

US Critical Metals Announces Record Date for Consolidation of Common Shares

Vancouver, British Columbia--(Newsfile Corp. - March 21, 2025) - US Critical Metals Corp. (CSE: USCM) (OTCQB: USCMF) (FSE: 0IU0) ("**USCM**" or the "**Company**") is pleased to announce that, further to its news release dated March 12, 2025, effective at the opening of trading on March 25, 2025 (the "**Effective Date**") the common shares of the Company (the "**Shares**") will commence trading on the Canadian Securities Exchange (the "**CSE**") on a consolidated basis, with one (1) post-consolidated Share outstanding for every two and one-half (2.5) pre-consolidated Shares (the "**Consolidation**").

As a result of the Consolidation, on the Effective Date, a total of approximately 25,223,230 Shares will be issued and outstanding, subject to adjustments for rounding. No fractional Shares will be issued, and any post-consolidated fraction of a Share will be rounded to the nearest whole number of Shares. The name of the Company has not been changed, and the trading symbol remains as "USCM". A new CUSIP number has been issued for the post-consolidated Shares, being 90366H408.

Shareholders of record as of the Effective Date who hold Shares represented by a physical certificate or DRS statement will receive a letter of transmittal from the transfer agent for the Company, Odyssey Trust Company, with instructions on how to exchange their existing certificates or DRS statements for certificates or DRS statements representing Shares on a post-Consolidation basis.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities described in this news release. Such securities have not been, and will not be, registered under the U.S. Securities Act, or any state securities laws, and, accordingly, may not be offered or sold within the United States, or to or for the account or benefit of persons in the United States or "U.S. Persons", as such term is defined in Regulation S promulgated under the U.S. Securities Act, unless registered under the U.S. Securities Act and applicable state securities laws or pursuant to an exemption from such registration requirements.

About US Critical Metals Corp.

USCM is focused on mining projects that will further secure the U.S. supply of critical metals and rare earth elements, which are essential to fueling the new age economy. Pursuant to option agreements with private Canadian and American companies, USCM's assets consist of three agreements, each providing USCM with the right to acquire interests in four discovery focused projects in the U.S. These projects include the Clayton Ridge Lithium Property located in Nevada, the Haynes Cobalt Property located in Idaho, the Sheep Creek located in Montana, and Lemhi Pass located in Idaho. A significant percentage of the world's critical metal and rare earth supply comes from nations with interests that are contrary to those of the U.S. USCM intends to explore and develop critical metals and rare earth assets with near- and long-term strategic value to the advancement of U.S. interests.

Disclaimer for Forward-Looking Information

This news release contains certain information that may be deemed "forward-looking information" with respect to USCM within the meaning of applicable securities laws. Such forward-looking information involves known and unknown risks, uncertainties and other factors that may cause USCM's actual results, performance or achievements, or developments in the industry to differ materially from the anticipated results, performance or achievements expressed or implied by such forward-looking information. Forward-looking information includes statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur.

Forward-looking information contained in this press release may include, without limitation, the exploration plans and expected exploration and drilling results at the Company's projects, results of operations, the expected financial performance of the Company, the expected completion of the Consolidation on the proposed terms or at all and the expected date thereof, the receipt of all applicable required approvals in respect of the Consolidation, including but not limited to the approval of the CSE and the commencement of trading of the post-consolidated Shares on the CSE. Although USCM believes the forward-looking information contained in this news release is reasonable based on information available on the date hereof, by its nature, forward-looking information involves assumptions and known and unknown risks, uncertainties and other factors which may cause our actual results, level of activity, performance or achievements, or other future events, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking information. Examples of such assumptions, risks and uncertainties include, without limitation, assumptions, risks and uncertainties associated with general economic conditions; adverse industry events; the receipt of required regulatory approvals and the timing of such approvals; that USCM maintains good relationships with the communities in which it operates or proposes to operate; future legislative and regulatory developments in the mining sector; USCM's ability to access sufficient capital from internal and external sources, and/or inability to access sufficient capital on favorable terms; mining industry and markets in Canada and generally; the ability of USCM to implement its business strategies; competition; the risk that any of the assumptions prove not to be valid or reliable, which could result in delays, or cessation in planned work; risks associated with the interpretation of data, the geology, grade and continuity of mineral deposits; the possibility that results will not be consistent with USCM's expectations; as well as other assumptions, risks and uncertainties applicable to mineral exploration and development activities and to USCM, including as set forth in the USCM's public disclosure documents filed on the SEDAR+ website at www.sedarplus.ca.

The forward-looking information contained in this press release represents the expectations of USCM as of the date of this press release and, accordingly, is subject to change after such date. Readers should not place undue importance on forward-looking information and should not rely upon this information as of any other date. While USCM may elect to, it does not undertake to update this information at any particular time except as required in accordance with applicable laws.
