

## **Recent Draganfly Sales and Activities with Policing Agencies Signals Growing Focus on Northern (Canada) Border Security**

*Draganfly Confirms Its Strategic & Tactical Positioning and Preparedness for Growing Border Security Demand Amid Global Trade and Security Initiatives*

**Saskatoon, SK., February 5, 2025** – Draganfly Inc. (NASDAQ: DPRO) (CSE: DPRO) (FSE: 3U8) (“Draganfly” or the “Company”), an award-winning leader in drone solutions and systems development, today confirms through recent sales activities its positioning and preparedness to support the enhancement of border security amid evolving global trade and security uncertainties and shifting geopolitical dynamics. Highlighting recent sales activities with policing agencies, Draganfly continues to strengthen its position to support border security with advanced drone technology solutions.

“Recent global trade challenges, tariff uncertainties, and security concerns underscore the critical importance of secure borders and resilient supply chains,” said Cameron Chell, CEO of Draganfly Inc. “Our recent sales activities with policing agencies is a testament to our ability and readiness to provide drone technology and services in support of border security solutions.”

Draganfly’s comprehensive product portfolio—featuring high-resolution, electro-optical/infra-red and low-light sensors with real-time data processing capabilities available in multiple tactical communication and control configurations—is designed to deliver multi-mission capabilities for challenging mission profiles. With an emphasis on North American-made innovation, the Company is committed to supporting the security needs of government agencies and border authorities, ensuring that technology remains at the forefront of national security and economic stability.

“As we continue to navigate an era of rapid geopolitical change, it is essential that both the public and private sectors collaborate to safeguard borders,” added Chell. “Draganfly is proud to be at the leading edge of this effort, leveraging our technological expertise to help create a more secure and resilient border.”
