CEASE TRADE ORDERS, BANKRUPTCIES, PENALTIES OR SANCTIONS

To our knowledge, none of our proposed directors are, as at the date of this Circular, or have been, within 10 years prior to the date of this Circular, a director, chief executive officer or chief financial officer of any company that: (a) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days (collectively, an "Order") and that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or (b) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer of the company being the subject of such an Order and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer. To our knowledge, none of our proposed directors: (a) is, as at the date of this Circular, or has been within 10 years prior to the date of this Circular, a director or executive officer of any company that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or (b) has, within 10 years prior to the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director. To our knowledge, none of our proposed directors has been subject to: (a) any penalties or sanctions imposed by a

court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (b) any other penalty or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

On June 15, 2020, the Ontario Securities Commission, as principal regulator, issued a management cease trade order against the Corporation for failure to file the required period disclosure, being annual filings for the year ended December 31, 2019. This was due to the continued impact of COVID-19, of which caused a delay in the year end audit work. The order was revoked on July 15, 2020, following the filing of the required financial statements and other continuous disclosure documents.

On May 6, 2022, the Ontario Securities Commission issued a cease trade order against the Corporation for failure to file the required period disclosure, being annual filings for the year ended December 31, 2021, due to the Company's former Auditor's late decision that it would be unable to provide blockchain cryptocurrency audits since it does not have the specialized skills to audit companies in the cryptocurrency industry. As a result of this decision, the Company was required to engage a new auditor and request a change of year end reporting in order to be in compliance with the reporting deadlines. However, in the final analysis, the Ontario Securities Commission did not grant an end of year change and halted the trading of shares on the Canadian Securities Exchange by issuing a cease trade order for not filing the required financial statements and other continuous disclosure documents. Despite the company having completed all required filings, the cease trade remains in effect. Intellabridge is working as expeditiously and diligently as possible, in collaboration with the Ontario Securities Commission, to have the trading halt lifted.

CORPORATE GOVERNANCE

The Board recognizes that corporate governance is important to positioning long-term shareholder value. The Board is committed to attaining the highest standards of corporate governance and has designed systems to ensure the interests of Intellabridge shareholders are protected. The Board monitors Canadian developments affecting corporate governance, accountability and transparency of public company disclosure while continually assessing and updating its systems in response to changing practices, expectations and legal requirements.

Our corporate governance practices reflect rules and guidelines adopted by the Canadian Securities Administrators ("CSA"). Our approach to corporate governance meets the practices enunciated under CSA National Policy 58-201 Corporate Governance Guidelines, as well as National Instrument 52-110 - Audit Committees ("NI 52-110").

DIRECTOR COMPENSATION PHILOSOPHY

PHILOSOPHY

Intellabridge's non-employee director compensation is designed to attract individuals with the qualities, expertise and industry experience necessary to function as effective stewards of the Corporation, to reflect the time commitment and responsibilities assumed when serving on our Board and the committees of the Board (the "Committees"), and to align directors' interests with shareholders.

GOVERNANCE

The Board of Directors is responsible for reviewing and making recommendations to the Board regarding the director compensation program. When reviewing Board compensation, the Board makes efforts to benchmark director compensation relative to its peers, and provides information on Board compensation governance and best practice trends. Advice, peer data and other information and recommendations received, as well as recommendations and materials provided by Management, are factors considered by the Board in formulating recommendations.

OVERVIEW

On an annual basis, the Board of Directors makes efforts to review a peer group of companies as to their director compensation practices. It has been determined that given the early stage of development of the company, the demands placed on the board, and the fact that the board is not compensated in cash, grants of common shares for services will be considered as the primary method of compensation. In 2023, it is expected that restricted share units will also be granted.

Travel fees are also paid, where applicable.

The director compensation program is designed to: (i) attract the highest quality, most experienced and best suited board members; (ii) promote objectivity and independence; (iii) reflect the expected time commitment of directors; and (iv) enhance alignment of director compensation with the interests of Shareholders.

Please refer to the "Compensation Discussion and Analysis" section of this Circular for further details.

