

**Legible Releases World-first AI-powered eBook Classic**  
*A Christmas Carol AI Now Available Exclusively to Legible Members*

legible

**A CHRISTMAS  
CAROL AI**

**Charles Dickens**

**December 22, 2023 - Vancouver, British Columbia – [Legible Inc.](#)** (CSE: READ) (OTCQB: LEBGF) (FSE: DOT) ("Legible" / "Company"), a pioneer in the digital book industry, is pleased to launch the first in a series of world-first interactive AI classics, with the debut of [A Christmas Carol AI](#) for the festive season. The next eBook in the series, *Animal Farm AI*, will be released in January 2024, with monthly releases of original AI-powered classics to follow.

This innovative series, exclusive to Legible and included for members of Legible's Unbound membership service, sets a new standard for immersive literary experiences, allowing readers to engage in dialogue with the book's characters, discuss the plot, ask nuanced questions, and explore ideas, from directly within the eBook.

"We are excited to introduce these interactive AI classics to the world," said Kaleeg Hainsworth, CEO of Legible. "I have been developing eBooks for twenty-five years, and nothing like this has ever been done for a global audience. With the introduction of our AI classics to our platform, we are witnessing the birth of a new publishing era, both in the innovative (and ethical) use of AI in a fully standard eBook, but also in Legible's platform which is hosting these titles and showing the way for publishers to innovate and still be able to sell to a mass market internationally. This novel way of storytelling aligns with our mission to make reading more engaging and accessible to a global audience and bring greater value to our Unbound members every month."

Legible's breakthrough technology leverages artificial intelligence to bring characters to life, offering readers new levels of interactivity and engagement and reimagining how literature can be enjoyed and appreciated. Key features of Legible's AI-powered Classics series include:

**Conversational Characters:** Real-time conversations with characters within the eBook, gaining fresh insights into the narrative and exploring the story from previously unexplored perspectives.

**Plot Discussions:** Dive deeper into the plot by discussing pivotal events, character motivations, and thematic elements, further enhancing understanding and appreciation of the story.

**Interactive Learning:** Legible's interactive AI-powered eBooks are excellent educational tools, enabling questions about literary themes, historical context, and symbolism, and offering an invaluable resource for students, multilingual audiences, and lifelong learners.

**Exclusive Access:** The AI-powered book series is exclusively available to Legible customers and is included in Legible Unbound, the Company's flagship membership service, which offers unlimited access to a vast curated library of eBooks and audiobooks for an affordable monthly fee of \$12.99.

**Original Artwork:** The series features beautiful one-of-a-kind works of art created by an artist working with AI reflecting the style and colour palette of each novel's period. A creative statement is included by the artist in the book.

The AI-powered series becomes available starting December 22, 2023, with new books to be released each month. Experience the future of reading by subscribing to Legible Unbound today at [legible.com](https://legible.com). Download the Legible app to begin accessing this original content as well as a vast selection of eBooks and audiobooks from any smart device, computer, and vehicle, anywhere in the world.

## About Legible Inc.

Legible is a groundbreaking, mobile-centric global company specializing in eBooks and audiobook entertainment, boasting a market opportunity exceeding billions of dollars. ### **Cautionary Note Regarding Forward Looking Information**

This Press Release contains certain statements which constitute forward-looking statements or information (“forward-looking statements”), including statements regarding Legible’s business. Such forward-looking statements are subject to numerous risks and uncertainties, some of which are beyond Legible's control, including the impact of general economic conditions, industry conditions, currency fluctuations, the lack of availability of qualified personnel or management, stock market volatility and the ability to access sufficient capital from internal and external sources. Although Legible believes that the expectations in its forward-looking statements are reasonable, they are based on factors and assumptions concerning future events which may prove to be inaccurate. Those factors and assumptions are based upon currently available information. Such statements are subject to known and unknown risks, uncertainties and other factors that could influence actual results or events and cause actual results or events to differ materially from those stated, anticipated or implied in the forward- looking information. As such, readers are cautioned not to place undue reliance on the forward- looking information, as no assurance can be provided as to future results, levels of activity or achievements. The forward-looking statements contained in this document are made as of the date of this document and, except as required by applicable law, Legible does not undertake any obligation to publicly update or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise. The forward-looking statements contained in this document are expressly qualified by this cautionary statement.
