

Cullinan Metals Provides An Update On Previously Announced Share Consolidation And Private Placement

Vancouver, B.C., February 4, 2025 – Cullinan Metals Corp. (CSE: CMT)(OTCQB: CMTNF) ("Cullinan" or the "Company") announces that it has decided to defer the implementation of the share consolidation originally announced on January 7, 2025. The Company remains committed to optimizing its capital structure and intends to proceed with the consolidation at a later date.

This decision was made in consideration of current market conditions and strategic corporate planning. The Company believes that adjusting the timing of the consolidation will better align with its broader objectives and support long-term shareholder value. A further update on the expected timeline for the consolidation will be provided in due course.

In addition, the Company has revised the terms of the private placement previously announced on January 7, 2025. The Company now seeks to raise up to \$330,000 through the issuance of up to 22,000,000 units ("Units") at a price of \$0.015 per Unit (the "Issue Price") (the "Offering"). Each Unit will consist of one common share ("Common Share") of the Company and one common share purchase warrant ("Warrant"). Each Warrant will be exercisable into one Common Share at an exercise price of \$0.05 per Common Share for a period of two years. The Issue Price is based on the 20 day volume weighted average price of the Common Shares for the period ending February 3, 2025, pursuant to Canadian Securities Exchange (the "CSE") Policy 6 section 6.2(2)(c)(i).

The Company shall use the proceeds of the Offering for working capital purposes.

The Offering is subject to the approval of the CSE.

On Behalf of the Board,
CULLINAN METALS CORP.
