ABOUT ADVANCED GOLD EXPLORATION INC.

Advanced Gold Exploration (Formerly Advance United Holdings Inc.) is a Canadian mineral exploration company. We've acquired a portfolio of undervalued gold and copper properties and are increasing their value through the application of modern technology, new ideas and systematic exploration. We have a growing pipeline of similar properties that we are looking to acquire. We are involved exclusively in the acquisition and advancement of past projects – with no intent to bring them back into production or to mine them ourselves. Our expertise is in identifying and acquiring undervalued properties with significant historical work, which were uneconomic at the time. We believe we can enhance their economic value at today's prices. We fund the re-working historic data and applying modern technology to underwrite new qualified reports, document quantifiable resources and reserves to current standards, thereby recognizing the current value. Our purpose is to bring immediate and long-term value to our partners and shareholders while seeking to reduce exploration risk, so that we can all advance in the shortest possible time frame.
