Notes to Condensed Consolidated Financial Statements

October 31, 2019

(in Canadian dollars)

(Unaudited)

1. Organization and Nature of Operations

Admiral Bay Resources Inc. ("Admiral") was incorporated in British Columbia on September 3, 1987.

Effective September 23, 2019, Admiral was part of a three-cornered amalgamation among Admiral, 2693980 Ontario Inc. (a wholly owned subsidiary of Admiral) and Cultivar Holdings Ltd. (the "Transaction"). Admiral completed the acquisition of all the issued and outstanding shares of Cultivar Holdings Ltd. by way of a three-cornered amalgamation, pursuant to which 2693980 Ontario Inc., amalgamated with Cultivar Holdings Limited. Pursuant to the Transaction, each registered shareholder of Cultivar Holdings Ltd. received one (1) common share in the capital of the Admiral for each common share held, resulting in the issuance of an aggregate of 97,439,900 common shares to Cultivar Holdings Ltd. Shareholders. As part of the Transaction, warrants of Cultivar Holdings Ltd. were replaced with common share purchase warrants of Admiral. In addition, 500,000 Admiral shares were set aside to be issued to members of Cultivar Holdings Ltd. management team upon the final approval of Jamaica's Cannabis Licensing Authority for the licences involved in the cultivation, processing, retail and transportation of cannabis.

At completion of the transaction, Admiral changed its name to Cultivar Holdings Inc. (the "Company"). The Company is a holding company whose subsidiaries are in the early stage marijuana services and products, development of cosmetic and edible product lines, as well as investment in technology to detect if an individual is under the influence of cannabis and to predict substance addiction.

The Company's corporate head office is located at 77 King Street W, Suite 3000, Toronto, Ontario, Canada, M5K 1G8.

On February 15, 2018, the Company had acquired a 49% interest in a newly incorporated Cultivar JA Limited, ("CJA") a corporation incorporated under the laws of Jamaica. The remaining 51% interest is owned by local Jamaican business partners. CJA is currently applying for a license to grow high quality cannabis in Jamaica.

On July 16, 2018 the Company had acquired a 100% interest in a newly incorporated CannIP Holdings Inc. (formerly 2639745 Ontario Inc.) ("Cann") a corporation incorporated under the laws of the province of Ontario. Cann is engaged in the development of cosmetic and edible product lines, as well as investment in technology to detect an individual influence of cannabis. The Company did a one for one share exchange with Cann and issued 29,800,000 common shares to the shareholders of Cann.

2. Basis of Presentation and Going Concern

Basis of Preparation

These condensed interim consolidated financial statements have been prepared on the historical cost basis except for financial instruments recorded at fair value. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information. The functional currency of the Company and its subsidiaries is the Canadian dollar, which is also the Company's reporting currency.

Statement of Compliance

These condensed interim consolidated financial statements (the "Financial Statements") are unaudited and have been prepared on a condensed basis in accordance with International Accounting Standard 34, Interim Financial Reporting issued by the International Accounting Standards Board ("IASB"), using accounting policies of International Financial Reporting Standards ("IFRS") and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC"). Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC.

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

Notes to Condensed Consolidated Financial Statements

October 31, 2019

(in Canadian dollars)

(Unaudited)

2. Basis of Presentation and Going Concern (Cont'd)**Statement of Compliance (Cont'd)**

The condensed interim consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the period ended January 31, 2019, which have been prepared in accordance with IFRS, as issued by the International Accounting Standards Board ("IASB"). The unaudited condensed interim consolidated financial statements are based on accounting policies as described in the January 31, 2019 annual consolidated financial statements except that, effective February 1, 2019, the Company implemented IFRS 16 'Leases' (see notes 15 and 16).

Basis of Consolidation

These condensed interim consolidated financial statements include the accounts of the Company and its subsidiaries CJA and Cann from the date of acquisition. The Company has a 49% interest in CJA, and 100% interest in Cann. All inter-company transactions and balances have been eliminated on consolidation.

