SCHEDULE "D"

NET SMELTER ROYALTY AGREEMENT

THIS AGREEMENT made as of the 18th day of October 2018.

BETWEEN:

Vanicom Resources Limited, a corporation existing under the laws of Australia. (the
"Grantor")

- and -

Tartisan Nickel Corp, a corporation existing under the laws of Ontario, Canada
(the "Grantee")

WHEREAS the Grantee and Grantor have entered into an agreement in respect of the transfer of certain properties from Grantee to Grantor, and as partial consideration for such settlement the Grantor has agreed to grant the Grantee a royalty all on and subject to the terms and conditions hereinafter contained.

NOW THEREFORE THIS AGREEMENT WITNESSETH THAT for good and valuable consideration the receipt and sufficiency whereof being acknowledged by each of the parties hereto, the parties hereto do hereby covenant and agree as follows:

1. DEFINITIONS

1.1 In this Agreement, including in the recitals hereto, the following terms shall have the following meanings:

- (a) "**Affiliate**" shall have the meaning set out in the *Securities Act* (Ontario);
- (b) "**Agreement**", "**this Agreement**", "**hereto**", "**hereof**", "**herein**", "**hereunder**", "**hereby**" and similar expressions refer, unless otherwise expressly stated, to this Agreement, including the recitals and any schedules or appendices hereto, as it may from time to time be supplemented or amended by one or more agreements entered into pursuant to the applicable provisions hereof, and not to any particular article, section, subsection, subparagraph or other subdivision hereof;
- (c) "**Gross Value**" shall mean the consideration actually received by the Grantor from the sale or other disposition of Minerals, provided that where the Grantor's sale or disposition is based upon a contract for the sale of Minerals that fixes a selling price for metals on other than a market price of the product on the date of delivery to the purchaser (less deductions normally negotiated as a part of such contracts), specifically including without limitation, forward sales, futures trading or commodity options trading and any other price hedging, price protection and speculative arrangements not involving physical delivery of Minerals produced from ores mined from the Property, Minerals shall be deemed to have been sold only at the time that refined metal attributable to such Minerals is physically delivered by the Grantor in satisfaction of such commitments. Gross Value of Minerals shall be based on the contained metal value of the Minerals actually delivered, calculated by dividing the sum of all such prices reported for

each respective metal on each day of the calendar month by the number of days for which such prices were reported for the month in which the sale occurred, as such prices are quoted on the London Metal Exchange (LME) p.m. fix. The Royalty payable to the Grantee shall be based upon such Gross Value, net of the deductions more fully set forth below. In the event of cessation or suspension of quotations for a period of more than five (5) consecutive days in a given month, the parties hereto shall agree on a reputable substitute quotation mechanism for each affected metal. If the Grantor terminates or “buys-back” any of such price protection arrangements without actual physical delivery of Minerals, the Grantee shall not share in any profits or losses therefrom;

- (d) “**Minerals**” shall mean raw ores, concentrates, precipitates, leach liquor, metals, ore and mineral materials of every kind and character and all other naturally-occurring products contained within the Property which are sold by the Grantor (including sand and gravel and other common non-metallic materials);
- (e) “**Net Returns**” shall mean the Gross Value received by the Grantor from the sale or other disposition of Minerals, less the following expenses incurred by the Grantor with respect to such Minerals after they leave the Property, as the case may be:
 - (i) actual charges for treatment in the smelting and refining process (including handling, assaying, processing, penalties, impurity charges, metal losses and other processor deductions);
 - (ii) actual sales and brokerage costs;
 - (iii) any sales, severance, gross production, privilege or similar taxes assessed by the provincial or federal government on or in connection with the sale or other disposition of Minerals but excluding any and all taxes based upon the net or gross income of the Grantor or other operator of the Property, the value of the Property or the privilege of doing business, and other taxes assessed on a similar basis; and
 - (iv) actual costs of transportation (including freight, insurance, security charges, transaction taxes, import and export duties, levies, imposts, handling, port, demurrage, delay, stowage and forwarding expenses incurred by reason of or in the course of such transportation) of such Minerals, to the mill, smelter or other point of sale.