In 2021, no compensation was issued to any of the non-independent Directors, and in 2022, 60,000 common shares were granted to Ms. Bell Clouse in her capacity as a director. Both Ms. Fan and Ms. Bell Clouse were each also awarded \$15,000 USD in 2023, for compensation earned in 2022. No compensation has been awarded in 2023.

COMPENSATION DISCUSSION AND ANALYSIS

NAMED EXECUTIVE OFFICER ("NEOs") COMPENSATION

The NEOs whose compensation is disclosed in this Compensation Discussion and Analysis are:

- John Eagleton, Chair and Chief Executive Officer
- Maria Eagleton, Chief Financial Officer, Chief Operating Officer, and Corporate Secretary

There were no other NEOs during the most recently completed financial year.

The Board of Directors brings different perspectives, approaches and experience to the governance of our compensation program. They are highly experienced senior executives who have dealt with numerous compensation issues over the course of their careers. They are well equipped to inquire, debate and ultimately make decisions in respect of a wide range of human resources and compensation issues, as well as other matters for which they are responsible. As such, the Board provides a strong level of leadership and governance in respect of the design and execution of our compensation program.

COMPENSATION PROCESS

The Corporation's executive compensation program during the most recently completed financial year was administered by the board of directors. The board of directors based the executive compensation on comparable positions at start-up entities with limited funds.

The Board is responsible for annually reviewing the composition and use of comparator groups to assist in determining the compensation recommendations for the Corporation's senior officers, including the Chair and CEO and other NEOs, which is then approved by the Board. The Board will undertake periodic reviews of compensation design and total compensation opportunities for the senior management team, which will help to ensure the programs are current and that they fairly compare for particular roles, recognizing varying responsibility and scope of executive positions within Intellabridge. It is within the Board's mandate to engage the services of external compensation advisors to compile market information on senior management compensation relating to base salary, and any short-and long-term incentives, if necessary.

For each executive position, a range for potential compensation, salary and otherwise, will be established annually, using the benchmarking data along with other information on industry trends for positions of similar scope and responsibility. The Chair and CEO will conduct annual performance assessments on members of the senior management team, which will shape the annual salary adjustment recommendations. With respect to both NEOs, the Board will review benchmark data and other information on industry trends for positions of similar scope. Following this process, the Board will make recommendations for total target compensation for the NEOs, to the Board of Directors. As part of the annual compensation review process, the Board will review emerging best practices and risk considerations.

PERFORMANCE BONUS

STOCK OPTION PLAN

The Stock Option Plan is available to all employees, directors and consultants, including the NEOs of Intellabridge. The objective of the Stock Option Plan is to tie the interests of the directors, employees and consultants of Intellabridge directly to the interests of the shareholders of Intellabridge, as increases in the value of the Common Shares cause related increases in the value of the stock options ("Options") issued pursuant to the Stock Option Plan. In that regard, the Stock Option Plan is intended to serve as a long-term retention and incentive tool.

The exercise price, terms, vesting and conditions of any Options granted are established by the Board of Directors. The Board of Directors are able to grant up to 10% of the issued and outstanding Common

Shares, from time to time, and upon the exercise of an Option, the number of Common Shares thereafter available to be issued under the Stock Option Plan is decreased by the number of Common Shares as to which the Option is exercised. If an Option granted under the Stock Option Plan has expired or terminated for any reason without having been exercised in full, the un-issued Common Shares subject thereto are again available for issuance under the Stock Option Plan. Currently, the Options granted pursuant to the Stock Option Plan can be exercised during a period not exceeding ten years from the date of grant. The Options granted pursuant to the Stock Option Plan are non-transferable.

Awards of Options for all directors and employees, including NEOs, are approved by the Board of Directors on an ongoing basis. The determination of an award of Options, as well as the number of Options of any award, is at the sole discretion of the Board of Directors. In deciding to grant Options, the Board of Directors takes previous Option grants into consideration. There are no performance or other conditions related to the vesting of the Options, other than continued employment with Intellabridge.

As of the date of this Circular, there are no outstanding stock options.