Going Concern Assumption

These consolidated financial statements have been prepared using IFRS on a going concern basis, which presumes the realization of assets and discharge of liabilities in the normal course of business, for the next fiscal year. At October 31, 2019, the Company had cash of \$1,769,134, working capital of \$1,852,052 and an accumulated deficit of \$2,289,641. The continuing operations of the Company are dependent on funding provided by equity investors. The Company intends to finance its future requirements through a combination of equity and/or debt issuance. There is no assurance that the Company will be able to obtain such financings or obtain them on favorable terms.

This uncertainty may cast significant doubt about the ability of the Company to continue as a going concern. These consolidated financial statements do not include any adjustments to the carrying value or presentation of assets or liabilities that might be necessary should the Company be unable to continue as a going concern. These adjustments could be material.

Significant Accounting Judgments and Estimates

The preparation of these consolidated financial statements in compliance with IFRS requires management to make certain critical accounting estimates and assumptions. These estimates and assumptions affect the reported amounts of assets, liabilities, shareholders' equity, and the disclosure of contingent assets and liabilities, as at the date of the financial statements, and expenses for the years reported.

Critical Judgements

The preparation of these consolidated financial statements requires management to make judgements regarding the going concern of the Company (discussed above), as well as the determination of functional currency. The functional currency is the currency of the primary economic environment in which an entity operates and has been determined for each entity within the Company. The functional currency for the Company and its subsidiaries has been determined to be the Canadian dollar.

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

Notes to Condensed Consolidated Financial Statements

October 31, 2019

(in Canadian dollars)

(Unaudited)

2. Basis of Presentation and Going Concern (Cont'd)

Significant Accounting Judgments and Estimates (Cont'd)

Key Sources of Estimation Uncertainty

Because a precise determination of many assets and liabilities is dependent upon future events, the preparation of financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting periods. Actual results could differ from those estimates and such differences could be significant.

Significant estimates made by management affecting the consolidated financial statements include:

Share-based payments

Estimating fair value for granted stock options requires determining the most appropriate valuation model which is dependent on the terms and conditions of the grant. This estimate also requires determining the most appropriate inputs to the valuation model including the expected life of the option, volatility, dividend yield, and rate of forfeitures and making assumptions about them.

Deferred tax assets & liabilities

The estimation of income taxes includes evaluating the recoverability of deferred tax assets and liabilities based on an assessment of the Company's ability to utilize the underlying future tax deductions against future taxable income prior to expiry of those deductions. Management assesses whether it is probable that some or all of the deferred income tax assets and liabilities will not be realized. The ultimate realization of deferred tax assets and liabilities is dependent upon the generation of future taxable income, which in turn is dependent upon the successful discovery, extraction, development and commercialization of mineral reserves. To the extent that management's assessment of the Company's ability to utilize future tax deductions changes, the Company would be required to recognize more or fewer deferred tax assets or liabilities, and deferred income tax provisions or recoveries could be affected.

Useful life of property and equipment

Property and equipment is depreciated over its estimated useful life. Estimated useful lives are determined based on current facts and past experience and takes into consideration the anticipated physical life of the asset, the potential for technological obsolescence, and regulations.

Approval of the interim consolidated financial statements

These consolidated financial statements were authorized for issuance by the Board of Directors on December 30, 2019.

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

Notes to Condensed Consolidated Financial Statements

October 31, 2019

(in Canadian dollars)

(Unaudited)

3. Significant Accounting Policies

The accounting policies set out in the consolidated financial statements at January 31, 2019, have been applied consistently to all periods presented in these condensed interim consolidated financial statements.

New standards adopted

(a) Leases and right-of-use assets

In January 2016, the IASB issued IFRS 16 - Leases ("IFRS 16"), replacing IAS 17 - Leases. IFRS 16 provides a single lessee accounting model and requires the lessee to recognize assets and liabilities for all leases on its statement of financial position, providing the reader with greater transparency of an entity's lease obligations.

At February 1, 2019, the Company adopted IFRS 16 using the modified retrospective approach and accordingly the information presented for 2018 has not been restated. It remains as previously reported under IAS 17 and related interpretations.

