### **About Big Red Mining Corp.**

Big Red holds an option to acquire a 100% interest in the Antimony 2.0 Property, which is located approximately 25 kilometres west of Fredericton, New Brunswick, and approximately 15 kilometres north-northeast of the historic Lake George antimony mine. The Lake George antimony mine operated for various periods from the 1860s to 1998 and produced as much as 4 per cent of the world's demand of antimony from 1970 through 1992. The Antimony 2.0 Property comprises over 35 square kilometres of relatively unexplored ground with excellent access via provincial and logging roads, and hydro power. Antimony has been detected at highly anomalous levels in soil samples collected on the Antimony 2.0 Property by the optionor.

Big Red also holds an option to acquire a 100% interest in the Dobie Lake Copper Project (the "Dobie Lake Property"), which is located approximately 100 km from Sault Ste. Marie, Ontario. The Dobie Lake Property surrounds and covers extensions of the past producing Jentina Mine and comprises 131 claims totaling 6,500 acres (26 square kilometers).

Big Red's management team possess extensive experience in financing, exploration, development and mining. Big Red intends to conduct exploration campaigns on each of its optioned properties with a goal of finding one or more minable resources.