RESTRICTED SHARE UNIT PLAN ("RSU Plan")

In August 2022, the Intellabridge shareholders approved the RSU Plan. The principal purposes of the RSU Plan are to: (i) attract and retain qualified Eligible Participants that Intellabridge requires; (ii) promote a proprietary interest in Intellabridge by such Eligible Participants and to encourage such Eligible Participants to remain in the employ or service of Intellabridge and put forth maximum efforts for the success of the business of Intellabridge; and (iii) focus Eligible Participants on Intellabridge's operating and financial performance and long-term return.

Restricted Awards (or RSUs) shall be in addition to, and not in substitution for or in lieu of, ordinary salary and wages or consulting fees received by an Eligible Participant in respect of his or her services to Intellabridge during the Service Year. The size of the award of RSUs is generally inversely related to the amount of cash compensation paid to the Eligible Participant relative to equivalent positions in the industry generally. The Corporation prefers to pay a lower cash salary and reward employees with more generous RSU grants so as to further align the interests of its employees and its shareholders.

The Board of Directors administers the RSU plan and has the authority to make grants of awards under the plan and the terms of those grants, upon recommendations from Management.

RSUs will expire on the third calendar year following the end of the applicable service year. Restricted Awards granted pursuant to the RSU Plan shall, unless otherwise determined by the Board or as specifically set out therein, vest as to one-third (1/3) of the granted Restricted Awards on each of the first and second anniversaries of the Grant Date, and the remaining one-third (1/3) shall vest on the earlier of: (i) the third anniversary of the Grant Date, and (ii) December 31 of the third calendar year following the Service Year in respect of which the Restricted Awards were granted.

Upon vesting, the payout amount may be made in cash or common shares of Intellabridge, at the sole discretion of Intellabridge.

Where Intellabridge elects to pay any amounts pursuant to a Restricted Award by acquiring Common Shares on the Exchange, or by Intellabridge issuing Common Shares from treasury, the number of Common Shares to be delivered is equal to the nominal number of Common Shares underlying the Restricted Award.

If an employee resigns or is terminated with cause, all outstanding RSUS shall be immediately terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.

If an employee is terminated without cause, then any RSUs held by such Grantee with a Vesting Date that is within ninety (90) days following the date of termination, the vesting (or settlement date), will be the date of termination, and the Grantee shall be entitled to receive the Payout Amount of such Restricted Awards.

No RSUs have been issued as of the date of this document.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

BOARD OF DIRECTORS – INDEPENDENCE

Our Board is responsible for determining, at least annually, whether or not each director is independent within the meaning set forth in NI 52-110. Generally, the Board considers a director to be independent if that director has no direct or indirect material relationship with the Corporation which could reasonably be expected to interfere with the exercise of the director's independent judgment. In its review, the Board considers and analyzes the existence, materiality and effect of all relationships of our directors with the Corporation, including business, family and other.

Mr. Eagleton, our current Chief Executive Officer and Board Chair, is not-independent and Maria Eagleton,

our Chief Financial Officer, Chief Operating Officer, and Corporate Secretary is not independent. Our Board is currently composed of 4 directors, 2 of whom are independent (Ms. Bell Clouse and Ms. Fan).

All Board and Committee meetings include a scheduled session with only independent directors and no members of Management present, to facilitate open and candid discussion among independent directors.

BOARD OF DIRECTORS' ROLE

The fundamental responsibility of our Board is to appoint a competent executive team and to oversee the management of the business, with a view to maximizing shareholder value and ensuring corporate conduct in an ethical and legal manner via an appropriate system of corporate governance and internal controls. The written mandate of the Board of Directors (the "Board Mandate") sets out the key responsibilities of our Board in its stewardship and includes the primary responsibilities described below.

Chief Executive Officer Performance: Our Board is responsible for appointing the Chair and Chief Executive Officer and monitoring the Chair and Chief Executive Officer's performance against a set of mutually agreed upon corporate objectives directed at maximizing shareholder value.

Strategic Plan: Our Board is responsible for the annual review and approval of our strategic plan. Key objectives of the strategic plan, as well as quantifiable operating and financial targets are incorporated into the strategy review. Our Board discusses and reviews with Management all materials relating to the strategic plan and receives updates from Management on the strategic plan throughout the year. Management is required to seek our Board's approval for any transaction considered to have a significant impact on our strategic plan.