All leases are accounted for by recognizing a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of twelve months or less.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by the incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- Amounts expected to be payable under any residual value guarantee;
- The exercise price of any purchase option granted if it is reasonably certain to assess that option;
- Any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right-of-use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- Lease payments made at or before commencement of the lease;
- Initial direct costs incurred; and
- The amount of any provision recognized where the Company is contractually required to dismantle, remove or restore the leased asset.

Lease liabilities, on initial measurement, increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortized on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if this is judged to be shorter than the lease term.

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

Notes to Condensed Consolidated Financial Statements

October 31, 2019

(in Canadian dollars)

(Unaudited)

3. Significant Accounting Policies (Cont'd)

New standards adopted (Cont'd)

(a) Leases and right-of-use assets (Cont'd)

When the Company revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted at the same discount rate that applied on lease commencement. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortized over the remaining (revised) lease term. The Company adopted this standard and the impact on the Company's unaudited condensed interim consolidated financial statements are disclosed in notes 15 and 16.

- (b) Uncertainty over Income Tax Treatments: On June 7, 2017, the IASB issued IFRIC Interpretation 23 Uncertainty over Income Tax Treatments. The Interpretation provides guidance on the accounting for current and deferred tax liabilities and assets in circumstances in which there is uncertainty over income tax treatments. The Company adopted this standard at February 1, 2019 and there was no material impact on the Company's unaudited condensed interim consolidated financial statements.

Other accounting standards and amendments to existing accounting standards that have been issued and have future effective dates are not applicable or are not expected to have a significant impact on the Company's financial statements.

4. Acquisitions

During the quarter ended October 31, 2019, the Company completed the following acquisition:

Effective September 23, 2019, the Company was part of a three-cornered amalgamation among the Company, 2693980 Ontario Inc. (a wholly owned subsidiary) and Cultivar Holdings Ltd. (the "Transaction").

The result of the transaction was that Admiral acquired all the issued and outstanding securities of Cultivar Holdings Ltd. on the basis of one share of Admiral for each share of former Cultivar. All outstanding warrants to purchase former Cultivar shares were exchanged, on an equivalent basis, for warrants to purchase shares of the Company. At completion of the transaction, Admiral changed its name to Cultivar Holdings Inc. and former Cultivar was amalgamated into 2693980 Ontario Inc.

Under IFRS, this was considered a Reverse Merger and Recapitalization (commonly referred to as a Reverse Take Over or "RTO"). The Company issued 6,514,249 shares valued at \$0.30 per share, with a total value of \$1,367,992 for the acquisition.

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

Notes to Condensed Consolidated Financial Statements

October 31, 2019

(in Canadian dollars)

(Unaudited)

4. Acquisitions (Cont'd)

The fair value of the acquired assets and liabilities assumed is as follows:

Assets acquired by the Company:		
Cash	\$	3,448
Prepaid expenses		1,125
Liabilities assumed by the Company:		
Accounts payable		(9,127)
Loans payable		(107,526)
Net liabilities assumed		(112,079)
Fair value of issued		(1,367,992)
Loss on acquisition	\$	(1,480,071)

5. Prior year acquisitions

On February 15, 2018, the Company acquired a 49% interest in a newly incorporated company, CJA, incorporated under the laws of Jamaica. The remaining 51% interest is owned by local business partners. CJA is currently applying for a license to grow high quality cannabis in Jamaica. No consideration was given for the acquisition.

On July 16, 2018 the Company acquired a 100% interest in a newly incorporated company Cann, incorporated under the laws of the province of Ontario. Cann is engaged in the development of a CBD product portfolio, as well as artificial intelligence powered technology to detect cannabis impairment. The Company did a one for one share exchange with Cann and issued 29,800,000 common shares to the shareholders of Cann, valued at \$30. The net assets acquired on the acquisition were determined to be valued at \$30, resulting in no gain or loss on the transaction.

