

Predictmedix AI Engages in Partnership with Indian Supplier for Mass Production and Rapid Deployment of Safe Entry Stations

Toronto, Ontario - July 25, 2023— Predictmedix AI Inc. (CSE: PMED) (OTCQB: PMEDF) (FRA:3QP) (the "Company" or "Predictmedix") is pleased to announce that its fully owned Indian subsidiary, Predictmedix India Private Ltd has engaged with a prominent Indian supplier for the mass production of the Company's AI-powered Safe Entry Stations. The prominent supplier has worked with well-known global conglomerates for large scale fabrication, manufacturing, and distribution. This partnership will mark a significant milestone in Predictmedix's mission to provide cutting-edge technologies that enhance public health, safety, and security.

Safe Entry Stations have emerged as vital tools in ensuring public health, safety, and security - facilitating efficient and non-intrusive health screenings in various settings such as workplaces, schools, healthcare facilities, and entertainment venues. Safe Entry employs proprietary artificial intelligence algorithms and multisensory technology to detect various indicators that can help identify potential risks and enhance health, safety, and security protocols.

By partnering with a supplier with extensive manufacturing capabilities, Predictmedix AI aims to meet the growing demand for Safe Entry in Healthcare, ensuring its widespread availability and efficient deployment. The new supplier's ability to rapidly scale production aligns with Predictmedix's commitment to delivering scalable solutions that can be seamlessly integrated into diverse and complex environments.

"We are thrilled to be partnering with our esteemed Indian supplier to accelerate the mass production and deployment of Safe Entry. We are aligning with a supplier that can rapidly deploy thousands of units in a compressed time frame," said Dr. Rahul Kushwah, COO of Predictmedix. "Their state-of-the-art facilities and expertise in manufacturing will play a pivotal role in our efforts to enhance public safety worldwide. This collaboration will enable us to reach a larger audience and make a significant impact in creating safer and more secure environments."

Predictmedix's Safe Entry Stations are user-friendly and efficient, with a streamlined screening process that minimizes disruptions. Safe Entry utilize advanced AI algorithms and multispectral imaging to detect various biological and psychological parameters that provide insight into an individual's current state of health, contributing to the overall health, safety, and security of any organization.

The collaboration between Predictmedix AI and its Indian supplier is expected to yield substantial benefits, including increased production capacity, faster turnaround times, and cost-effectiveness. By leveraging the supplier's expertise, Predictmedix AI aims to make Safe Entry more accessible to organizations of all sizes, contributing to the global effort to establish safer, healthier, and more secure environments.

About Predictmedix AI Inc.

Predictmedix AI Inc. (CSE: PMED) (OTCQB: PMEDF) (FRA:3QP) is an emerging provider of rapid health screening and remote patient care solutions globally. The Company's Safe Entry Stations – powered by a proprietary artificial intelligence (AI) – use multispectral cameras to analyze physiological data patterns and predict a variety of health issues including infectious diseases such as COVID-19, impairment by drugs or alcohol, fatigue, or various mental illnesses. Predictmedix AI's proprietary remote patient care platform empowers medical professionals with a suite of AI-powered tools to improve patient health outcomes.
