

New World Responds to EV Charging Infrastructure Demand in Canada

Toronto, Ontario--(Newsfile Corp. - January 12, 2024) - **New World Solutions Inc. (CSE: NEWS) (OTC Pink: REGRF) (FSE: RT50) ("NEWS" or "New World" or the "Company")** recognizes the increasing demand for electric vehicle (EV) charging stations in Canada, as reported in a recent CBC news article dated December 20, 2023 (<https://www.cbc.ca/news/canada/canada-electric-vehicles-charging-ports-1.7058158>), and is well-positioned to address this need. Leveraging the expertise of its subsidiary, New World EV Solutions Inc. ("**NEVS**"), which has years of experience in EV charging solutions, New World understands the challenges faced by EV owners and is ready to respond effectively.

With NEVS's background in both mobile EV charging and commercial level 2 EV charging stations, New World is uniquely equipped to alleviate the shortage of accessible charging options, a concern that is becoming increasingly prominent as EV adoption grows in Canada. This deep understanding of EV owners' frustrations fuels the Company's approach to enhancing the national EV charging infrastructure.

As the demand for sustainable transportation solutions rises, the Company is actively contributing to this transition by expanding the availability of reliable and convenient EV charging solutions. This commitment positions New World as a key player in supporting Canada's move towards an eco-friendly mobility landscape.

New World's CEO, Paul Haber, commented, *"The growing demand for EV charging facilities presents an opportunity that NewWorld, through NEVS, is fully prepared to meet. Our experience in the field puts us at an advantage in addressing the needs of EV owners and expanding our country's charging infrastructure, making electric vehicles an increasingly practical choice for Canadians."*
