

Everton Signs Option Agreement to Purchase Remaining Interest in Ampliación Pueblo Viejo and Two Other Dominican Republic Properties from Brigus Gold

OTTAWA, ONTARIO -- (Marketwire – September 29, 2011) - Everton Resources Inc. ("Everton") (TSX VENTURE:EVR)(Frankfurt:ERV) and Brigus Gold Corp. ("Brigus") (NYSE Amex: BRD; TSX: BRD) announce that they have agreed to revised terms whereby Everton has acquired the option to purchase Brigus' remaining 50% interest in the Ampliación Pueblo Viejo II ("APV"), Ponton and La Cueva concessions in the Dominican Republic ("the Concessions").

The binding agreement requires Everton to issue 15 million treasury common shares to Brigus to acquire the option. Pursuant to the option, Everton can acquire Brigus' remaining interest in the Concessions by paying Brigus CAD\$500,000 cash and an additional CAD\$500,000 in cash or common shares with a value of \$500,000 by December 31, 2011.

Brigus will also receive a sliding scale net smelter return royalty on the Concessions equal to 1.0% when the price of gold is less than US\$1,000 per ounce, 1.5% when the price of gold is between US\$1,000 and US\$1,400 per ounce, and 2% when the price of gold is above US\$1,400 per ounce.

Everton will also issue Brigus a promissory note equal to the greater of CAD\$5 million or 5,000,000 common shares of Everton. The promissory note will be subject to completion of a National Instrument 43-101 compliant measured and indicated resource estimate on the Concessions of a minimum one million ounces of gold equivalent ("AuEq") (at an average grade of 2.5 g/t AuEq or higher for APV and 1.5 g/t AuEq or higher for Ponton and La Cueva) or actual gold production from the Concessions plus a National Instrument 43-101 compliant measured and indicated resource estimate on the Concessions (at an average grade of 2.5 g/t AuEq or higher for APV and 1.5 g/t AuEq or higher for Ponton and La Cueva) exceeding 1 million ounces of gold equivalent ("AuEq").

Everton Chairman and CEO Andre Audet commented on the change from the previous agreement, "The elimination of requirements for a private placement and a commitment to spend \$5 million in exploration drilling over the next two years will provide Everton with some flexibility in our drilling agenda."

"Brigus has been a great partner to us, and I'm pleased they have agreed to the revised terms," Mr. Audet said. "It frees up an additional \$500,000 cash which, in our case at APV-South is the equivalent of five or six new deep drill holes."
