THC signs MOU to Acquire interest in Cannabinoid Medical Clinics.

May 13, 2014

Thelon Capital Ltd. (the "Company") (THC – TSX.V) is pleased to announce that it has entered into a MOU to purchase 100% of a Private Federal Corporation, 8824479 Canada Inc.(Holdco.) Holdco has the exclusive option to purchase a 30% interest in The Cannabinoid Medical Clinic. THC will advance \$200,000 to Holdco to secure a 45-day due diligence period to enter into a definitive agreement.

Scott Walters, President of Thelon stated, "We feel this is a great opportunity to work with physicians who want to develop a good standard of care for the patients who are using medical marijuana. The research and education aspect of the clinic really stood out as an opportunity to set the standard for future growth. The Cannabinoid Clinics will be available to patients only by referral from their General Practitioners."

The Cannabinoid Medical Clinic will be the first in a series of clinics in Ontario to provide services to patients under the Marihuana for Medical Purposes Regulations (MMPR). The clinical mission is to facilitate safe access to medical marihuana to patients who may receive a therapeutic benefit.

This agreement is subject to Board, shareholder and TSX.V approval.

The Company continues to evaluate new projects, including, but not limited to, opportunities in agriculture, finance, and resources. At this time, no transactions are in place, nor is there any assurance that a new project will be concluded in the future."

ON BEHALF OF THE BOARD OF DIRECTORS