6. Prepaid Expenses

As of October 31, 2019, a sum of \$32,781 is unexpended by CJA, which was advanced to its director for future expenses, and classified as prepaid expenses in the consolidated statement of financial position (January 31, 2019: \$26,672). In addition, the Company prepaid \$70,060 (January 31, 2019: \$nil) to conduct a study to further validate its proprietary impairment detection technology for both alcohol and cannabis.

8. Stock-Based Compensation

a) In October 2018, the Company granted options to a consultant to acquire a total of 250,000 common shares. These options were issued at an exercise price of \$0.10 per share and vested 75,000 immediately, 37,500 at the date of engineering milestone (vested during the quarter ended July 31, 2019) and balance 137,500 on completion of additional milestones, including 75,000 on model development (vested during the quarter ended October 31, 2019) and 62,500 on project handover, with an expiry term of two years. The fair value of each option used for the purpose of estimating the stock-based compensation is estimated using the Black-Scholes option pricing model with the following assumptions:

Risk free rate	2.26%
Expected dividends	0%
Expected forfeiture rate	0%
Expected volatility	100%
Expected life	2 years
Unvested stock-based compensation expense as of January 31, 2019	\$ 9,272

During the nine-month period ended October 31, 2019, the Company expensed \$5,961 relating to the vesting of 112,500 options, resulting in unvested stock-based compensation expense of \$3,311 as of October 31, 2019.

b) In November 2018, the Company granted options to a consultant to acquire a total of 100,000 common shares. These options were issued at an exercise price of \$0.10 per share and vested 25,000 immediately, and 25,000 each on April 1, 2019, September 1, 2019 and March 1, 2020 with an expiry term of three years. The fair value of each option used for the purpose of estimating the stock-based compensation is estimated using the Black-Scholes option pricing model with the following assumptions:

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

8. Stock-Based Compensation (Cont'd)

Risk free rate	2.30%
Expected dividends	0%
Expected forfeiture rate	0%
Expected volatility	100%
Expected life	3 years
Unvested stock-based compensation expense as of January 31, 2019	\$ 4,686

During the nine-month period ended October 31, 2019, the Company expensed \$3,124 relating to the vesting of 50,000 options, resulting in unvested stock-based compensation expense of \$1,562 as of October 31, 2019.

As of October 31, 2019, there was \$4,873 (January 31, 2019: \$13,958) of unvested stock-based compensation expense.

Continuity of the Company's options is as follows:

	Number of Options	Weighted Average Exercise Price
Outstanding, December 7, 2017	-	\$ -
Issued	350,000	\$0.10
Outstanding, January 31, 2019 and October 31, 2019	350,000	\$0.10

As at October 31, 2019, the Company had the following share purchase options outstanding and exercisable:

Outstanding	Exercisable	Exercise Price	Remaining Life (Years)	Expiry Date
250,000	187,500	\$0.10	0.99	October 25, 2020
100,000	75,000	\$0.10	2.02	November 8, 2021
350,000	262,500	\$0.10	1.28	

9. Capital Stock

The Company is authorized to issue the following shares:

- Unlimited number of common shares without par value

a) Common shares

The holders of common shares are entitled to receive dividends which are declared from time to time and are entitled to one vote per share at meetings of the Company. All shares are ranked equally with regards to the Company's residual assets.

At October 31, 2019, the Company has 103,954,149 common shares issued and outstanding.

9. Capital Stock (Cont'd)

b) Share issuances

During the period ended October 31, 2019:

- The Company issued 800,000 common shares at \$0.10 for services. This includes 550,000 common shares issued to a director valued at \$55,000 (Note 10).
- On August 12, 2019, the Company closed a private placement of 3,296,000 units at \$0.25 per unit for a consideration of \$824,000 of which \$478,944 was received during the period ended July 31, 2019. Each unit is comprised of one common share and one-half of one common share purchase warrant (each whole warrant, a "Warrant"), with each Warrant exercisable into a common share of the Company at an exercise price of \$0.50 per share for a period of 24 months. The Black-Scholes option pricing model was used to determine the fair value of the warrants using the following weight average assumptions: Expected dividend yield of 0%; risk free interest rate of 1%; expected volatility of 100%; expected life of 2 years. The relative fair value of the warrants has been valued at \$123,283 and common shares at \$700,717 (\$0.21).
- The Company issued 6,514,249 shares in connection with the acquisition discussed in note 4.

