Vancouver, Canada – July 6, 2023 - THC BioMed Intl Ltd. ("**THC BioMed**" or the "**Company**"), a pioneer in the cannabis industry and one of the leaders in scientific research and development of products and services, is pleased to announce that it has begun shipping its premium Pre-Rolls to the province of British Columbia.

In addition, THC BioMed is thrilled to share that its recently introduced Summer Gummy product line has been approved for distribution by the province. This marks a significant milestone for the Company as it continues to expand its product offerings and solidify its presence in the dynamic cannabis market.

"We are thrilled to extend our portfolio of products to consumers in British Columbia," says John Miller, CEO. "With the shipment of our Pre-Rolls and the approval of our exciting new Summer Gummy line, we aim to meet the diverse needs of our customers while delivering high-quality, innovative products that stay true to our core values."

THC BioMed is renowned for its commitment to offering a range of premium cannabis products designed to cater to the unique preferences of medical patients and recreational consumers alike. The Company's pre-rolls, known for their superior quality, and the recently introduced Summer Gummy line, are prime examples of this ongoing commitment.

As THC BioMed continues to broaden its reach across the Canadian market, the Company remains focused on its mission to provide safe, effective, and accessible cannabis products to its customers.