The Grantor shall be permitted to sell concentrates in the form usually commercially marketable to an Affiliate of the Grantor provided that such sales shall be considered, solely for the purpose of computing Net Returns, to have been sold at prices and on terms no less favourable than those which would be extended to an unaffiliated third party in a bona fide arm’s length transaction under similar circumstances. Similarly, if the Grantor or an Affiliate of the Grantor incurs costs that are deductible or treats the Minerals in a smelter that the Grantor or the Affiliate of the Grantor owns or controls, the Grantor or the Affiliate of the Grantor may deduct treatment charges and costs, but only to the extent they are no more than the amount that the Grantor or the Affiliate of the Grantor would have charged an unaffiliated third party in a bona fide arm’s length transaction under similar circumstances;

- (f) “**Place of Delivery**” means the place directed by the Grantee in writing;
- (g) “**Produced**” shall mean the mining, saving, extraction from the soil or other creation of a marketable product containing Minerals from the Property;

- (h) “**Property**” shall mean the staked mining claims, leases and patents located in the Province of Ontario, as further described in Schedule “C” to the Property Purchase Agreement;
- (i) “**Property Purchase Agreement**” means the Property Purchase Agreement dated October 18, 2018 (and any amendments thereto) with respect to the transfer of the Property between the parties hereto and Canadian Arrow Mines Limited; and
- (j) “**Royalty**” means one half percent (0.5%) of Net Returns from the Property.

2. ROYALTY INTEREST

2.1 The Grantor does hereby grant the Royalty to the Grantee in perpetuity, subject to the terms and conditions of this Agreement. The Grantor and the Grantee expressly acknowledge and agree that the grant of the Royalty herein is effective as of the date of this Agreement, is intended to be binding upon the successors and assigns of the Grantor and all successors of the Grantor in title to the Property and, notwithstanding anything to the contrary contained herein, the Royalty interests described in this Agreement are intended to be treated as interests in real property for all purposes and, therefore, constitute an estate, right, title, interest or equity in registered land within the meaning of Section 71 of the *Land Titles Act*. The Royalty shall run with the Property, and shall be registered against title to the Property.

3. GRANTOR’S OPERATIONS

- (a) **Further Processing.** The Grantor may, but is not obligated to, beneficiate, mill, sort, concentrate, refine, smelt or otherwise process or upgrade the Minerals Produced from ores mined from the Property prior to sale, transfer, or conveyance to a purchaser, user or consumer other than the Grantor. The Grantor shall not be liable for mineral values lost in such processing except for losses resulting from the bad faith or gross negligence of the Grantor.
- (b) **Weighing and Sampling – Commingling.** All ores, materials or products containing Minerals shall be weighed or measured, sampled and analyzed in accordance with the Grantor’s standard mining and metallurgical practices. After such weights, measurements or samples are taken, at its discretion, the Grantor may mix or commingle such ores, materials or products with ores, materials or products from other properties or sources.
- (c) **Information to Grantee.** All payments of the Royalty hereunder shall be accompanied by a smelter settlement sheet or other evidence of sale indicating the weight of materials received, contained mineral values and a statement of the Grantor as to the deductions made. If no Royalty is due the Grantee for any pay period, the Grantor shall nonetheless provide the Grantee with a statement showing in reasonable detail the quantities of Minerals Produced from the Property.
- (d) **Mining Methods - No Implied Covenants.** The Grantor shall have the sole and exclusive right to determine the timing and the manner of any production from the Property and all related exploration, development, operational and mining activities. Nothing in this Agreement shall require the Grantor to explore, develop or mine or continue operations on the Property or to process ores from the Property. The Grantor shall not be responsible for nor be obliged to make any Royalty payments for values lost in any mining or processing of the Minerals conducted pursuant to customary mining practices. The Grantor shall not be required to mine or to preserve or protect the Minerals which under customary mining practices cannot be mined or shipped at a reasonable profit at the time mined,

- (e) **Retention of Inventory.** The Grantor may, but is not obligated to, retain ore or treated ore products containing Minerals as inventory for any length of time and for any reason. At the Grantee's reasonable request, the Grantor shall deliver to the Grantee a monthly statement of such inventory, but the Grantee shall have no right to any Royalty payments until the Grantor actually delivers and sells the Minerals. Raw Minerals stockpiles are not subject to the Royalty until treated and the products are delivered and sold.

