

Senator Minerals Confirms 2017 Exploration Plans and Financing

June 21st, 2017 - Senator Minerals Inc. (SNR—TSXV) (**SNRAF**—OTC) (**T1KA**—Frankfurt) ("**Senator**" or the "**Company**") is pleased to provide an update on upcoming activities this summer. The Company has applied for permits to complete an initial phase of its proposed work program on the Patterson North East (PNE) Uranium Project, located in the western Athabasca basin, Saskatchewan. The Company anticipates commencing work on the project on July 15, 2017.

Due diligence on the Company's proposed acquisition of an interest in the Carter Lake Uranium Project, also located in the Athabasca basin, remains ongoing. As part of due diligence the Company intends to conduct an aerial survey on the project in July.

While exploration work is ongoing, the Company is continuing with its offering of common shares at a price of \$1.00 per share on a private placement basis. The Company anticipates completing the placement shortly, and will provide further information as soon as it is available.

Senator is a junior mineral explorer focused on uranium exploration in northern Saskatchewan. Senator has entered into an agreement with an arm's-length vendor to acquire a 100-per-cent interest in the Patterson North East (PNE) Uranium Project, located on the east side of the Athabasca basin in Northern Saskatchewan, the most productive uranium-producing region in the world.
