

Intellabridge Technology Corporation Announces Stock Ticker Change for Frankfurt Stock Exchange

Menlo Park, California, Vancouver, British Columbia, and Boulder, Colorado--(Newsfile Corp. - December 14, 2021) - Intellabridge Technology Corporation ("Intellabridge") is pleased to announce that its common shares are trading on the Frankfurt Stock Exchange ("FSE") under the symbol KASH at the market open starting December 14, 2021.

The change in the ticker symbol is being made to provide greater association between the "Intellabridge" corporate brand and the "Kash" product of the Company.

"We are looking forward to trading under the new 'KASH' symbol on the FSE," said John Eagleton, CEO of Intellabridge. "The new symbol will better align the Company's 'Kash' product with our investor relations and communications strategy. Germany is an important market for the Company where we have a large base of customers and investors. Our continued listing on the FSE broadens Intellabridge's shareholder base in Europe, increasing trading activity in Intellabridge's shares, while at the same time facilitating investment in Intellabridge by the European investing community".

The Frankfurt Stock Exchange is the world's third largest organized exchange-trading market in terms of turnover and dealings in securities. Only the NASDAQ and the New York Stock Exchanges are larger. With over 3,000 international companies listed on the Frankfurt Exchange and investors directly connected to the Frankfurt Stock Exchange represent 35% of the world's investment capital.

No action is required by existing shareholders with regards to the ticker symbol change.

The Company's common shares will also continue to trade on the CSE exchange under the symbol KASH and on the OTCQB under KASHF.

About Intellabridge Technology Corporation

Intellabridge Technology Corporation (CSE: KASH) (OTCQB: KASHF) (FSE: KASH) is a digital bank based on blockchain technologies that provides retail and institutional investors with access to decentralized financial applications with additional layers of cybersecurity and customer service.

Intellabridge offers depositors self-custody services to empower them with complete transparency and control over their accounts through its institutional-grade platform. The Kash product features DeFi interest-bearing savings accounts, stablecoin checking, fiat-crypto on-ramps, synthetic stock, ETF and commodity investing, and other DeFi banking services, with plans to offer debit cards, virtual cards, Apple Pay, Google Pay in a growing number of markets globally.

The Kash platform is available on web and mobile at www.kash.io. For more information on Intellabridge, visit www.intellabridge.com.
