## 1. Nature of operations and going concern

The Company is in the business of acquiring, exploring for and developing mineral properties in Canada. Substantially all of the efforts of the Company are devoted to these business activities. To date the Company has not earned significant revenue and is considered to be in the exploration stage. The ability of the Company to carry out its business plan rests with its ability to secure equity and other financing.

The Company is in the process of exploring its resource mining properties and has not yet determined whether these properties contain economically recoverable reserves. The continued operations of the Company and the amounts recoverable on these mining properties are dependent upon the economically recoverable reserves, the ability of the Company in obtaining the financing to complete the necessary exploration and development upon attaining future profitable production or proceeds from disposition of the mining properties.

Although the Company has taken steps to verify title to mining properties in which it has an interest according to industry standards for the stage of exploration and development of such properties, these procedures may not guarantee the Company's title. Properties may be subject to undisclosed prior agreements or transfers and title may be affected by undetected defects.

The Company's continued existence as a going concern is dependent upon its ability to continue to obtain adequate ongoing debt and/or equity financing with creditors, officers, directors and stakeholders. In addition the Company must also ultimately become profitable.

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") applicable to a going concern. Accordingly, they do not give effect to adjustments that would be necessary should the company be unable to continue as a going concern and therefore be required to realize its assets and liquidate its liabilities and commitments in other than the normal course of business and at amounts different from those in the accompanying financial statements.

## 1. Nature of operations and going concern - continued

The company has incurred a net loss of \$(66,626) for the six month period ended July 31, 2014 and a net income of \$253,175 for the year ended January 31, 2014 and a working capital deficiency of \$(105,643) as at January 31 2014 and \$(106,806) as at January 31, 2013. The ability of the Company to remedy its working capital deficiency and to carry out its business plan rests with its ability to secure additional equity and other financing.

### 2. Basis of preparation and adoption of IFRS

#### **Statement of Compliance**

The Company applies International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("ISAB"). These condensed interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS and interpretations issued as issued by IFRS as issued by IASB and interpretations issued by IFRIC.