Compensation: Our Board approves the compensation of the Chair and Chief Executive Officer and of the executive officers. For a description of the process by which compensation for the Corporation's named executive officers is determined, see the "Compensation Discussion and Analysis" section of this Circular.

Risk Management: Intellabridge is exposed to a number of risks through the pursuit of our strategic objectives. Some of these risks impact the technology industry as a whole and others are unique to our operations. Our Board is responsible for ensuring an adequate system of internal control exists to identify our principal risks, including operational risks, and to monitor the process to manage such risks.

Communications: Our Board is responsible for reviewing communications policies to ensure that a system for corporate communications to all stakeholders exists, including processes for consistent, transparent, regular and timely public disclosure, and to facilitate feedback from stakeholders.

We provide detailed information on our business, operating and financial results in accordance with our continuous disclosure requirements under applicable securities laws. News releases and other prescribed documents are required to be filed on the electronic database maintained by the CSA known as SEDAR at sedar.com, as well as on the websites of the Canadian Securities Exchange at www.thecse.com and the OTCQB website at www.otciq.com. These documents and other information are also available on our website at www.intellabridge.com.

Expectations of Directors: The Board Mandate also sets out the expectations and business duties of the directors, including the expectation for directors to attend all meetings and the responsibility to ensure that Board materials are distributed to all directors in advance of regularly scheduled meetings to allow for sufficient review. Our Board has a Code of Business Conduct & Ethics for directors, officers, employees, contractors and consultants, and monitors compliance with the code, and approves any waivers of the code for officers

and directors.

Corporate Governance: Our Board is responsible for establishing an appropriate system of corporate governance, including policies and practices to ensure the Board functions independently from Management and to ensure that processes are in place to address applicable regulatory, corporate, securities and other compliance matters.

POSITION GUIDELINES

The Board has approved general guidelines for the Chair & Chief Executive Officer, the Board of Directors, and the Chairs of the Board Committees.

Chief Executive Officer: In his role as the Intellabridge Chief Executive Officer, Mr. Eagleton's fundamental responsibility is the general direction and management of the business and affairs of Intellabridge, in accordance with the corporate strategy and objectives approved by the Board and within the authority limitation delegated by the Board. Our Board is responsible for monitoring the Chief Executive Officer's performance directed at maximizing shareholder value.

Board Chair: In his role as the Chair of the Board, Mr. Eagleton is expected to effectively manage the affairs of the Board, ensuring it is properly organized, functions effectively and meets its obligations and responsibilities, including those relating to corporate governance matters.

Board of Directors: The Board is responsible for supervising the management of the business and affairs of the Corporation. The Board performs the overall stewardship responsibilities either directly or through its Committees. Each Director participates in fulfilling the Board's stewardship role by acting honestly and in good faith with a view to the best interests of the Corporation (fiduciary duty) and exercising the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances (duty of care).

Committee Chairs: The fundamental responsibility of the Chair of any Committee is to effectively manage the duties of the Committee, ensuring that it is properly organized, functions effectively and meets its obligations and responsibilities.

BOARD ASSESSMENT AND RENEWAL

We have processes in place for assessing and renewing our Board. Board assessment involves established practices for the regular evaluation of the effectiveness of the Board, Board committees and each director. Board renewal entails procedures for identifying skills, expertise and experience that are required to effectively manage Intellabridge's business activities and processes to identify, evaluate and recommend qualified candidates to the Board.

The ongoing process of Board composition review and renewal involves the use of a skills matrix, which helps the Board identify any gaps in the skills, expertise and industry experience identified as being most important to Intellabridge following a review of recommended best practices, the Board Mandate, Intellabridge's strategy, and peer group disclosure.

The Board maintains a program to consider potential director candidates to further progress Board renewal at Intellabridge. The Board recognizes the benefit that new perspectives, ideas and business strategies can offer and support periodic Board renewal. The Board also recognizes that a director's experience and knowledge of Intellabridge's business is a valuable resource. Accordingly, the Board believes that

Intellabridge and its shareholders are better served with the regular assessment of the effectiveness and contribution of the Board, Board committees and individual directors together with periodic Board renewal, rather than on arbitrary age and tenure limits. Accordingly, the Board does not have a formal term limit or retirement policy for directors.

