

Scope Technologies Strengthens Redundancy, Capacity, and Performance of QSE System

VANCOUVER, BC, April 1, 2025 /CNW/ -- *Scope Technologies Corp.* (CSE: SCPE) (OTCQB: SCPCF) (FSE: VN8) ("Scope Technologies" or the "Company") is pleased to announce significant infrastructure upgrades to the QSE platform, focused on enhancing system **Redundancy**, expanding **Capacity**, and optimizing **Performance**. These upgrades come in response to increased demand from both enterprise tenants and retail users, as well as in preparation for the launch of the QSE Mobile App announced earlier this month.

Scope has recently signed multiple strategic partnership agreements and is now onboarding additional clients onto the QSE platform. In parallel, growing interest from personal consumers for QSE's encrypted, quantum-resilient cloud storage has led to an increase in user activity and overall system usage.

To support this growth, Scope has proactively invested in expanding its infrastructure. Internal benchmarks now indicate the QSE system is capable of processing **millions of secure, encrypted messages per second**, placing its processing capability in the same league as large-scale communication platforms —**but with true round-trip quantum-resistant encryption** built in.

"The improvements we've made to system performance and reliability ensure that QSE can scale rapidly and securely," said **Sean Prescott, Founder of Scope Technologies**. "Whether for encrypted messaging, file storage, or enterprise data workflows, QSE is built to handle modern and future demands—with quantum resilience and distributed redundancy at the core of every transaction."

With these upgrades in place, Scope is well-positioned to handle the influx of activity expected with the public launch of the QSE Mobile App and ongoing enterprise whitelabel deployments.

Cautionary Note Regarding Forward-Looking Statements

This news release contains forward-looking statements that constitute forward-looking information (collectively, "forward-looking statements") within the meaning of applicable Canadian securities legislation. All statements in this news release that are not purely historical statements of fact are forward-looking statements and include statements regarding beliefs, plans, expectations, future, strategy, objectives, goals and targets, and more specifically, the use of proceeds of the Offering. Although the Company believes that such statements are reasonable and reflect expectations of future developments and other factors which management believes to be reasonable and relevant, the Company can give no assurance that such expectations will prove to be correct. Forward-looking statements are typically identified by words such as: "believes", "expects", "aim", "anticipates", "intends", "estimates", "plans", "may", "should", "would", "will", "potential", "scheduled" or variations of such words and phrases and similar expressions, which, by their nature, refer to future events or results that may, could, would, might or will occur or be taken or achieved. Forward-looking statements involve known and unknown risks and are based on assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments, including, but not limited to, those risks and assumptions described in the Company's latest management discussion and analysis, a copy of which is available under the Company's profile on SEDAR at www.sedar.com. While Scope considers these assumptions to be reasonable, based on information currently available, they may prove to be incorrect. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date of this press release. In addition, forward-looking statements necessarily involve known and unknown risks, including, without limitation, risks associated with general economic conditions, continued satisfaction of Canadian Securities Exchange requirements, product safety and recalls, regulatory compliance and risks associated with the Company's business. Forward-looking statements are made as of the date of this news release and, unless required by applicable law, the Company assumes no obligation to update the forward looking statements or to update the reasons why actual results could differ from those projected in these forward-looking statements. All forward-looking statements are qualified in their entirety by this cautionary statement.

The Canadian Securities Exchange has in no way passed upon the merits of the business of the Company and has neither approved nor disapproved the contents of this news release and accepts no responsibility for the adequacy or accuracy hereof.