4. ROYALTY TRANSFER

4.1 The Grantor shall be entitled to assign, sell, transfer, lease, mortgage, charge or otherwise encumber or dispose of the Property or the Minerals in situ, or any parts thereof, or the proceeds thereof, and its rights and obligations under this Agreement, provided the following conditions are satisfied, and upon such conditions being satisfied in respect of any such assignment, sale or transfer only the Grantor shall be released from its obligations under this Agreement corresponding to its proportionate interest in the Property so sold or transferred:

- (a) any purchaser, transferee, lessee or assignee of the Property or this Agreement agrees in writing in favour of the Grantee to be bound by the terms of this Agreement including, without limitation, this Section 4;
- (b) any purchaser, transferee or assignee of this Agreement has simultaneously acquired the Grantor's right, title and interest in and to the Property or the Minerals in situ, or part thereof; and
- (c) any mortgagee, chargee, lessee, assignee or encumbrancer of the Property or this Agreement agrees in advance in writing in favour of the Grantee to be bound by and subject to the terms of this Agreement in the event it takes possession of or forecloses on all or part of the Property and undertakes to obtain an agreement in writing in favour of the Grantee from any subsequent purchaser, lessee, assignee or transferee of such mortgagee, charge holder, lessee or encumbrancer that such subsequent purchaser, lessee, assignee or transferee will be bound by the terms of this Agreement including, without limitation, this Section 4.

4.2 Any assignment, transfer, conveyance, mortgage, pledge or charge or lease or purported assignment, transfer, conveyance, mortgage, pledge or charge or lease of any interest in the Property by the Grantor, or in, to or arising under this Agreement by the Grantor or the Grantee, which does not comply with the terms of this Agreement shall be null and void and of no force or effect whatsoever. Notwithstanding any other provision in this Agreement, including the provisions of Section 4 of this Agreement, the Grantor shall remain liable for all covenants, agreements, obligations, representations and warranties of the Grantor contained in this Agreement, despite any assignment, transfer, conveyance, mortgage, pledge, charge or lease of any interest in the Property by the Grantor, or in, to or arising under this Agreement, to any Affiliate of the Grantor.

5. PAYMENT OF ROYALTY

- (a) **Frequency of Payment of Royalty.** The Royalty shall be due and payable within thirty (30) days after the end of each calendar quarter in which the Gross Value accrues. The Grantee shall not have the right to take its Royalty "in kind".
- (b) **Method of Making Payments.** All Royalty payments required to be made hereunder shall be mailed or delivered to the Place of Delivery.
- (c) **Records; Inspection.** All books and records used by the Grantor to calculate the Royalty shall be kept in accordance with generally accepted accounting principles or international financial

reporting standards. The Grantee may, upon reasonable notice to the Grantor, inspect such books and records used to calculate the Royalty. No inspections taken hereunder shall be in derogation of the Grantee's right to make objections as described in Section 5(d).

- (d) **Objections.** All Royalty payments shall be considered final and in full satisfaction of all obligations of the Grantor with respect thereto, unless the Grantee gives the Grantor written notice describing and setting forth a specific objection to the calculation thereof within one hundred eighty (180) days after receipt by the Grantee of the quarterly statement provided for herein. If an audit of production records is timely requested by the Grantee, then for up to a period of ninety (90) days following receipt of the Grantee's objection, such audit shall be performed of the Grantor's records and accounts relating to the Royalty calculation by an independent certified public accountant acceptable to the Grantor at reasonable times and upon reasonable notice to the Grantor. If such audit determines that there has been a deficiency or an excess in the payment made to the Grantee such deficiency or excess shall be resolved by adjusting the next quarterly Royalty payment due hereunder. The Grantee shall pay all costs of such audit unless a deficiency in the payment made to the Grantee is greater than ten percent (10%) of the Royalty determined to exist, in which event the Grantor shall pay such costs. Failure on the part of the Grantee to make claim on the Grantor for adjustment in the one hundred eighty (180) day period referenced above shall conclusively establish the correctness of the statement and preclude the filing of exceptions thereto or the making of any claim for adjustment thereon for the calendar quarter in question.
- (e) **Application to Reprocessed and Other Materials.** If the Grantor reprocesses any mill tailings or any residues from the Property, the Royalty shall be payable only upon any Minerals recovered therefrom. The Grantee shall not be entitled to any royalties on ores or minerals produced from other properties which are otherwise processed at the Property by the Grantor.

- (b) **Performance.** The failure of the Grantee or the Grantor to insist on the strict performance of any provision of this Agreement or to exercise any right, power or remedy upon a breach hereof shall not constitute a waiver of any provision of this Agreement or limit the Grantee's or the Grantor's right thereafter to enforce any provision or exercise any right hereunder. - (d) **Counterparts.** This Agreement may be executed in several counterparts by original or electronic signature, each of which so executed shall be deemed to be an original and such counterparts together shall constitute one and the same document.
