## **CARBON FRIENDLY LISTS ON CNSX / DELISTS FROM TSX VENTURE EXCHANGE**

**Vancouver, BC, Canada –January 5, 2011 – Carbon Friendly Solutions Inc. (CNSX: CFQ)** (“CFS” or the “Company”) announces that effective December 30, 2010, the Company’s 27,753,427 issued and outstanding common shares became listed for trading on the Canadian National Stock Exchange (“CNSX”) under the symbol “CFQ”. Subsequently, the Company applied to the TSX Venture Exchange (“TSX-V”) for the de-listing of its common shares, and on December 31, 2010 received confirmation from the TSX-V that effective at the close of business on December 31, 2010 the Company’s shares have been delisted from the TSX-V.

The Company’s board of directors is of the opinion that switching to a listing of the Company’s shares on the CNSX provides CFS with more flexibility to diversify its asset base, while allowing the Company to take advantage of the lower costs and streamlined regulations of the CNSX, thereby increasing shareholder value.

### **About Carbon Friendly Solutions Inc.**

Carbon Friendly Solutions Inc. provides solutions and products for companies, organizations and individuals looking to reduce or offset their global warming impact caused by greenhouse gas (“GHG”) emissions, while including the generation of carbon credits for sale in the global Voluntary and Compliance markets. Through its subsidiaries, Global CO2 Reduction Inc. and CO2 Reduction Poland Sp. z o.o., CFS is focusing on removing and offsetting GHG emissions from the development of reforestation projects and renewable energy technology projects that are independently validated and verified to globally recognized standards and methodologies.
