Tampa, Florida, December 19, 2024 – [Cansortium Inc. \(CSE: TIUM.U\) \(OTCQB: CNTMF\)](#) (“FLUENT” or the “Company”), a vertically-integrated, multi-state cannabis company operating under the [FLUENT™](#) brand, and RIV Capital Inc. (CSE: RIV) (OTC: CNPOF) (“RIV Capital”), a vertically integrated cannabis company operating the **Etain™** brand in New York, are pleased to announce the completion of the previously announced arrangement with RIV Capital (the “Transaction”), whereby FLUENT acquired all of the issued and outstanding Class A common shares (the “RIV Capital Shares”) of RIV Capital in exchange for FLUENT Shares (as defined below) pursuant to the terms of an arrangement agreement dated May 30, 2024 (as amended, the “Arrangement Agreement”).

Under the terms of the Arrangement Agreement, RIV Capital shareholders (the “RIV Capital Shareholders”) received 1.245 of a common share of FLUENT (the “FLUENT Shares”) in exchange for each RIV Capital Share held. As a result, shareholders of FLUENT (the “FLUENT Shareholders”) hold approximately 51.25% of the combined business of FLUENT and RIV Capital (the “Combined Company”) and the RIV Capital Shareholders and The Hawthorne Collective, Inc. (“The Hawthorne Collective”), together, hold approximately 48.75% of the Combined Company, each on a fully diluted basis. The Combined Company will continue to operate under the FLUENT name and the FLUENT Shares will continue to trade on the Canadian Securities Exchange (the “CSE”) under the symbol “TIUM.U” and on the OTCQB Venture Market under the symbol “CNTMF”.

Under the terms of the Arrangement Agreement, Robert Beasley has been named Chief Executive Officer of the Combined Company. The RIV Shares are expected to be delisted from the CSE at market close on December 19, 2024. The Company will cause RIV Capital to apply to the relevant Canadian securities regulatory authorities to cease to be a reporting issuer under applicable Canadian securities laws.

Management Commentary

“I am thrilled to complete this transaction, and I would like to thank our combined teams for all of their hard work over the past few months and our shareholders for their strong support,” said Robert Beasley, Chief Executive Officer of FLUENT. “Together, we have created one of the most well-positioned cannabis operators in the industry, with a strategic footprint in four key growth markets and a strong balance sheet which will allow us to act on accretive growth opportunities. With integration activities well underway, our teams have continued to uncover synergies that, combined with our history of operational excellence, will enable us to build an efficient, profitable organization.”

Mr. Beasley added, “With New York legal retail sales on pace to exceed \$1 Billion by year end⁴, our recent successful launch of MOODS in New York underscores the immense potential of the Combined Company, as we have introduced FLUENT’s brands to scale the wholesale operations and gain additional shelf space in dispensaries across the state. With our proven retail and cultivation expertise, we will continue to optimize and build upon the strong foundation we have built in the attractive markets where we operate. Looking ahead, we remain focused on sustainable, long-term growth and will continue to drive efficiencies across all areas of the business to achieve our profitability and cash generation goals for our shareholders.”

“This is a transformational deal for RIV Capital and represents the culmination of substantial work for both FLUENT and RIV Capital,” said David Vautrin, former Chief Revenue Officer and Interim Chief Executive Officer of RIV Capital and, upon closing, Chief Commercial Officer of FLUENT. “As evidenced by past performance, we believe FLUENT is one of the most fundamentally sound and now one of the most well-positioned multi-state operators in the United States. I am looking forward to fully unlocking the potential of this combined team to drive value for our shareholders.”

Forward-Looking Information

Certain information in this news release may constitute forward-looking information within the meaning of applicable Canadian securities legislation and may also contain statements that may constitute "forward-looking statements" within the meaning of the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995. In some cases, but not necessarily in all cases, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "targets", "expects" or "does not expect", "is expected", "an opportunity exists", "is positioned", "estimates", "intends", "assumes", "anticipates" or "does not anticipate" or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might", "will" or "will be taken", "occur" or "be achieved". In addition, any statements that refer to expectations, projections, or other characterizations of future events or circumstances contain forward-looking information. Statements containing forward-looking information are not historical facts but instead represent the Company's expectations, estimates, and projections regarding future events, plans or objectives, many of which, by their nature, are inherently uncertain and outside of the Company's control.

Forward-looking information is necessarily based on many opinions, assumptions, and estimates that, while considered reasonable by the Company as of the date of this news release, are subject to known and unknown risks, uncertainties, assumptions, and other factors that may cause the actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information, including but not limited to the factors described in the public filings of the Company and RIV Capital filed with Canadian securities regulators and available under the Company's and RIV Capital's respective profiles at www.sedarplus.ca. These factors are not intended to represent a complete list of the factors that could affect the Company; however, these factors should be considered carefully. There can be no assurance that such estimates and assumptions will prove to be correct.

The Company, through several of its subsidiaries, is directly involved in the manufacture, possession, use, sale, and distribution of cannabis in the adult-use and medical cannabis marketplace in the United States. Local state laws where the Company operates permit such activities however, investors should note that there are significant legal restrictions and regulations that govern the cannabis industry in the United States. Cannabis remains a Schedule I drug under the United States Controlled Substances Act, making it illegal under federal law in the United States to, among other things, cultivate, distribute, or possess cannabis in the United States. Financial transactions involving proceeds generated by, or intended to promote, cannabis-related business activities in the United States may form the basis for prosecution under applicable United States federal money laundering legislation.

While the approach to enforcement of such laws by the federal government in the United States has trended toward non-enforcement against individuals and businesses that comply with adult-use and medical cannabis programs in states where such programs are legal, strict compliance with state laws with respect to cannabis will neither absolve the Company of liability under United States federal law, nor will it provide a defense to any federal proceeding which may be brought against the Company. The enforcement of federal laws in the United States is a significant risk to the business of the Company and any proceedings brought against the Company thereunder may adversely affect operations and financial performance.

The forward-looking statements contained in this news release are made as of the date of this news release, and the Company expressly disclaims any obligation to update or alter statements containing any forward-looking information, or the factors or assumptions underlying them, whether as a result of new information, future events or otherwise, except as required by law.
