

**WORLD CLASS EXTRactions INC. PROVIDES
BI-WEEKLY STATUS REPORT**

Vancouver, BC – October 11, 2022 – World Class Extractions Inc. (**CSE: PUMP**) (**FRA: WCF**) (**OTCQB: WCEXF**) (the “**Corporation**” or “**World-Class**”) is providing this bi-weekly default status report (the “**Default Status Report**”) in accordance with National Policy 12-203 – *Management Cease Trade Orders* (“**NP 21-203**”). On August 15, 2022, the Corporation announced (the “**Default Announcement**”) that, for reasons disclosed in the Default Announcement, the filing of the Corporation’s audited financial statements for the financial year ended April 30, 2022, and the related management’s discussion and analysis, and Chief Executive Officer and Chief Financial Officer certificates (collectively, the “**Annual Filings**”) would not be completed by the prescribed deadline of August 29, 2022.

As a result of this delay in filing the Annual Filings, the Corporation’s principal regulator, British Columbia Securities Commission, granted a temporary management cease trade order (the “**MCTO**”) to the Corporation on August 30, 2022. The MCTO prohibits all trading by the Chief Executive Officer and the Chief Financial Officer of the Corporation, and such other directors, officers and persons as determined by the applicable regulatory authorities, in securities of the Corporation until the MCTO is revoked. The Corporation’s board of directors and management confirm that they are working expeditiously to meet the Corporation’s obligations relating to the filing of the Annual Filings, with the goal of filing prior to October 28, 2022.

Pursuant to the provisions of the alternative information guidelines specified by NP 12-203, the Corporation reports that since the Default Announcement there have not been any changes to the information contained therein that would reasonably be expected to be material to an investor, not any failure by the Corporation to fulfil its intentions as stated therein with respect to satisfying the provisions of the alternative information guidelines, and there are no additional defaults or anticipated defaults subsequent to the disclosure therein, other than the delay in filing the Annual Filings.

Further, there is no additional material information respecting the Corporation and its affairs that have not been generally disclosed and there are no insolvency proceedings against the Corporation as of the date of this Default Status Report. Until the Annual Filings have been filed, the Corporation intends to continue to satisfy the provision of the alternative information guidelines specified by NP 12-203 by issuing bi-weekly status default reports in the form of press releases, which will also be filed on SEDAR at www.sedar.com.

About World Class Extractions Inc.

World-Class is an innovation-driven company and has been approved by its shareholders to change its business from a company focused on the cannabis industry to that of an investment issuer with a focus on the life sciences industries (the “**Proposed Change of Business**”). Subject to regulatory and Canadian Securities Exchange (the “**CSE**”) approval with respect to the Proposed Change of Business, World-Class intends to focus its business on investing in private and public companies with strong intellectual property, exceptional management and high growth potential that may be strategically positioned in the global market. World-Class recently disposed of its wholly owned subsidiary, Soma Labs Scientific Inc., a designer, manufacturer, and supplier of extraction and processing equipment and solutions.
