Vancouver, B.C. – (February 6, 2019) THC BioMed Intl Ltd. (**CSE: THCH**) (“**THCH**”, “**THC BioMed**” or the “**Company**”) is pleased to announce that it has graduated to the OTCQX Best Market.

"Upgrading to the OTCQX Best Market from the OTCQB Venture Market is important for THC BioMed. This listing is expected to build visibility and provide greater transparency in the United States for THC BioMed," said John Miller, President and CEO.

THC BioMed's first trading day on the OTCQX is scheduled to be February 6, 2019. Its trading symbol will continue to be "THCBF".

THC BioMed is also pleased to announce that it is in the process of preparing its 1st shipment to the province of Ontario. THC intends to have its products available throughout Canada within the next 6 months.

"We are honoured to have the opportunity to provide our products to Canada's most populous province," said Mr. Miller.

THC also reports that Health Canada has approved two additional units for the cultivation and processing of cannabis at its Acland Road location in Kelowna, B.C. A further two units are under review and management expects approval shortly. THC is currently expanding vigorously at its current Acland Road location in order to meet the high demand for its products, which are bestsellers in British Columbia and Saskatchewan.

About THCH

THCH is an ACMPR Licensed Producer and Canada's largest supplier of legal Cannabis Genetics. THCH is on the leading edge of scientific research and the development of products and services related to the medical cannabis industry. Management believes THCH is well-positioned to be in the forefront of this rapidly growing industry.