DIRECTOR NOMINEE IDENTIFICATION PROCESS

One of the Board's most important responsibilities is to identify, evaluate and recommend candidates for the Board. The Board receives and evaluates suggestions for candidates from individual directors and the Chair & Chief Executive Officer. The Board also has the authority to retain search firms for the purpose of identifying appropriate director candidates for consideration and may, upon approval by a majority of its members, engage any outside resources deemed advisable.

The Board believes that its membership should be composed of highly qualified directors who demonstrate integrity and suitability for overseeing Management. Accordingly, all Board appointments are made on merit, in the context of the skills, expertise, experience and independence which the Board as a whole requires to be effective. Intellabridge recognizes and embraces the benefits of having a diverse Board which includes and makes good use of differences in the skills, expertise, industry experience, gender, ethnicity, age and other distinctions between directors. The Board considers these differences in determining the optimum composition of the Board and aims to balance them appropriately.

ORIENTATION AND CONTINUING EDUCATION OF DIRECTORS

The Board is responsible for implementing procedures for the orientation and education of new Board members concerning their role and responsibilities and for the continued development of existing members of our Board.

Orientation: A formalized orientation program is currently being developed. However, new Board members are provided with an informal program regarding, among other things, the role of the Board, its committees and directors and the nature and operation of our business. Overviews of our strategy and areas of operations are also provided. New members to our Board are also encouraged to conduct their own due diligence through meetings with our Chair & Chief Executive Officer or any other director they may choose. Directors are also provided with opportunities throughout the year to meet with Management for informal question and answer discussions.

Continuing Education: Continuing education opportunities for all directors are being considered, so that individual directors can enhance their skills as directors and strengthen their understanding of our business environment.

ETHICAL BUSINESS CONDUCT

We have a set of guiding principles and values outlining the basis on which we operate as a high performance, principled corporation. These principles and values establish our commitment to conducting business ethically and legally. The Chair & Chief Executive Officer, in accordance with his position guidelines, fosters a corporate culture that promotes ethical practices and encourages individual integrity and social responsibility.

Code of Business Conduct & Ethics: The Code of Business Conduct & Ethics applies to all directors, officers, employees, contractors and consultants. The Code of Business Conduct & Ethics makes specific reference to the protection and proper use of our assets, fair dealings with our stakeholders, detection and prevention

of fraud and compliance with laws and regulations. All of our directors, officers, employees, contractors and consultants are asked to review the Code of Business Conduct & Ethics and confirm on an annual basis that they understand their individual responsibilities and agree to its requirements. Any waiver of the Code of Business Conduct & Ethics for officers or directors may only be made by our Board and will be promptly disclosed to shareholders as required by law.

BOARD COMMITTEES

The Board's committees assist the Board with fulfilling its fundamental responsibilities including oversight of management of the business with a view to maximizing shareholder value and ensuring corporate conduct in an ethical and legal manner via an appropriate system of corporate governance and internal control. Currently, Intellabridge has an Audit Committee, comprised of John Eagleton, Terri Bell Clouse and Lee Fan. The duties of which are typically under the mandates of the Governance and Nominating Committee and Human Resources Committee are fulfilled by the Board as a whole.

The Audit Committee's primary duties and responsibilities are to oversee and monitor the effectiveness and integrity of our accounting and financial reporting processes, financial statements and system of internal controls regarding accounting and financial reporting compliance, oversee audits of our financial statements, review and evaluate our risk processes, review and approve Management's identification of principal financial risks and monitor the process to manage such risks, oversee and monitor our compliance with legal and regulatory requirements, oversee and monitor the qualifications, independence and performance of our external auditors, provide an avenue of communication among the external auditors, Management, and the Board, and report to the Board regularly.

The Audit Committee Mandate requires all members to be financially literate, as defined in NI 52-110.

The Audit Committee also oversees and monitors the qualifications, independence and performance of our external auditors.
