

## **Predictmedix AI Announces Milestone of Over 200,000 Individual Scans with AI-Powered Safe Entry Station**

Toronto, Ontario – August 2, 2023– Predictmedix AI Inc. (CSE: PMED) (OTCQB: PMEDF) (FRA:3QP) (the "Company" or "Predictmedix") is pleased to announce a significant milestone, having completed over 200,000 individual scans through its AI-powered Safe Entry Stations covering various vitals such as body temperature, heart rate, respiration rate, body weight, HRV, fatigue, and impairment. This achievement marks a significant advancement in utilizing machine learning to enhance accuracy and efficiency in the healthcare and other industries.

Safe Entry, powered by advanced artificial intelligence algorithms, have played a vital role in providing seamless and secure entry to various public and private establishments. Additionally, these stations have proven instrumental in triage functionality within hospital settings and other environments. The cutting-edge technology rapidly and accurately identifies potential health risks, including symptoms of infectious diseases, ensuring the well-being of individuals and communities.

“The data collected from Safe Entry’s scans has significantly advanced our machine learning capabilities, allowing us to offer more precise and reliable solutions to the healthcare industry. This extensive dataset provides an unprecedented opportunity to gain deeper insights into various health indicators and trends, enabling a more comprehensive understanding of human health. Moreover, this rich data trove serves as a powerful resource for medical research and innovation, allowing experts to explore new avenues for disease prevention, early detection, and personalized healthcare solutions,” commented Dr. Rahul Kushwah, COO of Predictmedix AI.

Predictmedix AI is positioned to play a pivotal role in shaping the future of healthcare in global markets, particularly Indonesia and India. With scalable plans and robust procedures, Predictmedix is prepared for a commercial rollout of Safe Entry. The company’s diverse dataset for Safe Entry encompasses different skin tones, age groups, and genders from various geographic locations. Consequently, the generalized AI models for different vitals are universally applicable across ethnicities.

To address privacy concerns, Predictmedix emphasizes their strong privacy policy, ensuring that no data is stored without subject consent. All data collection is based on explicit consent from individuals.

**About Predictmedix AI Inc.**

Predictmedix AI Inc. (CSE: PMED) (OTCQB: PMEDF) (FRA:3QP) is an emerging provider of rapid health screening and remote patient care solutions globally. The Company's Safe Entry Stations – powered by a proprietary artificial intelligence (AI) – use multispectral cameras to analyze physiological data patterns and predict a variety of health issues including infectious diseases such as COVID-19, impairment by drugs or alcohol, fatigue, or various mental illnesses. Predictmedi AI's proprietary remote patient care platform empowers medical professionals with a suite of AI-powered tools to improve patient health outcomes.