In conjunction with the above private placements, the Company incurred share issuance costs of \$29,340.

During the period ended January 31, 2019:

- The Company issued 30,000,000 common shares, as founders' shares, for \$30.
- The Company issued 29,800,000 common shares in a share exchange agreement with Cann, valued at \$30 (Note 4).
- The Company issued 24,995,000 common shares at \$0.05 per share in private placements and raised \$1,249,750. The Company issued 275,000 common shares as finders shares.
- The Company issued 8,207,500 common shares at \$0.10 per share in private placements and raised \$820,750.

In conjunction with the above private placements, the Company incurred cash share issuance costs of \$29,340.

As at October 31, 2019, the Company had the following warrants outstanding:

<u>Outstanding</u>	<u>Exercise Price</u>	<u>Expiry Date</u>
1,648,000	\$0.50	August 11, 2021

10. Related Party Transactions

Related parties include key management personnel, the Board of Directors, close family members and enterprises that are controlled by these individuals as well as certain persons performing similar functions. Key management of the Company are members of the Board of Directors, the Chief Executive Officer ("CEO"), the Chief Financial Officer ("CFO") and the Chief Operating Officer ("COO").

11. Commitments and Contingencies

Effective July 1, 2018, the Company signed a two-year contract with a corporation owned and controlled by the CEO to pay monthly compensation of \$8,000 for CEO services. In addition, the Company is obligated to pay monthly rent for \$1,500 and an additional \$500 for the use of a personal vehicle.

The Company has executed a contract with a research and development vendor to undertake a study to validate the Company's proprietary impairment detection technology for both alcohol and cannabis which will involve over 3,000 participants. The total cost of the study is \$155,000 and Company has paid an advance of 40% with the balance payable on completion of certain milestones. The advance payment was made to facilitate the cost related to personnel support, hardware tools, technical expertise, volunteer recruitment and to liaise with relevant authorities to commence the study.

The Company's operations were governed by governmental laws and regulations regarding environmental protection. Environmental consequences are difficult to both predict and identify, in terms of level, impact or timeline. At the present time and to the best knowledge of its management, the Company is in conformity with the laws and regulations in effect. Restoration costs will be accrued in the financial statements only when they will be reasonably estimated and will be charged to the earnings at the time.

12. Financial Instruments

The fair value of the Company's accrued liabilities approximates carrying value, due to their short-term nature. The Company's cash is measured at fair value under the fair value hierarchy based on level one quoted prices in active markets for identical assets or liabilities.

Financial risk management and objectives

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk, and market risk (including interest rate risk, foreign currency risk, and commodity price risk).

The Company thoroughly examines the various financial risks to which it is exposed and assesses the impact and likelihood of those risks. Where material, these risks are reviewed and monitored by the Board of Directors.

Credit risk

Credit risk is the risk of an unexpected loss if a customer or third party to a financial instrument fails to meet its contractual obligations. The Company is not exposed to significant credit risk.

Liquidity risk

Liquidity risk is the risk that the Company will not have sufficient cash resources to meet its financial obligations as they come due. The Company's liquidity and operating results may be adversely affected if its access to the capital market is hindered, whether as a result of a downturn in stock market conditions generally or matters specific to the Company. The Company generates cash flows primarily from its financing activities.

The Company manages its liquidity needs by carefully monitoring scheduled costs. Liquidity is measured in various time bands, on day to day and week-to-week basis, as well as on long term liquidity needs over 180 day to 360 day look out periods. Funding for long term liquidity needs is based on the ability of the Company to successfully complete private placements.

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

Notes to Condensed Consolidated Financial Statements

(Unaudited)

12. Financial Instruments (Cont'd)

Financial risk management and objectives (Cont'd)

As at October 31, 2019, the Company had sufficient cash of \$1,769,134 to settle current liabilities of \$21,048.

