Item 5. Full Description of Material Change

Supplement the summary required under Item 4 with the disclosure that should be sufficient disclosure to enable a reader to appreciate the significance and impact of the material change without having to refer to other material. Management is in the best position to determine what facts are significant and must disclose those facts in a meaningful manner. See also Item 7.

Some examples of significant facts relating to the material change include: dates, parties, terms and conditions, description of any assets, liabilities or capital affected, purpose, financial or dollar values, reasons for the change, and a general comment on the probable impact on the issuer or its subsidiaries. Specific financial forecasts would not normally be required.

Other additional disclosure may be appropriate depending on the particular situation.

For a full description of the material change, see Schedule "A".

Item 6. Reliance on subsection 7.1(2) of National Instrument 51-102

If this report is being filed on a confidential basis in reliance on subsection 7.1(2) of National Instrument 51-102, state the reasons for that reliance.

Not applicable.

Instruction:

Refer to subsections 7.1(5) and (7) of National Instrument 51-102 concerning continuing obligations in respect of reports filed under subsection 7.1(2) of National Instrument 51-102.

Item 7. Omitted Information

State whether any information has been omitted on the basis that it is confidential information.

In a separate letter to the applicable regulator or securities regulatory authority marked "Confidential" provide the reasons for your company's omission of confidential significant facts in the Report in sufficient detail to permit the applicable regulatory or securities regulatory authority to determine whether to exercise its discretion to allow the omission of these significant facts.

Not applicable.

Instruction:

In certain circumstances where a material change has occurred and a material change report has been or is about to be filed but section 85 of the Act will no longer or will not be relied upon, a reporting issuer may nevertheless believe one or more significant facts otherwise required to be disclosed in the material change report should remain confidential and not be disclosed or not be disclosed in full detail in the material change report.

Item 8. Executive Officer

Give the name and business telephone number of an executive officer of your company who is knowledgeable about the material change and the Report, or an officer through whom the executive officer may be contacted.

NEWS RELEASE

Reg Technologies Inc. ("Reg" or "RRE.V" or "REGRF")

**REG TECHNOLOGIES ANNOUNCES AMENDED TERMS TO
PRIVATE PLACEMENT**

For Immediate Release: November 24, 2011 Vancouver, BC – Reg Technologies Inc. (TSX Venture Exchange: RRE.V, OTC BB: REGRF) announces amended terms to the private placement announced August 26, 2011. Reg Technologies Inc. is pleased to announce the new terms of the private placement are 3,000,000 units at \$0.10 per unit, to raise \$300,000, as approved by the board of directors. Each unit will consist of one common share of Reg Technologies Inc. and one warrant. Each warrant shall entitle the holder to purchase one additional share of common stock at a price of \$0.15 for one year from the date the units are issued.

Net proceeds of approximately \$270,000 from this private placement will be used for completion of the Fabrication and Testing of the RadMax® Demonstration Model, accounts payable, including intercompany payables and redemption of a \$20,000 promissory note to a related party, and working capital purposes.

The Company had agreed to pay finder's fees of up to 10% of the proceeds in connection with the private placement, payable upon approval of the TSX Venture Exchange.

The closing of the private placement is subject to the approval of the TSX Venture Exchange.

The private placement is being closed in tranches, with the first tranche anticipated to close as soon as possible.

ABOUT REGI U.S., INC. AND REG TECHNOLOGIES INC.

Reg Technologies Inc. and REGI U.S., Inc. are developing for commercialization an improved axial vane type rotary engine known as the Rand Cam™/RadMax™ rotary technology used in the revolutionary design of lightweight and high efficiency engines, compressors and pumps. The RadMax™ engine has only two unique moving parts, the vanes (up to 12) and the rotor, compared to the 40 moving parts in a simple four-cylinder piston engine. This innovative design makes it possible to produce up to 24 continuous power impulses per one rotation that is vibration-free and extremely quiet. The RadMax™ engine also has multi-fuel capabilities allowing it to operate on fuels including gasoline, natural gas, hydrogen, propane and diesel. For more information, please visit www.regtech.com

READER ADVISORY

Statements in this press release regarding the business of Reg Technologies Inc. and REGI U.S, Inc. (together the "Companies") which are not historical facts are "forward-looking statements" that involve risks and uncertainties, including management's assessment of future plans and operations, and capital expenditures and the timing thereof, certain of which are beyond the Companies' control. There can be no assurance that such statements will prove accurate, and actual results and developments are likely to differ, in some case materially, from those expressed or implied by the forward-looking statements contained in this press release. Readers of this press release are cautioned not to place undue reliance on any such forward-looking statements.

Forward-looking statements contained in this press release are based on a number of assumptions that may prove to be incorrect, including, but not limited to: the impact of competitive products and pricing, the Companies' dependence on third parties and licensing/service supply agreements, and the ability of competitors to license the same technologies as the Companies or develop or license other functionally equivalent technologies; financing requirements; changes in laws, rules and regulations applicable to the Companies and changes in how they are interpreted and enforced, delays resulting from or inability to obtain required regulatory approvals and ability to access sufficient capital from internal and external sources, the impact of general economic conditions in Canada, and the United States, industry conditions, increased competition, the lack of availability of qualified personnel or management, fluctuations in foreign exchange, stock market volatility and market valuations of companies with respect to announced transactions. The Companies' actual results, performance or achievements could differ materially from those expressed in, or implied by, these forward-looking statements, including those described in Reg Technologies' financial statements, management discussion and analysis and material change reports filed with the Canadian Securities Administrators and available at www.sedar.com, and its Form 20-F filed with the United States Securities and Exchange Commission at www.sec.gov, and REGI's Form 10-KSB annual report filed with the United States Securities and Exchange Commission at www.sec.gov. Accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what benefits, including the amount of proceeds, that the Companies will derive therefrom.

Readers are cautioned that the foregoing list of factors is not exhaustive. All subsequent forward-looking statements, whether written or oral, attributable to the Companies or persons acting on its behalf are expressly qualified in their entirety by these cautionary statements. Furthermore, the forward-looking statements contained in this news release are made as at the date of this news release and the Companies do not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by applicable securities laws.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities of the Company have not been registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

Neither the TSX, nor any other securities regulatory authority has approved or is approved of the contents of this news release, nor accept responsibility for the adequacy or accuracy of this release.
