NEWS RELEASE

ANNOUNCE SPECIAL SHAREHOLDERS' MEETING TO VOTE ON ASSET SALE AGREEMENT OF SEPTEMBER 16TH, 2016

Reg Technologies Inc. ("Reg" or "RRE.V" or "REGRF" or "the Company")
REGI U.S., Inc. ("REGI" or "RGUS" or "the Company")

October 12, 2016 – Vancouver, British Columbia (**TSX-V: RRE**) The Board of Directors of Reg Technologies Inc. (the "**Company**"), are pleased to announce they have entered into an Asset Purchase Agreement with REGI U.S., Inc. ("**REGI**"), dated September 16th, 2016, ("Transaction").

A special Shareholder Meeting to vote on the Asset Purchase Agreement is being called for November 18th, 2016, at the following location:

W.L. Macdonald Law Corporation
Suite 409, 221 W. Esplanade
North Vancouver, BC V7M 3J3

Pursuant to the approval of this Transaction, the Company will be disposing of its undertaking being all or substantially all of its assets to REGI. In exchange, REGI shall issue an aggregate of 50,591,350 common shares of REGI (the "Shares"). Following the affirmative vote by the shareholders for this Transaction, the Company expects to be either voluntarily delisted or involuntarily delisted from the TSX Venture Exchange (the "Exchange") for failure to comply with continued listing requirements and the policies of the Exchange.

Subsequently, the Company intends to declare a Dividend in Kind, to distribute shares to all shareholders of November 18th, 2016, being the Record Date for Share Ownership, on a pro-rate basis.

Trading in the securities of the Company should be considered highly speculative. The Exchange has in no way passed upon the merits of the Transaction and has neither approved nor disapproved the contents of this news release.

Other Information and Updates

Since forward-looking statements address future events and conditions, by their very nature, they involve inherent risks and uncertainties. Actual results in each case could differ materially from those currently anticipated in such statements.

ABOUT REG TECHNOLOGIES INC. AND REGI U.S., INC.

Reg Technologies Inc. and REGI U.S., Inc. are developing for commercialization an improved axial vane type rotary engine known as the Rand Cam™/RadMax™ rotary technology used in the revolutionary design of lightweight and high efficiency engines, compressors and pumps. The RadMax™ engine has only two unique moving parts, the vanes (up to 12) and the rotor, compared to the 40 moving parts in a simple four-cylinder piston engine. This innovative design makes it possible to produce up to 24 continuous power impulses per one rotation that is vibration-free and extremely quiet. The RadMax™ engine also has several capabilities allowing it to operate on fuels including gasoline, natural gas, hydrogen, propane and diesel. For more information, please visit www.regtech.com or www.regiinc.com.

READER ADVISORY

Statements in this press release regarding the business of Reg Technologies Inc. and REGI U.S., Inc. (together the "Companies") which are not historical facts are "forward-looking statements" that involve risks and uncertainties, including management's expectation on closing the second tranche of the private placement, certain of which are beyond the Companies' control. There can be no assurance that such statements will prove accurate, and actual results and developments are likely to differ, in some case materially, from those expressed or implied by the forward-looking statements contained in this press release. Readers of this press release are cautioned not to place undue reliance on any such forward-looking statements.

Forward-looking statements contained in this press release are based on a number of assumptions that may prove to be incorrect, including, but not limited to: the impact of competitive products and pricing, the Companies' dependence on third parties and licensing/service supply agreements, and the ability of competitors to license the same technologies as the Companies or develop or license other functionally equivalent technologies; financing requirements; changes in laws, rules and regulations applicable to the Companies and changes in how they are interpreted and enforced, delays resulting from or inability to obtain required regulatory approvals and ability to access sufficient capital from internal and external sources, the impact of general economic conditions in Canada, and the United States, industry conditions, increased competition, the lack of availability of qualified personnel or management, fluctuations in foreign exchange, stock market volatility and market valuations of companies with respect to announced transactions. The Companies' actual results, performance or achievements could differ materially from those expressed in, or implied by, these forward-looking statements, including those described in Reg Technologies' financial statements, management discussion and analysis and material change reports filed with the Canadian Securities Administrators and available at www.sedar.com, and its Form 20-F filed with the United States Securities and Exchange Commission at www.sec.gov, and REGI's Form 10-KSB annual report filed with the United States Securities and Exchange Commission at www.sec.gov. Accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what benefits, including the amount of proceeds, that the Companies will derive therefrom.

Readers are cautioned that the foregoing list of factors is not exhaustive. All subsequent forward-looking statements, whether written or oral, attributable to the Companies or persons acting on its behalf are expressly qualified in their entirety by these cautionary statements. Furthermore, the forward-looking statements contained in this news release are

made as at the date of this news release and the Companies do not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by applicable securities laws.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
