YOUNET Unveils Its Rabbit AI Technology Designed To Become Your Personal Assistant That Works 24/7

Toronto, Ontario - (September 13, 2023) - **YOUNET** (the “Company”) is pleased to announce the beta launch of its pioneering artificial intelligence platform called Rabbit AI. Rabbit AI is a model designed to become your personal assistant that works 24/7. This revolutionary platform may empower users to create a personalized AI model for themselves based on how they act at work yet without any coding expertise required.

The intention of Rabbit AI management is to make it accessible to everyone in the workplace. Whether you are a CEO or an employee, the platform can enable users to input data in various formats – text, files, or emails – through machine learning. Rabbit AI distills this data into useful insights and analyses to try to bring efficiency to the user’s day-to-day tasks.

Among Rabbit AI's features is its seamless communication function. Users will be able to effortlessly interact with their Rabbit AI through a user-centric interface, seamlessly integrating AI applications into real-world scenarios. Central to the platform's architecture is its provision of real-time support, granting users immediate guidance and education.

Users will be able to put their Rabbit AI into action across multiple platforms such as Chrome Extension, CRM, Support Desk, Email, Web Form, Google Docs, and beyond. This adaptability should empower users to harness Rabbit AI’s unique capabilities wherever they require it, allowing Rabbit AI to respond on their behalf effectively and quickly.

The project has secured financial support from some notable investors, including Stock Trend Capital (CSE:PUMP, PINK:STOCF) an investment issuer focused on AI technologies.
