provides useful insight into the operating performance of the Hello Pal app. "Receipts" and "cash-flowpositive" does not have standardized meanings prescribed by IFRS and therefore may not be comparable to similar measures presented by other issuers. Readers are cautioned that "receipts" and are not an alternative to measures determined in accordance with IFRS and should not, on their own, be construed as indicators of performance, cash flow or profitability.
