An exclusive NFT collection of 175 utility-based access cards will be available for mint starting August 24, 2022 on the New World platform. These access cards range in rarity with Gold, Platinum and Black. Each provides its holders access to a variety of utilities ranging from early access to NFT mints, exclusive events and access to celebrity networks through various channels.

"We're excited to launch these access cards and give users the ability to join us as New World continues to build," says Caz Derkowski, Founder and CMO of New World. "Being a holder of these access cards will give you perks and allow you to be part of a broader community of projects, in person events and celebrity network groups."

These limited supply access cards will include the Gold Card with a supply of 100 available at a price of \$125 CAD (0.06 ETH), Platinum with a supply of 50 at \$300 CAD (0.14 ETH) and the Black Card will only mint 25 at \$530 CAD (.25 ETH). New World will be participating in a number of promotions and giveaways through social platforms both leading up to and after the mint so follow New World for more details.

\*Estimated amounts. Amounts determinant on the current value of ETH

## **About New World Inc.**

New World Inc. is a web3 based augmented reality (AR) NFT (non-fungible token) marketplace and app. New World caters to artists, celebrities and the general consumer by providing access to a global NFT platform where users can create and sell digital art. With a number of high profile partners on our roster, including our global ambassador and legendary soccer player Ronaldinho, New World will change the way people interact with their NFTs. With patented geopinping technology and AR focused NFTs, possibilities are endless.

Additional information on New World is available at <http://newworldinc.io>

## **About Graph Blockchain Inc.**

Graph Blockchain provides shareholders with exposure to various areas of Decentralized Finance (DeFi). Focusing on altcoins through its wholly owned subsidiaries Babbage Mining Corp., a Proof of Stake ("POS") miner, and Beyond the Moon Inc. an IDO focused company, Graph gives investors exposure to the vast emerging market of cryptocurrencies with the significant technological disruption and potential gains altcoins represent. In addition, through its investment in New World, Graph is providing its shareholders with exposure to rapidly growing and emerging NFT markets. Additional information on the Company is available at [www.graphblockchain.com](http://www.graphblockchain.com).

## **Forward-Looking Statements**

This news release contains "forward-looking statements" within the meaning of applicable securities laws. All statements contained herein that are not clearly historical in nature may constitute forward-looking statements.

Generally, such forward-looking information or forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or may contain statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "will continue", "will occur" or "will be achieved". The forward-looking information and forward-looking statements contained herein include, but are not limited to, statements regarding: the continued growth of the art-focused NFT market. Forward-looking information in this news release is based on certain assumptions and expected future events. These statements involve known and unknown risks, uncertainties and other factors, which may cause actual results, performance or achievements to differ materially from those expressed or implied by such statements, including but not limited to: the potential inability of the Company to continue as a going concern; the potential inability of New World to continue as a going concern; the risks associated with the blockchain and NFT industry in general; increased competition in the art-focused NFT market; the potential future unviability of the NFT market in general, and the art-focused NFT market in specific. Readers are cautioned that the foregoing list is not exhaustive. Readers are further cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions, or expectations upon which they are placed will occur. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated.

Forward-looking statements contained in this news release are expressly qualified by this cautionary statement and reflect the Company's expectations as of the date hereof and are subject to change thereafter. The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, estimates or opinions, future events or results or otherwise or to explain any material difference between subsequent actual events and such forward-looking information,

except as required by applicable law.

The CSE does not accept responsibility for the adequacy or accuracy of this release.

Neither the Canadian Securities Exchange nor its Market Regulator (as that term is defined in the policies of the Canadian Securities Exchange) accepts responsibility for the adequacy or accuracy of this release.
