About Intellabridge Technology Corporation

Intellabridge Technology Corporation (CSE: INTL) (OTC Pink: CRBTF) (FSE: 98AA) is a fintech blockchain company that offers decentralized banking services. Its Kash DeFi banking product is a decentralized banking solution with accounts featuring high interest savings, stablecoin checking and payment solutions, as well as synthetic stock, ETF and commodity trading, and other decentralized banking services, with plans to offer debit cards featuring Apple Pay and Google Pay in 2021.

The Kash platform is focused on growth in developed markets with low savings rates, and high inflation emerging market countries where there exists the highest potential demand for USD stablecoins and DeFi banking solutions. The current Alpha version of the product is available on web and mobile in testing phase with the objective to pilot and process transactions in advance of a fully audited and security tested private-beta release in Q2 2021. For access to the Kash Alpha version visit www.kash.io and for more information on Intellabridge, visit www.intellabridge.com.