Market Risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, commodity and equity prices, and foreign exchange rates.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to significant interest rate risk.

(b) Price risk

The Company is not exposed to significant price risk as it does not possess investments in publicly traded securities.

(c) Currency risk

Currency risk is the risk that the fair value of future cash flows of a financial instrument denominated in a foreign currency will fluctuate because of changes in foreign exchange rates. The Company operates internationally, which gives rise to the risk that cash flows may be adversely impacted by exchange rate fluctuations. Amounts subject to currency risk are prepaid expenses held by a Director in US Dollars in a Jamaican bank account as well as operating expenses incurred by CJA in US Dollars and Jamaican Dollars which are small in number. Therefore, a 10% change in value of the US Dollar versus the Canadian Dollar would give rise to a gain or loss of approximately \$3,000 (January 31, 2019 – \$2,670). The Company has not entered into any foreign exchange contracts to hedge this risk.

13. Capital Management

The Company considers its capital to be shareholders' equity, which is comprised of share capital and deficit, which as at October 31, 2019 totaled \$1,882,008. The Company's capital structure is adjusted based on the funds available to the Company such that it may continue to seek new opportunities. The Board of Directors does not establish quantitative return on capital criteria, but rather relies on the expertise of management and other professionals to sustain future development of the business.

The sources of future funds presently available to the Company are through the sale of equity capital or debt of the Company. The ability of the Company to arrange such financing in the future will depend in part upon the prevailing capital market conditions as well as the business performance of the Company. There can be no assurance that the Company will be successful in its efforts to arrange additional financing, if needed, on terms satisfactory to the Company.

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There was no change to the Company's approach in capital management during the period. The Company is not subject to externally imposed capital restrictions.

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

Notes to Condensed Consolidated Financial Statements

(Unaudited)

14. Share Subscriptions

The Company received \$824,000 in cash as subscriptions for private placement of 3,296,000 units at \$0.25 per unit. The subscriptions were closed on August 12, 2019. Each unit is comprised of one common share and one-half of one common share purchase warrant (each whole warrant, a "Warrant"), with each Warrant exercisable into a common share of the Company at an exercise price of \$0.50 per share for a period of 24 months.

15. Right-of-use Asset

IFRS 16-right-of-use asset recognition (Note 16)	\$24,384
Right -of-use asset at February 1, 2019	\$24,384
Amortization	(9,144)
Balance, October 31, 2019	\$15,240

Right-of-use asset consists of lease for warehouse space amortized over 25 months.

16. Lease Liability

At the commencement date of the leases, the lease liability was measured at the present value of the lease payments that were not paid at that date. The lease payments are discounted using an interest rate of 18% which is the Company's incremental borrowing rate. The continuity of the lease liabilities is presented in the table below:

Balance February 1, 2019	\$24,384
Interest accretion expense	\$3,162
Lease payments made during the period	\$(7,076)
Balance October 31, 2019	\$20,470
As at October 31, 2019	
Less than one year	\$11,921
Greater than one year	\$8,549
Total lease obligation	\$20,470

Cultivar Holdings Inc. (formerly Admiral Bay Resources Inc.)

17. Segment Information

The Company is a holding company whose subsidiary in Jamaica is in the early stage marijuana services and products, and another subsidiary in Canada is in the early development of a CBD product portfolio, as well as development of artificial intelligence powered technology to identify if someone is under the influence of cannabis and to predict substance addiction.

There are no revenues during the periods presented. All assets are located in Canada except for property and equipment for \$9,897 (January 31, 2019 - \$14,106), right of use asset for \$15,240 (January 31, 2019 - \$Nil) and prepaid expenses for \$32,781 (January 31, 2019 - \$26,672) which are located in Jamaica.

18. Subsequent Events

Subsequent to the quarter ended October 31, 2019, the Company commenced trading on the Canadian Securities Exchange ("CSE") using symbol 'CULT'.
