NEWS RELEASE

VALDOR UNAWARE OF ANY MATERIAL CHANGE

Vancouver, BC – January 10, 2018: Valdor Technology International Inc. (“Valdor”) (TSX-V: **VTI**). At the request of the IIROC, Valdor confirms that it is unaware of any material change or undisclosed information related to the Company that would account for the recent increase in the market price and recent increase in market activity.

About Valdor Technology International Inc. (www.valdortech.com)

Valdor is a communications technology company with a business plan that incorporates growth by acquisition. Valdor Fiber Optics, headquartered in San Francisco, California, is an optical fiber components company specializing in the design, manufacture and sale of passive fiber optic components, including some that use Valdor proprietary and patented technologies. Valdor is focused on harsh environment products for the roll-out of fibre-to-the-home in North America with a unique and compelling splitter design. Valdor has numerous clients and the Valdor splitters are installed in the optical fibre networks of Canadian telecoms. Fiber-to-the-home hard wiring will enable the bandwidth for television and internet communications of the future.

ON BEHALF OF THE BOARD OF DIRECTORS OF VALDOR TECHNOLOGY INTERNATIONAL INC.
