

## Netcoins Lists Horizen (ZEN); Privacy-Oriented Coin Now Available For Trading

VANCOUVER, British Columbia, Sept. 27, 2018 -- **Netcoins Holdings Inc.** ("**NETC**" or the "**Company**") (**CSE: NETC**) (**OTC: GARLF**) is pleased to announce that it has listed [ZEN](#), available for immediate purchase. Netcoins users can now access ZEN via the platform's OTC Private Brokerage Services business as well as its more than 21,000 retail locations across Australia, Europe, and Canada. ZEN is the 12th token in a series of altcoins to be listed by Netcoins for trading.

ZEN is a privacy-oriented digital currency native to [Horizen](#) (formerly ZenCash), a decentralized technology platform that provides users with complete control of their digital footprint. Launched in May 2017, the leading-edge platform enables real-life use cases beyond the ZEN currency, including the ability to privately chat with others, store files, share media, and access the internet with complete privacy.

Horizen Director of Business Development Rowan Stone said, "Netcoins is a global network and its extensive reach makes it easier for consumers around the world to purchase ZEN. We strive to make ZEN the most useful privacy cryptocurrency on the market and our integration to Netcoins' OTC Private Brokerage Service will help bring Horizen closer to mass adoption."

Netcoins CEO Mark Binns said, "We love the community, team, and vision behind Horizen, and are excited to help make ZEN more accessible and easily purchasable across the world."

### **About the Company:**

The Company is in the business of developing software to make the purchase and sale of cryptocurrency easily accessible to the mass consumer and investor through brokerage services. Netcoins enables crypto transactions via 21,000+ retail locations in Canada, Europe and Australia and an Over-The-Counter (OTC) trading desk.

### **About Horizen:**

Horizen is a technology platform that provides everyone with privacy and complete control of their digital footprint. Launched in May 2017, the leading-edge platform enables real-life uses beyond the ZEN currency, including the ability to privately chat with others and eventually to enable users to publish information and go anywhere on the web, with complete privacy. Horizen is working toward the day when anyone will be able to build privacy-based applications on the Horizen Platform and generate income from them. This will allow Horizen to bring thousands of real-life services that offer people the freedom and everyday utility unlike anything ever available to them before. For more information, visit [horizen.global](https://horizen.global).
