

Graph Blockchain Announces Successful Sale of First NFT for One Body Village Charity

Toronto, Ontario--(Newsfile Corp. - March 1, 2022) - Graph Blockchain Inc. (CSE: GBLC) (OTC Pink: REGRF) (FSE: RT5A) (the "Company" or "Graph ") is pleased to announce that its wholly owned subsidiary, Niftable Inc. ("Niftable") a charity focused NFT company has successfully helped, One Body Village ("OBV") sell its first NFT.

As a result of this successful launch, OBV has agreed to engage Niftable to assist with the sale of 10 additional NFTs to support their charity.

Angela Nguyen, President of One Body Village Canada, said "We are extremely thrilled at the success of our first NFT! Our debut NFT was a 3D animated version of our logo, which perfectly embodied our mission to give freedom to every child. We are excited to launch our next NFT, which will feature one of our beneficiaries (aka 'the artist'), her hopes, her dreams, and her future. We hope that her story will reach every person across the NFT world, inspire them to take part in the good that we are doing, and play a role in helping the artist rebuild her life. It has been wonderful working with Niftable and its team and recommend other charities in working with them."

"We are extremely happy for OBV on their first successful NFT sale and glad that the funds will help with their cause of fighting to end child sexual exploitation. We look forward in minting more NFTs for OBV and have a pipeline of other opportunities that we hope to announce in the near term. With this first success, it further enforces our belief in Niftable's strategy of aiding charities in the new world of NFTs." said Paul Haber, Chief Executive Officer of the Company.

About Niftable Inc.

Niftable's core business is to connect charities and their artists to the NFT (non-fungible token) world. Niftable provides the expertise and execution of NFTs from the creation of the NFT to the sale and post-sale of NFTs on behalf of their charity clients. Most charities rely on volunteers and lack expertise in the emerging NFT world and that is where Niftable fills that void.

Forward-Looking Statements

This news release contains "forward-looking statements" within the meaning of applicable securities laws. All statements contained herein that are not historical in nature may constitute forward-looking statements.

Generally, such forward-looking information or forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or may contain statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "will continue", "will occur" or "will be achieved". The forward-looking information and forward-looking statements contained herein include, but are not limited to, statements regarding: the continued growth of the blockchain market. Forward-looking information in this news release is based on certain assumptions and expected future events. These statements involve known and unknown risks, uncertainties, and other factors, which may cause actual results, performance, or achievements to differ materially from those expressed or implied by such statements, including but not limited to: the potential inability of the Company to continue as a going concern; the potential inability of Niftable to continue as a going concern; the risks associated with the blockchain industry in general; increased competition in the blockchain market; the potential future unviability of the blockchain in general. Readers are cautioned that the foregoing list is not exhaustive. Readers are further cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions, or expectations upon which they are placed will occur. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated.

The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, estimates or opinions, future events or results, or otherwise or to explain any material difference between subsequent actual events and such forward-looking information, except as required by applicable law.

Neither the Canadian Securities Exchange nor its Market Regulator (as that term is defined in the policies of the Canadian Securities Exchange) accepts responsibility for the adequacy or accuracy of this release.
