CARBON FRIENDLY SOLUTIONS INC. CLOSES EXPANSION FUNDING ENGAGEMENT AGREEMENT

Vancouver, B.C., Canada - January 7, 2013 - Carbon Friendly Solutions Inc. (CNSX: CFQ) (the "Company" or "Carbon Friendly") is pleased to announce that the Company entered into an engagement agreement on January 3, 2013 with Expansion Funding Partners, LLC, www.expansionfunding.com ("Expansion"). Expansion is based in the Chicago, USA area and provides proprietary consulting, valuation and capital sourcing services to public and private companies. Expansion will deliver its Value Expansion MapSM and Value Expansion ProgramSM products including calculations of the Company's value based upon Expansion's proprietary Equilibrium PricingTM formulas consistent with the Company's future strategic plans of creating a listing and offering of shares on a United States based stock exchange.

Expansion's programs are the creation of its CEO, Mr. Joseph J. Cecala, Jr. who has extensive experience in public and private market capital formation. Mr. Cecala said, "We are pleased to be working with Carbon Friendly as the Company's products are greatly aligned with our investment philosophy of creating financial value from the use of technology that can increase the survival of mankind globally."

Slawek Smulewicz, CEO and Director of the Company, states: "We are very pleased to be working with Expansion Funding Partners and believe this relationship will support CFS to move to the next level and allow us to have access to US funding and capital."

About Carbon Friendly Solutions Inc.:

Carbon Friendly Solutions Inc., through its subsidiaries, is focused on the development of energy efficiency technology, renewable energy, and reforestation projects that have the potential to generate significant revenue. **MicroCoal Inc.** has an internationally patented technology that is expected to improve coal-fired utilities' economic performance by reducing input costs, improving operations and simultaneously reducing their environmental footprint. **Global CO2 Reduction** generates Carbon Offsets from forestry projects that may be transacted through international voluntary markets. **Carbiopel S.A.** aggregates biomass supply and produces biomass fuel pellets for the European market, including large European utilities and independent renewable energy providers, in line with EU renewable energy directives.
